0 105 210 420 630 840 Feet

Figure A: Proposed plat with surrounding area

**DESCRIPTION OF REQUEST:** The applicant is proposing to subdivide 63.38 acres of vacant land to create 2 commercial lots. Lots will vary in size from 7.70 acres to 55.68 acres in size. Stormwater drainage will be managed by on-site ponding. The proposed subdivision will have access through Pebble Hills and Joe Battle Blvd. This application is being reviewed under the current Subdivision Code.

**CASE HISTORY/RELATED APPLICATIONS:** N/A

**NEIGHBORHOOD CHARACTER:** Surrounding neighborhood characteristics are identified in the following table.

| Surrounding Zoning and Use           |                                                                                                                                                              |
|--------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------|
| North                                | C-2/c (Commercial/conditions), C-4 (Commercial) & R-5/sc/sp (Residential/special contract/special permit) / Commercial and Residential development.          |
| South                                | R-5/sc (Residential/special contract), A-2/sc (Apartment/special contract), & C-4/sc (Commercial/special contract) / Commercial and Residential development. |
| East                                 | C-4/c (Commercial/conditions) & C-3/sc (Commercial/special contract) / Vacant Land and Commercial development.                                               |
| West                                 | Q (Quarry District) / Vacant Land                                                                                                                            |
| Nearest Public Facility and Distance |                                                                                                                                                              |
| Park                                 | Carlos Bombach (0.44 mi.)                                                                                                                                    |
| School                               | Elfida Chavez Elementary (0.53 mi.)                                                                                                                          |
| Plan El Paso Designation             |                                                                                                                                                              |
| G-7, Industrial and/or Railyards     |                                                                                                                                                              |
| Impact Fee Service Area              |                                                                                                                                                              |
| N/A                                  |                                                                                                                                                              |

**PUBLIC COMMENT:** N/A

**PLAT EXPIRATION:** This application will expire on **July 16, 2029**. If the final plat has not been recorded within the specified date, the final plat approval, unless extended in accordance with El Paso City Code Chapter 19.41 (Expiration, extension and reinstatement), shall expire and the applicable plat shall be deemed null and void.

#### **CITY PLAN COMMISSION OPTIONS:**

##### Subdivision

City Plan Commission (CPC) has sole and final authority on subdivision matters. Subdivision applications in conformance with all applicable code provisions shall be approved by the CPC. When a plat is brought forward to the CPC for review, the Commission may take any of the following actions:

1. **Approval:** The CPC finds that the proposed plat is in conformance with all applicable requirements of Title 19 of the El Paso City Code.
2. **Approval with Conditions:** The CPC may impose conditions that bring the proposed plat into conformance with all applicable requirements of Title 19 of the El Paso City Code. **(Staff Recommendation)**
3. **Denial:** The CPC finds that the proposed plat is not in conformance with all applicable requirements of Title 19 of the El Paso City Code.

# **ATTACHMENT 5**

## **Planning and Inspections Department- Planning Division**

Developer / Engineer shall address the following comments:

1. Submit to the Planning & Inspections Department – Planning Division the following prior to recording of the subdivision:
  - a. Current certificate tax certificate(s)
  - b. Release of access document, if applicable.
  - c. Set of restrictive covenants
2. Coordinate with TXDOT to have access to subdivision from Joe Battle Blvd.
3. Update application to reflect two commercial lots as stated in the plat.
4. That a Traffic impact Analysis (TIA) be approved by streets and maintenance prior to recordation of final plat.
5. That a rezoning of a portion of the proposed subdivision be approved by City Council prior to recordation of the final plat. As per City Code Ordinance 20.06.080 – Compliance with district standards and use regulations – All property within the corporate limits shall be located within one of the zoning districts.

## **Planning and Inspections Department- Land Development Division**

Approved

1. Provide all lot lines by bearing and distances, including individual lot widths.
2. As per section Code 19.08.010, section D, all drainage structures and ponding areas serving the subdivision are constructed as part of the initial phase of the development.
3. The proposed ponding area(s) shall have enough capacity to hold the developed runoff for a designated 100-yr. storm event.
4. Label landscape along respective parkway on all major arterial typical cross sections.
5. Provide print-out of the mathematical closure of the exterior boundary of the subdivision indicating the error of closure.

