Narrative Information

Introduction

The purpose of this program is to provide services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process. Services may include the following:

- responding to the emotional and physical needs of crime victims;
- assisting victims in stabilizing their lives after a victimization;
- assisting victims to understand and participate in the criminal justice system; and
- providing victims with safety and security.

Program-Specific Questions

Culturally Competent Victim Restoration

Victim service providers must have the ability to blend cultural knowledge and sensitivity with victim restoration skills for a more effective and culturally appropriate recovery process. Cultural competency occurs when: (1) cultural knowledge, awareness and sensitivity are integrated into action and policy; (2) the service is relevant to the needs of the community and provided by trained staff, board members, and management; and (3) an advocate or organization recognizes each client is different with different needs, feelings, ideas and barriers.

Provide information in this section regarding how your organization is culturally competent when providing services to victims.

The El Paso Police Department (EPPD) is culturally competent when providing services to victims. EPPD provides training courses to its employees, which include, but are not limited to topics such as; victim awareness and sensitivity, cultural norms, crisis intervention, cultural diversity, racial profiling, sexual harassment/awareness, ethics, and customer service etiquette. Services are provided with a victim-centered approach, focusing on the victim through empowerment by responding to their needs and rendered in the most respectful and compassionate manner possible, and by supporting them through the criminal justice process. Furthermore, all of these services will be rendered in the most respectful and compassionate manner possible. The Victim Services Response Team (VSRT) case managers are extremely knowledgeable and well trained in handling domestic violence cases. The case managers received extensive training through the National Organization for Victim Assistance (NOVA) and are nationally certified as Credentialed Advocates through the National Advocate Credentialing Program (NACP). The case managers also attend a variety of trainings throughout the year (Non Violent Crisis Intervention, Violence against Women, Helping Survivors of Multiple Victimization, and Human Trafficking Awareness/Prevention). It is the El Paso Police Department's Discrimination Policy to provide service to all victims regardless of age, health, race, ethnicity, sex, sexual orientation, or cultural differences, and language barriers. Cultural differences and language are important aspects given the high percentage of the Hispanic population in the City of El Paso. The case managers provide excellent services with an understanding of the many beliefs and behaviors of the different cultural population. The EPPD consistently addresses the needs of the community through networking with multiple agencies (District Attorney's Office, County Attorney's Office-Protective Order Unit, Center Against Sexual and Family Violence (CASFV), Texas Rio Grande Legal Aid-Divorce and custody issues, Legal Aid, and the Diocesan Migrant and Refugee Services). The information shared is used to focus on problem areas to provide outreach for victims of crime.

Culturally Specific and Underserved Populations

Following are relevant definitions needed to answer this question.

- Underserved populations means populations who face barriers in accessing and using victim services, and includes populations underserved because of geographic location, religion, sexual orientation, gender identity, underserved racial and ethnic populations, populations underserved because of special needs (such as language barriers, disabilities, alienage status, or age), and any other population determined to be underserved by the Attorney General or by the Secretary of Health and Human Services, as appropriate.
- Culturally specific means the program is primarily directed toward racial and ethnic minority groups (as defined in section 1707(g) of the Public Health Service Act (42 U.S.C. 300u-6(g)).
- Racial and ethnic minority group means American Indians (including Alaska Natives, Eskimos, and Aleuts); Asian Americans; Native Hawaiians and other Pacific Islanders; Blacks; and Hispanics.
- Hispanic means individuals whose origin is Mexican, Puerto Rican, Cuban, Central or South American, or any other Spanish-speaking country.

Does your program have a primary focus on serving a culturally specific population? (The organization must do more than merely provide services to an underserved population or culturally specific group; rather, the organization's primary focus must be on providing culturally competent services designed to meet the specific needs of the target population in order to justify a YES response in the section below.)

Yes

No

If you answered '**YES**' above, you must explain in the box below how your organization's program is specifically designed to focus on and meet the needs of culturally specific populations. If this item does not apply enter '**N/A**'.

