Public Service Board Selection Committee  
El Paso Water  
1154 Hawkins  
El Paso, TX 79925

Dear Public Service Board (PSB) Selection Committee:

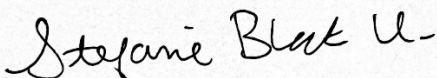

In 2013, I returned to El Paso to be with family and play a role in the revitalization and sustainable development of my hometown. Since then, I have devoted myself to making El Paso better through community service and advocacy. Building on my experience in international outreach and education at Columbia University (NY) and the United Nations (Chile), and my background in customer service and project management as a Principal at Pearl Properties, I've been able to accomplish significant achievement for my community, including the construction of Thunderbird Playground at the Jan Sumrall Trailhead and supporting the growth and renovation of The Cherry Hill School, a certified project based learning school. At El Paso Water, I've made meaningful progress in the following areas in cooperation with fellow board members and staff:

- Increasing transparency and accessibility in key areas, such as reforms to the process for contacting the PSB and the annual budgeting process for rate-setting;
- Promoting public engagement and understanding of EP Water via common-sense reforms such as introducing executive briefings to meetings and moving public comments to the start of sessions;
- Working with the Communications Committee to support a culturally competent public information campaign focused on conservation, storm water flood prevention, and El Paso Water's responsible stewardship of our most important natural resource.
- Helping streamline the application and rebate process for commercial conservation incentives, increasing their accessibility for small businesses;
- Participating in the Citizen's Academy to broaden my understanding of EP Water's complex operations and the health measures in place, provide feedback to staff, and support participants' development into effective consumer advocates.

El Paso Water is an extremely complex organization, and it took time to gain the requisite understanding to become an effective board member. I am now confident in my knowledge and ability, and am uniquely qualified to serve as Citizen Advocate because of my background in outreach, entrepreneurship and customer service. I would be grateful for the opportunity to continue serving my community by supporting El Paso Water's commitment to ongoing improvement in the areas of openness and accountability; clean, safe and sustainable water resources; affordability; and strong health, safety and environmental protections.

Thank you for your consideration.

Kind regards,

Stefanie Block Uribarri

November 10, 2025

Dear Edith Lara,

This letter is to accompany my resume for application to the Public Service Board. I hold a Master of Business Administration (MBA) and am a Certified Project Management Profession (PMP). Currently I work as a Project Manager, as well as an instructor in Project Management at the University of Texas at El Paso (UTEP).

My public service experience includes two terms as a member of the Civil Service Commission, during which I had the privilege of serving as both Board Secretary and Board Chair. I have extensive experience in nonprofit governance, having completed eight years of service on the El Paso Children's Hospital Board, concluding my tenure in March of 2024. Currently, I serve as a board member for the BorderRac, a board member for both the El Paso Children's Hospital Foundation and the UMC Foundation, and I am proud to hold the position of President of the Texas Perinatal Association.

I have been pleased to call El Paso my home for the last fourteen years and am committed to the growth and well-being of our community. Joining the Public Service Board would be an honor, allowing me to leverage my experience in public service, nonprofit governance, and leadership to make a meaningful impact.

Sincerely,

Amy Ross, PMP

Public Service Board Selection Committee

Dear Members of the Selection Committee,

My professional career reflects my dedication to the principles of accountability, transparency, and service. I believe my experiences uniquely positions me to contribute to the Public Service Board. It is with great respect for the mission of El Paso Water Utilities Public Service Board (PSB) that I submit my letter of interest to serve as a member of the Public Service Board in the area of Consumer or Citizen Advocacy.

Having devoted more than four decades of my career to public service—as United States Attorney for the Western District of Texas, District Attorney for the 34th Judicial District, and in various leadership roles across the justice system—I am eager to continue contributing my experience, judgment, and commitment to the community I have called home for my entire professional life.

El Paso Water Utilities is central to the health, resilience, and economic vitality of our community and its stewardship requires leaders who understand governance, complex organizational management, and the importance of long-term planning. My background in leading large public institutions, building coalitions, and introducing innovative approaches to systemic challenges will allow me to add value to the PSB in areas such as oversight, community trust, and accountability.

I was appointed by President Joseph R. Biden and confirmed by the United States Senate as United States Attorney for the Western District of Texas to oversee one of the largest and most complex federal jurisdictions in the nation. I directed

more than 14,000 federal prosecutions and over 9,000 civil cases across 68 counties, with a focus on public safety, accountability, and community trust. Prior to that, I served seven terms as District Attorney for El Paso, Hudspeth, and Culberson Counties (1993–2020), managing an office of nearly 200 attorneys and staff. In this capacity, I built innovative programs such as the nationally recognized 24-Hour Domestic Violence Contact Initiative and the Border Prosecution Unit, fostering collaboration with local, state, and federal partners to ensure justice and protect victims.

Beyond the courtroom, I have served in leadership roles with nonprofit organizations such as the Texas Council on Family Violence, the Advocacy Center for the Children of El Paso, and the Center Against Sexual Assault and Family Violence.

I believe these experiences uniquely position me to contribute to the Public Service Board. El Paso Water Utilities is central to the health, resilience, and economic vitality of our community and its stewardship requires leaders who understand governance, complex organizational management, and the importance of long-term planning. My background in leading large public institutions, building coalitions, and introducing innovative approaches to systemic challenges will allow me to add value to the PSB in areas such as oversight, community trust, and accountability.

Most importantly, my career has been rooted in service to the people of El Paso. I understand the weight of responsibility that comes with representing the public's interest, and I would be honored to bring this perspective to El Paso Water's mission of ensuring reliable and sustainable water services for future generations.

Thank you for your consideration.

Sincerely,

/s/
