Subject Property

Figure A: Proposed plat with surrounding area

DESCRIPTION OF REQUEST: The applicant is proposing to subdivide 16.85 acres of vacant land to create 47 single family residential lots. The lots will range in size between 10,375 and 17,490 square feet. The applicant is dedicating 21-feet of right-of-way along Strahan Road to accommodate future infrastructure needs. Drainage will be provided by on-site ponding. Primary access to the subdivision will be from Strahan Road. This application was reviewed under the current subdivision code.

CASE HISTORY/RELATED APPLICATIONS: N/A

EXCEPTIONS, MODIFICATIONS, OR WAIVER REQUESTS: The applicant is requesting the following exception requests pursuant to El Paso City Code Section 19.48.030 (A) – Criteria for approval of the applicable code. The exceptions include the following:

1. To waive the dedication and construction of 6-feet of additional right of way for all local cross-sections with in the proposed subdivision.

EVALUATION OF EXCEPTION REQUEST: The exception request to waive right-of-way improvements meets the criteria set forth in El Paso City Code 19.48.030(A), which allows for exceptions under special circumstances arising from the physical surroundings, shape, topography, or other features affecting the land, such that the strict application of the code would create an unnecessary hardship or inequity for the applicant. In this case, the requested exception is intended to maintain consistency with adjacent developments and exceeds the minimum roadway design requirements. Additionally, the development is not subject to sidewalk requirements; instead, a minimum 5-foot parkway is required. The proposed 9-foot parkway exceeds this minimum standard and is therefore compliant.

NEIGHBORHOOD CHARACTER: Surrounding neighborhood characteristics are identified in the following table.

Surrounding Zoning and Use	
North	Extraterritorial Jurisdiction (ETJ) / Vacant Land

PLAT EXPIRATION: This application will expire on **April 9, 2029**. If the final plat has not been recorded within the specified date, the final plat approval, unless extended in accordance with El Paso City Code Chapter 19.41 (Expiration, extension and reinstatement), shall expire and the applicable plat shall be deemed null and void.

CITY PLAN COMMISSION OPTIONS:

Subdivision

City Plan Commission (CPC) has sole and final authority on subdivision matters. Subdivision applications in conformance with all applicable code provisions shall be approved by the CPC. When a plat is brought forward to the CPC for review, the Commission may take any of the following actions:

1. **Approval:** The CPC finds that the proposed plat is in conformance with all applicable requirements of Title 19 of the El Paso City Code. **(Staff Recommendation)**
2. **Approval with Conditions:** The CPC may impose conditions that bring the proposed plat into conformance with all applicable requirements of Title 19 of the El Paso City Code.
3. **Denial:** The CPC finds that the proposed plat is not in conformance with all applicable requirements of Title 19 of the El Paso City Code.

Waiver, Exception, Modification Request(s)

The approval of waivers from, or exceptions or modifications to any applicable code provision is at the discretion of the CPC, in consideration of any criteria provided by the El Paso City Code for the review of such waivers, exceptions, or modifications. In evaluating the request(s), the CPC may take any of the following actions:

1. **Approval** of the waiver, exception, or modification request(s), finding that the request(s) is in conformance with the relevant review criteria provided by the El Paso City Code, as reflected in the Staff Report. **(Staff Recommendation)**
2. **Partial approval of the waiver, exception, or modification request(s)**, finding that the request(s) is partially in conformance with the relevant review criteria provided by the El Paso City Code.
3. **Denial** of the waiver, exception, or modification request(s), finding that the request(s) does not conform to the review criteria provided by the El Paso City Code, as reflected in the Staff Report.