Project Abstract :

The El Paso Police Department is the largest local law enforcement agency responsible for providing services to the City of El Paso population. Funding from the General Victim Assistance (GVA) will go towards funding the Victim Services Response Team (VSRT), which consists of six case managers, three of whom are Credentialed

Advocates. They are nationally certified by the National Organization for Victim Assistance (NOVA) based on the National Advocate Credentialing Program (NACP) standards. In addition, VSRT case managers attend various trainings throughout the year, including; Non-Violent Crisis intervention, Helping Survivors of Multiple Victimization, and Human Trafficking Awareness/Prevention, to name a few. The El Paso Police Department further provides training courses to its police officers and civilian employees, including the VSRT case managers, and the trainings consist of but are not limited to; victim awareness and sensitivity, cultural norms, crisis intervention, cultural diversity, racial profiling, sexual harassment/awareness, ethics, and customer service etiquette. As a result, the VSRT case managers are highly knowledgeable and well-trained in providing services to victims of crime. The VSRT case managers' priority is to assist victims of all crimes. EPPD recognizes immediate intervention from case managers is essential to the healing process of a victim. Many victims of domestic violence are unaware they are involved in a cycle of violence and are unsure of how to break it. The VSRT case managers work in partnership with the Domestic Violence Police Officer (DVO) in conducting follow-ups to family violence cases, delivering protective orders, or addressing repeat assaults to address recidivism proactively. The VSRT case managers and the DVO respond directly to crime scenes to assist patrol officers in actively investigating domestic violence cases or other crimes. The VSRT case managers and DVO work as a team to contact victims of crime via telephone, home visits, and walk-ins at one of the five Regional Command Center locations, including police headquarters. The DVO also assists by helping victims with documenting a report, working up warrants and/or protective orders on offenders, take photographs of victim's injuries, help complete Texas Crime Victim Compensation form, make arrests when necessary, and transport victims to a shelter or a safe place. The DVO conducts in service presentations monthly to officers addressing report writing, victim services, referrals, and case presentation. VSRT case managers will provide crisis intervention, explain available services, and make appropriate referrals to victims of qualifying crimes, assist in filing the Texas Crime Victims Compensation Application (TCVC), and conduct follow-up sessions with the victim as needed. All victims receive a letter from the case managers explaining the services available to them, including immediate crisis counseling and emergency shelters. The El Paso Police Department also utilizes the services of VSRT volunteers to assist VSRT case managers out in the field. However, due to the continued Covid-19, Influenza and Respiratory Syncytial Virus cases the police department had to continue to suspend the volunteer program, including the VSRT volunteers, indefinitely. The police department intends to reinstitute the volunteer program when the City of El Paso, under the guidance of Health and Human Services, deems it safe to do so.

Problem Statement :

The City of El Paso is the 6th largest city in Texas, and the 22nd largest city in the United States. It is the largest metropolitan city on the U.S.-Mexico border, covering over 259 square miles, and has a city population of just under 700,000 people. The El Paso region has an international neighbor city, Ciudad Juarez, Mexico, and a U.S. neighboring state of New Mexico which form a larger area with a population of approximately 2.1 million people; many of whom visit or work daily in El Paso. In addition to this population influx, El Paso has a substantial federal and military population, with over 32,000 soldiers residing at Ft. Bliss. During the fiscal year 2022-2023, over 9900 reported crimes qualified for victim services via the EPPD's Web Records Management System. Approximately 35% of cases were Family Violence Assaults, 1.4% were Adult Sexual Assaults, less than 1 % were Child Sexual Assault/Abuse, 3.7% were Robbery, and 43% combined with all other assaults and aggravated assaults not family violence related. Domestic Violence cases are the most commonly handled incidents by case managers, along with victims of non-domestic assaults, robberies, and sexual assaults.

Supporting Data :

In the fiscal year, 2022-2023, the Victim Services Response Team (VSRT) reached out to over 9,900 victims of crimes. Of these cases, over 3,500 were domestic violence cases. Domestic violence cases totaled approximately 35% of all offenses reviewed and handled by the case managers. The City of El Paso has maintained its standing as one of the top safe cities in the United States and is nationally recognized as a great place to live. While El Paso city's population is under 700,000, a global, cultural, and economic center draws in a substantial number of people through tourism. In addition, El Paso is home to Fort Bliss Army Base, the Army's second-largest U.S. Army installation. Although Fort Bliss is not within the city limits, it lies in the center of El Paso. This military base has a large population of active-duty military, retired military, and their family members who call El Paso home, whether they live and work on the installation or reside and work within the El Paso city limits. The population and close proximity to El Paso's sister city on the Mexican border, Ciudad Juarez, can present challenges for the local law enforcement community. VSRT case managers play an incredibly critical role for the victims and their families. EPPD's constant dedication to public safety has developed and sustained an excellent working partnership with the community. VSRT case managers have been working closely with Fort Bliss' Advocacy program. In addition, case managers maintain data compiled from computer-aided dispatch services and local records management systems.

