RESOLUTION

23-1822/Aviation/TRAN -506601/Air Service Development Incentive Program (add FIS) 2023 - Resolution/IRT

El Paso International Air Service Incentive Plan

The purpose of the Air Service Development Incentive Program is to encourage new non-stop air service and competition at El Paso International Airport (ELP) by providing temporary financial relief to an airline beginning a new non-stop commercial passenger service to a destination. The incentive program is also an effort to stimulate the growth of airline service to and from ELP by promoting the establishment of new non-stop routes. This incentive program will be in effect for three years, starting December 12, 2023.

- All commercial airlines will be made aware of the program and encouraged to offer new air services.
- Incentives shall be administered so as not to increase the charges of any non-participating air carrier.
- Incentives shall be offered on a reasonable, nondiscriminatory basis to all airlines. A waiver of any fee shall apply only to the flights providing the qualifying service.

¹The carrier is not required to be a signatory and will pay non-signatory rates; however, if the carrier is a signatory, signatory rates will apply.

²All media plans and other marketing plans must have prior written approval by the Director of Aviation to qualify for the identified participation. Payment for marketing activities will be sent directly to the media source, not the airline. Payment will be made to the media source following completion of the approved media plan or marketing plan services or goods and receipt of an invoice by the Director of Aviation. Media incentives shall be instituted in such a manner that in addition to promoting new services, airlines shall also promote ELP. At a minimum, the airport logo will be included in any advertisements.