J24-036

SUBJECT: J24-036 West River Manor Unit I

RE: Request for exceptions to vary from the City's MTP for street cross sections to meet the County's requirements for street sections

Dear Mr. Naranjo,

On behalf of the Owner, we kindly request exceptions to vary from the City's Municipal code as follows:

- According to the El Paso Street Design Manual (SDM) guidelines for construction, Table 4.4 width for Cul-de-sac Streets and Turnarounds for Certain Activities, All proposed Cul-de-sac's should be designed with a cross-section consisting of: fifty-six (56) feet of right of way and thirty-six (36) feet of paved roadway face of curb to face of curb with 5' side walk, and 5-foot parkway including the 6" curb. We are submitting this petition for exception from the requirements of this section in order to meet the County's public works department's requirements for street sections for minor arterials and local streets. The proposed cross section for local streets is proposed at 54' ROW with 36' street face of curb to face of curb with 5' side walk and 3.5' parkway including the 6" curb. We are asking to waive the parkway width from 4.5' to 3.5'.
- Additionally, we are submitting petition for an exception from the City of El Paso's MTP standards for street sections requirements. All the proposed street sections for minor arterials and local streets were designed to meet the County's requirements for street sections to be 54' ROW with 36' street face of curb to face of curb with 5' side walk and 3.5' parkway including the 6" curb. We are asking to waive the parkway width from 4.5' to 3.5'.

We are submitting this letter along with a subdivision application.

Sincerely,
Del Rio Engineering Inc.

Sal Masoud, P.E.
Owner Representative/Project Engineer

APPROVED

1. A large portion of the property area will be in the Flood zone according to the future FEMA maps. Meaning; that according to current maps from FEMA, the property is NOT in the flood zone area, but the property will be in the flood zone area in the near future when new maps become effective. It is recommended to build 1 foot above the preliminary BFE for on the affected lots.
2. Verify if North arrows are incorrectly pointing Easterly.
3. Coordinate and obtain approval from Water Improvement District #1 for proposed development.
4. Verify if any irrigation easements are required.
5. Provide print-out of the mathematical closure of the exterior boundary of the subdivision indicating the error of closure.

Parks and Recreation Department

Please note that this is a Residential subdivision composed of 47 lots located with-in the City of El Paso Extra Territorial Jurisdiction (ETJ) area and with-in the area of potential annexation by the city as identified in the official map, thus subject to the calculation for "Parkland / fees" as required per ordinance Title 19 – Subdivision & Development Plats, **Chapter 19.20 - Parks & Open Space** as noted below:

Section 19.20.020 - Dedication Required

- A. **Dedication Required.** All subdivisions located within the corporate limits of the City of El Paso and within those areas designated in the City's extra territorial jurisdiction (ETJ), as identified on an official map kept in the Development Services Department.

Also, please note that subdivisions within the ETJ do not have a district designation, however, per **Plat Notes & Restrictions** applicant is proposing one single-family dwelling unit per lot; **If** gross density waiver is granted by the Planning Department or designee and covenants are provided restricting the use to residential and the number of units to only one per lot, then applicant shall be required to pay "Park fees" in the amount of **\$64,390.00** based on the following calculations:

47 Single-family dwelling units @ rate of \$1,370.00 per unit = \$64,390.00

Please allocate generated funds under Park Zone: **NW-14**

Nearest Park: **Inca Dove Park**

Traffic & Transportation Engineering

- No objections to application
- Approved exceptions waiver letter

Street Lights Department

Do not object to this request.

The lot is out of the City of El Paso limits. The property is within ETJ (Extraterritorial Jurisdiction)

For the development of the subdivision anything that will be maintained by the City of El Paso needs to follow the standards on the Street Design Manual (SDM) and the Design Standards for Construction (DSC) according to City of El Paso Code (cited below).

City of El Paso Codes to be followed:

*Title 19 - 19.16.010 - Streetlighting.

