**A PORTION OF LOTS 14 AND 15, BLOCK 3, UNIT 5, EL PASO INTERNATIONAL AIRPORT TRACTS
REPLAT OF UNIT 5, EL PASO COUNTY, TEXAS**

The easement is as depicted in Exhibit "A" |

With the right to trim any trees and flora around said electrical facilities so as to keep the electrical facilities cleared and to do anything proper and necessary to operate and maintain same.

This easement shall be for the term of Grantee's franchise and any extension and renewal thereof by the Grantor. In accepting this easement, Grantee agrees that Grantor shall have the power at any time to require Grantee to remove and abate, at Grantee's expense, any installation or structure that is dangerous to life or property and that Grantor shall have the power at any time to require Grantee to change the route and position of its poles, lines, conduits or other construction at Grantee's expense when the El Paso City Council (the "City Council") shall find, by resolution, that such change is necessary in the closing, opening or relocation of streets or alleys, or water or sewer lines, the changing of grade of streets or alleys, the construction and maintenance of public improvements, the construction of private buildings, the construction or use of driveways or under other conditions which the City Council shall find necessary. Provided, however, that Grantee shall be entitled to be paid for its costs and expense of any relocation, raising or lowering of its wires or cables required by Grantor if such expenses or costs are reimbursable or payable to Grantee or Grantor by the State of Texas, the United States, or any agency or subdivision of either whether directly or indirectly. Grantor shall use its best reasonable efforts to consult and confer with Grantee before requiring any such relocation or raising or lowering of its lines or cables, with a view to accomplishing the result reasonably and economically.

In accepting this grant, Grantee agrees that it will replace or repair, as reasonable, landscaping and paving if disturbed by Grantee's construction, maintenance or repairs of or to its facilities in and upon such

easement. Grantee shall promptly restore to as good condition as before working thereon, and to the reasonable satisfaction of the Grantor all streets excavated by it. Grantee may, from time to time and as may be required by prudent utility practices in connection with the construction, maintenance, or repair of its facilities, restrict access to or interfere with the use of Grantor's structures(s) or tangible personal property located on or in the vicinity of the easement. In such event, Grantee shall endeavor to provide Grantor reasonable written notice of any such restriction or interference and shall use commercially reasonable efforts to coordinate its activities with Grantor so as to minimize the duration and extent of such restriction or interference. The preceding sentence notwithstanding, certain events or circumstances may occur or arise that require Grantee to take immediate action to address imminent public safety concerns, the integrity of Grantee's facilities or system, or the reliability of service provided by Grantee. Under such or similar exigencies, Grantee shall provide Grantor notice of any restrictions or interference as soon as reasonably practicable, and shall use commercially reasonable efforts to minimize the duration and extent of such restriction or interference. Grantee agrees to call for utility spotting by a third party prior to any excavation by Grantee in the easement.

Grantor reserves the right to full use and enjoyment of said property except for the purposes herein granted. Grantor agrees not to erect permanent structures or obstruct access in, over, or under Grantee's facilities.

Grantor will not be held responsible for any damage to Grantee's underground facilities from excessive erosion due to flood run-off.

Should Grantee abandon the easement, then the easement hereinabove described shall revert to Grantor or its successors and assigns. Such abandonment shall be conclusively presumed following non-use by the Grantee for one year and with use not being resumed within sixty (60) days following receipt of notice of abandonment from Grantor to Grantee, and on such abandonment, Grantee will then execute any and all necessary documents to evidence such abandonment.

Grantee shall maintain the surface over the length and width of the easement to the satisfaction, as reasonable, of Grantor and in accordance with all applicable laws, ordinances, regulations, and City Code provisions.