## **Parks and Recreation Department**

Please note that this subdivision is zoned C-4 meeting the requirements for non-residential uses (General commercial) as well as for Residential dwellings use (multi-family) with a minimum lot area of 750 sq. ft. per dwelling therefore, "Park fees" will be assessed based on the following:

1. Applicant is proposing a non-residential use, covenants need to be provided restricting all residential uses and if gross density waiver is granted by the City Manager of the Planning Department designee, then Applicant shall be required to pay parkland dedication fees at a rate of **\$1,000.00** per acre or portion, for a total amount of **\$63,370.00**, calculated as follows:

**63.38 acres non-residential @ rate of \$1000 per acre = \$63,380.00**

Please allocate generated funds under Park Zone: **E-5**

Nearest Park: **Dick Shinaut Park**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

## **Streets and Maintenance Department**

### **Traffic & Transportation Engineering**

- Per city ordinance 19.18.010.B.1.b: A traffic impact analysis (TIA), in adherence to standards contained within this title and City of El Paso approved guidelines, shall be required under the following criteria:
  - b.) If a development project will generate more than one hundred peak hours trips.
- A TIA is required, and scope meeting to be scheduled. No TIA was attached

to application.

- Application does not detail number of sites on the proposed development lots.

### **Street Lights**

Do not object to this request.

Pebble Hills Blvd. is part of the Major Thoroughfare Plan of the City of El Paso.

Joe Battle Blvd. (Loop 375) is a Texas Department of Transportation (TXDoT) right-of-way (ROW).

Street Lights Department requires that all projects that involve a roadway are to be evaluated for lighting requirements based on the City of El Paso Street Design Manual (SDM) and the Design Standards for Construction (DSC) according to City of El Paso Codes (cited below). While developing a project or construction area the existing street illumination system shall be protected and preserved. Complete survey for street illumination system shall be shown on plans. Any change on existing street illumination systems shall be coordinated with Street Lights Department.

For the development of a subdivision a complete set of plans shall be submitted to Street Lights Department for review showing the minimum requirements for street illumination proposals\*\*. The submission shall contain but shall not necessarily be limited to plans indicating the location on the premises of all lighting fixtures, both proposed and existing on the site\*\*\*. The description of all lighting fixtures, both proposed and existing. Photometric data. Plans shall show street illumination design and details. El Paso city code is applicable to this process, Street Design Manual (SDM)\* and any other applicable standards or requirements of the city.

City of El Paso Codes to be followed:

\*Title 19 - 19.16.010 - Streetlighting.

\*\*18.18.190 – Submission contents.

\*\*\* 19.02.040 Criteria for approval.

### **Contract Management**

- No objection to application.
- For future development, a complete set of improvement plan shall be submitted for review

#### **General Notes**

- Indicate that any proposed infrastructure improvements located within the city right-of-way must follow the design standards for construction (DSC), in accordance with its municipal code.

Indicate that any damage to existing infrastructure caused by the development of this project must be restore to its original or better condition.

### **El Paso Water**

#### **Stormwater Engineering**

1. At the improvement plan stage, provide protection to the subdivision from all offsite storm water runoff that may have an adverse impact on any improvements and convey the existing watercourse through the subdivision.
2. The proposed ponding areas shall have enough capacity to hold the developed runoff for a designated 100-yr. storm event.
  - a. Revise pond storage computations and configuration: Provided capacity exceeds the required capacity but individually, the contributing watersheds exceed the assigned pond capacity e.g. Pond 2 receives Watershed 2 and F but, watershed F on its own exceeds the capacity of the pond.
3. Refer to City of El Paso *Design Standards for Construction* for details on requirements for stormwater basin design.

4. The subdivision receives water runoff from TxDOT. Coordination for maintenance and operation of stormwater facility requirements from TxDOT are the responsibility of the applicant.

**Texas Gas**

Texas Gas Services does not have any comments at this time. We do have existing mains in close proximity to this resubdivision combination application, Cantera Commercial Center 1.

**El Paso Electric**

We are requesting a 12' wide easement along Pebble Hills Blvd.

**El Paso Central Appraisal District**

There are no comments for Cantera Commercial Center 1 from Central Appraisal.

**El Paso County 911 District**

No comments received.

**Texas Department of Transportation**
