## CITY COUNCIL

### **RE: Request to amend 2025 Major Thoroughfare Plan**

#### **District 1**

Alejandra Chávez

Members of the City Plan Commission,

#### **District 2**

Dr. Josh Acevedo

The City of El Paso has received requests to amend the 2025 Proposed Thoroughfare System as follows:

#### **District 3**

Deanna M. Rocha

#### **District 4**

Cynthia Boyar Trejo

- Downgrade Gomez Road from West terminus to Upper Valley Road to allow for traffic calming.

#### **District 5**

Ivan Niño

- Delete the extension of Ninth Street from Frank Ave to La Mesa through the Outlet Shoppes

#### **District 6**

Art Fierro

- Delete the proposed collector connection from Horizon Blvd to I-10 that runs through the Desert Wind Pk-8 Campus to reflect existing built conditions.

#### **District 7**

Lily Limón

The requested change for Gomez Road is associated with an application for the Neighborhood Traffic Management Program. The neighborhood's request for traffic calming currently does not qualify because of the road's classification as a Major Arterial. Surrounding development is low-density residential. The Streets and Maintenance Department conducted a study that found Gomez Road an appropriate candidate for traffic calming. Approval of this amendment will qualify Gomez Road for Traffic Calming.

#### **District 8**

Chris Canales

The requested deletions are to reflect development plans and are associated with the construction of commercial development to the west of the Outlet Shoppes at El Paso Development, and residential development in the ETJ. Approval of these amendments will align with the Master Plans and existing built conditions.

No objections were received from reviewing departments. Staff has no objections to the requested amendments.
