## I AM..

A confident woman that loves to empower and inspire. I believe that mental and physical health are some of the most important aspects in life. I want the opportunity to represent the cycling community. Life is like riding a bike you must find a balance to maintain. I believe in the power of cycling as it has transformed my life; it's so crucial to keep pedaling when going uphill. I know firsthand how a bicycle can provide independence and push oneself to the limit. In my journey cycling has allowed me to discover freedom that comes with pushing yourself to the limit, and the transformation has been incredible. I know it is my purpose to lead with intention. I have been able to adventure the country through this beautiful sport. On average I road bike 50 miles a week all year long. I am a proud member of the EP Cyclists group and have been since 2017. I have been blessed with the opportunity to travel for leisure; my most memorable rides have been in state of California and New York. I was born and raised in El Paso, Texas and it would be an honor to serve the community. It's been amazing to see the city grow, but the bike lanes are lacking infrastructure. Consequently, we need to recognize and take action to keep bicyclist safe. I want people to feel secure on the roads and eliminate accidents.