**18.18.190 – Submission contents.

*** 19.02.040 Criteria for approval.

Contract Management

- Indicate that any infrastructure located within the city right-of-way or within the city's five-mile Extra-Territorial Jurisdiction (ETJ) must comply with the Design Standards for Construction and the Municipal Code.
- For new asphalt areas, verify that proper subgrade preparation is completed and that minimum compaction standards are achieved.
- Any new or existing manhole, water valve, and gas valve shall be raised to the new paving level and added an apron.
- When installing sidewalks, ensure compliance with Municipal Code Chapter 19.21 governing sidewalks and Chapter 13.04.020 specifying sidewalk standards.
- Provide detailed information on curbs and gutters, curb ramps, and sidewalks in compliance with DSC standards.

El Paso Water

Engineering

EPWater-PSB does not object to this request.

The subject property is located within the Westside Impact Fee Service Area. Impact fees will be assessed and collected at the time the El Paso Water receives an application for water and sanitary sewer services.

Water:

There is an existing 36-inch diameter water main extending along Strahan Road. No direct service connections are allowed to this main as per the El Paso Water - Public Service Board Rules & Regulations.

There is an existing 12-inch diameter water main located along the west side of Strahan Road approximately 5-feet east of the right-of way centerline. This main dead ends approximately 960-feet south of property. The extension of this main along Strahan Road covering the entire frontage, will be required.

Sanitary Sewer:

There is an existing 24-inch diameter sanitary sewer interceptor that extends along Strahan Road approximately 15-feet east of the west right-of-way line. No direct service connections are allowed to this interceptor as per the El Paso Water - Public Service Board Rules & Regulations. This sanitary sewer main is available for main extensions.

General:

Water and sanitary sewer main extensions will be required to provide service. Water main shall be extended creating a looped system. Main extension costs are the responsibility of the owner.

An application for water and sanitary sewer services should be submitted 6 to 8 weeks prior to the start of construction, to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWater – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Stormwater Engineering

1. At the improvement plan stage, provide protection to the subdivision from all offsite storm water runoff that may have an adverse impact on any improvements and convey the existing watercourse through the subdivision.
2. On the preliminary plat, show and label the proposed pond location within the lot. Any proposed ponding area shall have enough capacity to hold the developed runoff for a designed 100-yr storm event. Required capacity has been annotated in engineering report.
3. For Residential lots which require on-site ponding, place this note on the Filing & Preliminary Plats: “On-site ponding of all storm-water runoff discharge volume is required within each subdivided lot and shall comply with all provisions of the Municipal Code Section 19.19.010, DSC panel 1-4C-J, and DDM #11.1

Texas Gas

Texas Gas Service has an existing 2” PE main line that runs parallel along east ROW line of Strahan Rd.

If additional 21’ of ROW will lead to a roadway expansion for Strahan Rd, please contact Texas Gas Service for a potential main line relocation.

El Paso Electric

Please change the RAE to a Utility Easement, along Strahan Rd.

El Paso County 911 District

Traveling down a road with multiple address ranges can be confusing for responders. Please maintain one address range/schema on Winding River. Attached is an example.

El Paso County Water Improvement District #1

Please submit an application, \$1,500 application fee and three irrigable land exhibits to the office located at 13247 Alameda in Clint, Texas.

Fire Department

No adverse comments.

El Paso Central Appraisal

There are no comments for West River Manor #1 from Central Appraisal.

El Paso County**Preliminary Plat:**

- Preliminary Plat should show same notes and corrections as Final Plat

Final Plat:

- ETJ status describes the subdivision as being “adjoining to the corporate limit of the City of El Paso on the South”, however even though the subdivision is relatively close to the city limits of El Paso, it is still no closer than ½ mile to it.
- Label width and boundary of proposed Restricted Access Easement.

- FEMA panel number listed on plat face Plat Notes and Restrictions does not match the panel number listed on Engineering Report. Verify and correct this.

Engineering Report :

- Include cost per lot
- Quantities for sewer and water systems need to be consistent with those shown on submittal for review to County.

Regarding exception request from City's Municipal Code: We met with our Planning and Development Director and after further evaluation and consideration and due to the advanced design stage of this project we have decided to provide our support for the Variance as submitted.