Project Approach & Activities:

In keeping with the mission of the City of El Paso, the VSRT will deliver exceptional services with integrity and dedication to support a high quality of life and work in partnership with the community to enhance the quality of life in the City of El Paso. The Victim Services Response Team (VSRT) will continue to focus on helping victims of crime by prioritizing family violence victims, victims of violent crimes, and quality of life issues for this project. The funding from this grant will cover all of the essential aspects that will enhance the quality of life for the citizens and visitors of El Paso. The Texas Crime Victim Rights Bill defines a victim as a person who has suffered bodily injury or death or has been the victim of a sexual assault, kidnapping, or aggravated robbery, including the close relative of a deceased victim. Traffic accidents such as hit-and-runs and intoxication vehicular assaults involving bodily injury, serious bodily injury, or death also qualify for crime victims' compensation. Case managers will provide victims of crime support services, information, and referrals needed by conducting the following:

- Provide information on crime victims' rights and the state compensation fund, and facilitate an understanding among victims of the workings of the criminal justice system.
- Provide updates to victims of crime on their cases as they progress through the criminal justice system.
- Conduct follow-up visits to locations where an emergency protective order has been issued to ensure compliance by all parties involved.
- Provide victims with referrals to emergency shelters and transitional living, and assist in locating permanent housing
- Provide emotional support, conflict, and trauma resolution for crime victims
- Provide crisis intervention and outreach, and identify support groups for victims of sexual assault and their significant others.
- Provide adequate training and continuing education to service providers.
- Identify multi-disciplinary, comprehensive psychotherapy and counseling programs.
- Make a concentrated effort to be proactive to reduce or minimize the domestic violence type calls by targeting repeat offenders and repeat calls for service at the same locations.

Capacity & Capabilities:

El Paso Police Department is a Municipal Law Enforcement Agency whose jurisdiction falls within the City of El Paso. It employs approximately 1,100 commissioned police officers and about 296 civilian support staff. The El Paso Police Department comprises a police headquarters, five Regional Command Centers, and many specialty divisions, including the Airport, Fusion Center, Auto Theft, Narcotics, Gangs, Academy, SWAT, Major Crimes, and Organized Crime units. In addition, the Regional Commands provide the patrol function of the department. Through the El Paso Police Department's community policing philosophy, our mission is to promote proactive problem-solving and police-community partnerships to address the cause of crime and fear within El Paso by working with the community. Additionally, EPPD embraces the task of assisting victims of domestic violence and understands the positive impact of early intervention and proactive prevention. All commissioned department employees and VSRT case managers have received training on our victim assistance program and have an in-depth understanding of how the program functions. VSRT case managers work closely with patrol officers. When patrol officers respond to a call and identify a victim in need of services, they quickly summon one of our case managers, who deliver expanded services to assist the victims in helping them heal. The senior VSRT case manager has 19 years of continued experience with the EPPD VSRT program. All the case managers have received training and will continue to attend trainings and presentations on family violence. In addition, three members of the EPPD VSRT unit are nationally certified as Credentialed Advocates. The case managers are certified with hours of experience and through pre-service training administered by (NOVA) Victim Assistance Academy.

Performance Management :

The goal of the VSRT program is to provide every person who files a police report with an eligible crime to receive immediate assistance with crisis management, Texas crime victim's compensation application support, legal advocacy, and protective order assistance, when applicable. The project will be measured by extracting records supplemented by the VSRT case managers and comparing them to cases that have not been serviced. The objective is to achieve 100 percent service rates for all reported cases and then examine its success rate every quarter. For example, in the fiscal year 2022-2023, case managers documented attempts to reach the victims by telephone, letter, or home visit and supplemented 95% of all cases. In the last few years the form used to track the collected data for the grant was revised by mirroring the data requested by the Office of the Governor (OOG), the data collected focuses on the program's outcomes. The VSRT program has provided an online link to the EPPD website for individuals seeking to volunteer and be part of the EPPD VSRT volunteer program. Volunteer Services has been actively involved in the recruitment of VSRT volunteers and has been working with the public information office to reach to target audience via social media.

