Attention: Alonso Hernandez

Re: Upper Valley Ranch Unit Two

Dear Alonso,

As per your request, we are submitting a Request for Exception per Section 19.48 due to the requirements listed in Chapter 19:

- To allow street ROW from 51' to 54' with 34' of pavement.
- To allow Block 2 to exceed maximum block length and perimeter.

Thus, per section 19.48, we are meeting the following conditions.

1. There are special circumstances or conditions arising from the physical surroundings, shape, topography or other feature affecting the land such that the strict application of the provisions of this title to the proposed use would create an unnecessary hardship or inequity upon or for the applicant, as distinguished from a mere inconvenience, in developing the land or deprive the applicant of the reasonable and beneficial use of the land;
2. The circumstances causing the hardship do not similarly affect all or most properties in the vicinity of the applicant's land;
3. The waiver exception is necessary for the preservation and enjoyment of a substantial property right of the applicant;
4. Granting the waiver or exception will not be detrimental to the public health, safety or welfare, or injurious to other property within the area;
5. Granting the waiver or exception will not have the effect of preventing the orderly use and enjoyment of other land within the area in accordance with the provisions of this title, or adversely affect the rights of owners or residents of surrounding property;
6. The hardship or inequity is not caused wholly or in substantial part by the applicant;
7. The request for a waiver or exception is not based exclusively on the applicants desire for increased financial gain from property, or to reduce an existing financial hardship; and
8. The degree of variation requested is the minimum amount necessary to meet the needs of applicant and to satisfy the standards in the title.

If you have any questions or comments on the above please let me know. Thank you for your time and consideration in this matter.

Sincerely,

Conrad Code

Please note that this is a Residential subdivision composed of **73** single-family dwelling units. Subdivision is located with-in the City of El Paso Extra Territorial Jurisdiction (ETJ) area and with-in the Northwest area of potential annexation by the City as identified in the official map, thus subject to the calculation for "Parkland / fees" as required per ordinance Title 19 – Subdivision & Development Plats, **Chapter 19.20 - Parks & Open Space** as noted below:

Section 19.20.020 - Dedication Required

- A. **Dedication Required.** All subdivisions located within the corporate limits of the City of El Paso and within those areas designated in the City's extra territorial jurisdiction (ETJ), as identified on an official map kept in the Development Services Department.
 1. Applicant is proposing **73** Single-family dwelling units, then covenants need to be provided restricting the number of dwelling units and if gross density waiver is granted by the City Manager or the Planning Department designee, then "Park fees" will be assessed at a rate of **\$1,370.00** per dwelling unit, calculated as follows:
73 single-family dwelling units @ rate of **\$1,370** per unit = **\$100,010.00**

Please allocate generated funds under Park Zone: **NW-14**

Nearest Park: **Inca Dove Park**
