El Paso Public Library Proposes To Eliminate Late Fees

- Ordinance establishes late fees at the Library
- The present fine is **\$.15 cents/item/day** - Capped out at **\$5.00/item**
- Patrons blocked: **39,506**
- There are **177,116** overdue library items checked out by patrons
- Over the previous 5 years, the average annual revenue collected from these late fees is **\$24,963**

Purpose of Eliminating Late Fees

- Bring back the 39,506 patrons presently blocked
- Make library services and resources more accessible to all El Pasoans
- This change would apply only to late fees
- Fees for damaged/lost materials will still apply
- Patrons *can* still be blocked for overdue items, but they do not accrue financial fines

Practice that has been eliminated in many Library Systems across the County

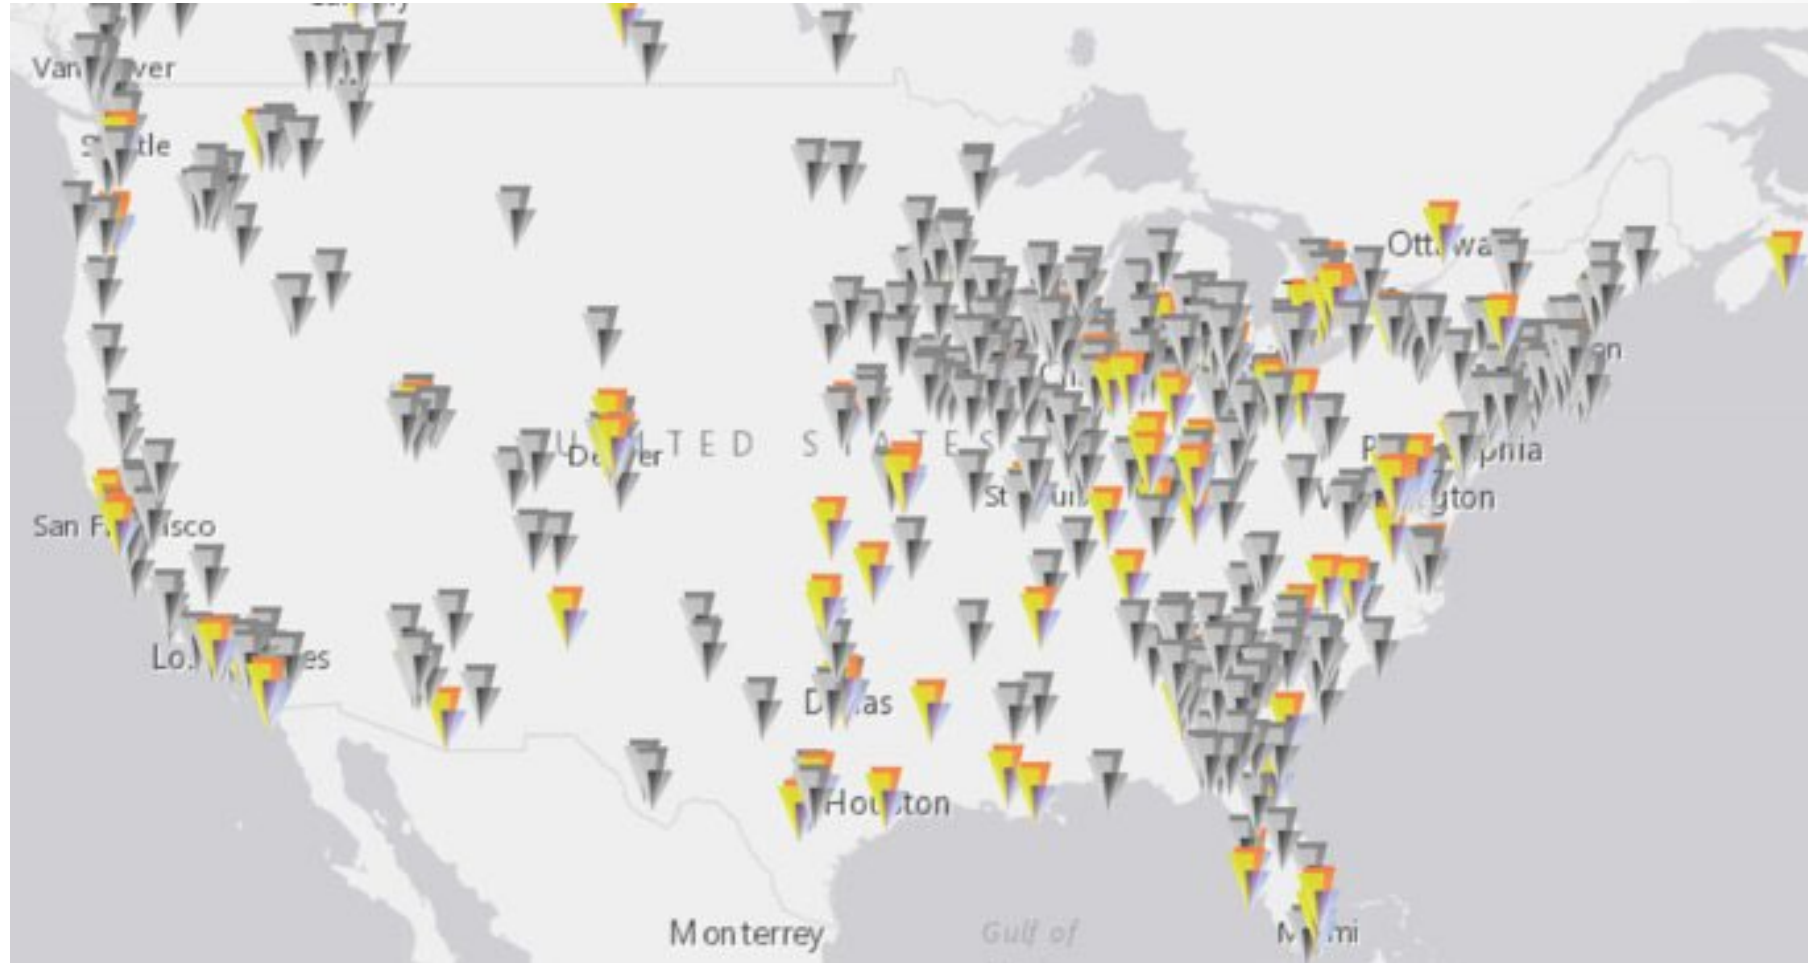

- Research on the topic suggests that late fees have a tendency to cause people to avoid visiting library systems and may influence patrons not to return overdue library items
- Administrative efforts in collecting fines are resource-intensive for libraries, and the revenue collected is minimal compared to the replacement costs of outstanding items
- Libraries that have eliminated late fees have experienced an increase in library usage and a downward trend in lost library materials
- Fines also tend to disproportionately affect financially disadvantaged communities

Results Can Be Surprising

The screenshot shows the Dayton Daily News website. The header includes the site name "Dayton Daily News" with the tagline "Local. In-Depth. Always updated." and a navigation menu with categories like News, Local, Coronavirus, Business, Investigations, Ideas & Voices, Life, Food, Sports, and Obituaries. A search bar and weather information (59°) are also visible. A blue banner below the header reads "Worth knowing. Worth supporting. Subscribe today for 99¢". The main content area features a photograph of a man kneeling in a library aisle, surrounded by bookshelves. A white text box on the left of the image contains the text: "The Dayton library ended late fees. Here's what happened."

“...surprisingly, fewer borrowed materials have become overdue, and borrowers actually have returned more overdue materials than they did in 2017”, officials said.

...(libraries) have little empirical evidence that charging fines results in greater circulation of library materials, or indeed the return of items in a timely manner.