Target Group :

The El Paso region, combined with its international neighbor city, Ciudad Juarez, Mexico, forms a metropolitan area with a population of approximately 2.7 million. About 81% of the population of El Paso are Hispanic, 12% are White-non-Hispanic, 3% are African American, and 1.2% are two or more races. Statistics for EPPD during

Fiscal Year 2022-2023 showed the total number of cases supplemented, 81% of the victims were Hispanic, 11% were White Non-Hispanic, and 5% were African American. The population's median age in the City of El Paso is 33 years old, with 49% males and 51% females. Additionally, Fort Bliss, the Army's second-largest U.S. Army installation, consists of a diverse community comprised of soldiers, family members, and retirees. As a result, there is a relatively large number of victims of crime, making it our priority to dedicate time and resources to victims of crime. The EPPD provides the community with adequate support services, information, referrals, and education on violent crimes. The VSRT case managers will target and assist the victims of all qualifying crime-related cases while focusing on the high volume of domestic violence-related reports.

Evidence-Based Practices:

Case managers will monitor the types of crime related to domestic violence and continue to work closely with other victim service providers for domestic violence. The six VSRT case managers ensure proper handling of cases by providing services and assistance directly to victims of crime to speed their recovery and aid them through the criminal justice process. The VSRT supervisor, an EPPD sergeant assigned to the Auxiliary Support Division, oversees the VSRT program. The supervisor collects, maintains, and analyzes relevant statistical data periodically to meet the needs. Victims of domestic violence are referred to the Center Against Sexual and Family Violence (CASFV) Emergency Shelter and for non-shelter services to the Family Resource Center (FRC). Case managers and the Domestic Violence Officer (DVO) will provide information on crime victims' rights and the State compensation fund and facilitate an understanding to the victims of the procedures of the criminal justice system. Case managers will assist with initiating, administering, and completing a Crime Victims Compensation application. They also ensure that the victims of crime receive personal advocacy and have an opportunity to recover monetary losses resulting from the offense. In addition, case managers and the DVO provide crisis intervention on-scene as first responders, identify support groups for victims of sexual assault and their families, and provide emotional support and conflict and trauma resolution for crime victims. Finally, case managers will update victims of crime on their cases as they progress through the criminal justice system.

Project Activities Information

Introduction

This section contains questions about your project. It is very important for applicants to review their funding announcement for guidance on how to fill out this section. Unless otherwise specified, answers should be about the EXPECTED activities to occur during the project period.

Selected Project Activities:

ACTIVITY	PERCENTAGE:	DESCRIPTION
Crisis Services	100.00	Victim Services Response Team (VSRT) case managers provide crime victims services during the healing process. Services offered include providing information and referrals to agencies that assist victims of Domestic Violence. Case Managers will conduct legal referrals to the District Attorney's Office, County Attorney's Office-Protective Order Unit, Texas Rio Grande Legal Aid, and the Diocesan Migrant & Refugee Services. Case Managers will explain victim rights, assist with crime victims' compensation applications, and advocate for all necessary crisis procedures. This includes medical, legal, transport, and assistance locating temporary shelter if required. During the Case Managers' assessment of the victim's needs, the victim may volunteer information to the case managers about other victimization incidents. The VSRT case managers have developed a close working relationship with area hospitals that provide services, including University Medical Center, Providence Hospital, and Del Sol Medical Center. The El Paso Police Department will generate a police report or referral to identify crime victims. The Case Managers will review cases and provide the appropriate help crime victims need to navigate the judicial process by standing alongside the victim. They will provide comprehensive crisis and follow-up support. This support is necessary for the victim of a crime to remain engaged in the investigation and prosecution process. The Case Managers will meet regularly with other victim services providers, the Center Against Sexual and Family Violence, District Attorney's victim services advocates, EP Sheriff's Office Advocates, Fort Bliss Advocates, and others to discuss and share information to move forward with the investigation, prosecution, and overall, the victim's restoration. Case Managers will be working with a police officer when responding to domestic violence calls.
