

7-25-25

While I (Lucy H. M.) was in the concession area I observed Roberto asking Jose what he wanted. Jose said "put some music on" Robert did what was asked, Mexican music started playing. Theresa seemed to have been upset that Spanish music started playing she turned towards Robert and said "I'm tired of this Fing music see if you can find some American music" I (Lucy M.) started walking away from Concession area but still observed Theresa upset.
