WHEREAS, the Borrower will repay the loan with funds other than federal funds.

NOW, THEREFORE, the Department and the Borrower agree as follows:

A G R E E M E N T

Article 1. Financial Assistance.

A. SIB Loan. The Department, on behalf of the Commission, will make a loan to the Borrower in the amount of Four Hundred Fifty-Eight Thousand Dollars (\$458,000) from the SIB (SIB Loan) to finance the Borrower's local match and the actual cost of construction, environmental, engineering, utility relocation, and right of way acquisition of the Project.

B. Conditions to Loan Disbursement. Prior to funds being disbursed pursuant to Article 1(C) and in accordance with 43 TAC Chapter 6, an environmental review of the Project, in compliance with the Department's environmental rules in 43 TAC Chapter 2, must be conducted as part of the Department's environmental assessment of the Project.

C. SIB Loan Disbursement. On each Disbursement Date as shown on **Exhibit D**, the Department will transfer the amounts shown in Exhibit D for a total of Four Hundred Fifty-Eight Thousand Dollars (\$458,000) from the SIB (SIB Loan Proceeds) to the Borrower for deposit with the Borrower's depository bank Wells Fargo Bank N.A., located in El Paso, Texas, into an account established by the Borrower with its depository bank or investment pool as prescribed by state law (Project Account). The Borrower shall use the SIB Loan Proceeds for payment of the Borrower's local match and the actual cost of construction, environmental, engineering, utility relocation, and right of way acquisition of the Project. The Borrower shall not use the SIB Loan Proceeds for any purpose other than that described in this Agreement.

The investment of any SIB Loan Proceeds shall be handled in a manner that complies with the Public Funds Investment Act, Texas Government Code, Chapter 2256. The SIB Loan Proceeds shall be adequately collateralized in a manner that complies with the Public Funds Collateral Act, Texas Government Code, Chapter 2257. The depository bank shall not commingle funds in the Project Account with any other funds held by the depository bank or the investment pool. If, during the course of this Agreement, the Borrower wishes to change

its depository bank or investment fund, the Borrower shall obtain the Department's approval prior to the transfer of any remaining SIB Loan Proceeds or any other funds into an equivalent account in the new depository bank or investment fund, subject to the same security and fund segregation requirements described in this Agreement.

Interest earned on the SIB Loan Proceeds can only be used to pay for eligible costs of the Project or to prepay the loan under Article 1, Section I.

D. Security Provisions.

(1) Pledge of Tax Revenues.

The Borrower hereby covenants and agrees to secure and repay the SIB Loan and accrued interest hereon pursuant to the terms of this Agreement from the Borrower's ad valorem tax revenues, and that the Department has a contractual right to and pledge of such revenues to guarantee repayment. The Borrower hereby agrees that during each year while the SIB Loan is outstanding and unpaid, the Borrower shall compute and ascertain a rate and amount of ad valorem tax that will be sufficient to raise and produce the funds required to pay the interest on the SIB Loan as such interest comes due, and to provide and maintain a sinking fund adequate to pay the principal of the SIB Loan as such principal matures (but never less than 2% of the original principal amount of the SIB Loan as a sinking fund each year); and said tax shall be based on the latest approved tax rolls of the Borrower, with full allowance being made for tax delinquencies and the cost of tax collection. Said rate and amount of ad valorem tax is hereby levied, and is hereby ordered to be levied, against all taxable property within the Borrower's jurisdiction for each year while any of the SIB Loan is outstanding and unpaid; and said tax shall be assessed and collected each such year and deposited to the credit of the Interest and Sinking Fund (defined below). Said ad valorem taxes sufficient to provide for the payment of the interest on and principal of the SIB Loan, as such interest comes due and such principal matures, are hereby pledged to such payment, within the limits prescribed by law. The amount of taxes to be levied annually for the payment of principal of and interest on the SIB Loan shall be determined and accomplished in the following manner:

(a) The Borrower's annual budget, beginning the year in which this Agreement becomes effective, shall reflect (i) the amount of principal and interest on the SIB Loan to become due in the next succeeding Fiscal Year of the Borrower, and (ii) the amount of ad valorem tax revenues or other lawfully available funds estimated and budgeted to be available for the payment of the principal of and interest on the SIB Loan during the next succeeding Fiscal Year of the Borrower.

(b) The amount required to be provided each Fiscal Year throughout the duration of this Agreement shall be the amount, if any, by which the principal and interest to be paid on the SIB Loan in the next succeeding Fiscal Year of the Borrower exceeds the sum of (i) the amount of Pledged Revenues shown to be on deposit in the Interest and Sinking Fund (after giving effect to any payments required to be made during the remainder of the then current Fiscal Year) at the time the annual budget is prepared, and (ii) the Pledged

Revenues or other lawfully available funds shown to be budgeted and available (subject to the requirements of any prior lien obligations) for payment of said debt service requirements.

(c) The Borrower shall budget an amount of ad valorem tax revenue sufficient to pay the annual payment of the SIB Loan. Following the final approval of the annual budget of the Borrower, the governing body of the Borrower shall levy an ad valorem tax at a rate sufficient to produce taxes in the amount determined in paragraph (b) above, to be utilized for purposes of paying the principal of and interest on the SIB Loan in the next succeeding Fiscal Year of the Borrower.

(2) Perfection of Security Interest.

Chapter 1208, Texas Government Code, applies to the execution and delivery of the SIB Loan and the pledge of revenues granted by the Borrower herein, and such pledge is therefore valid, effective, and perfected. If Texas law is amended at any time while the SIB Loan is outstanding and unpaid such that the pledge of revenues granted by the Borrower pursuant to the paragraph above is to be subject to the filing requirements of Chapter 9, Texas Business and Commerce Code, then in order to preserve to the Department the perfection of the security interest on the pledged revenues in Article I of this Agreement, the Borrower agrees to take such measures as it determines are reasonable and necessary under Texas law to comply with the applicable provisions of Chapter 9, Texas Business and Commerce Code, and enable a filing to perfect the security interest in said pledge to occur.

E. Loan Repayment. The SIB Loan is to be repaid over a period of no more than Twenty Five (25) years, with a final maturity date of August 15, 2050, in accordance with the amortization schedule attached to this Agreement as **Exhibit D**. Principal due on the SIB Loan shall be due annually beginning on August 15, 2026, and on each August 15 thereafter including the final principal payment date as shown on **Exhibit D** attached hereto (each a Principal Payment Date), and in the amounts (each a Principal Payment) as shown on **Exhibit D** attached hereto.

The SIB Loan shall bear interest from the Deposit Date as shown on **Exhibit D** at the rate of 3.44% per annum (Loan Rate), such interest to be calculated on the basis of a 360-day year composed of twelve 30-day months (each an Interest Payment). Interest Payments will be due annually beginning on August 15, 2026, and on each August 15 thereafter in the years as shown on **Exhibit D** attached hereto (each an Interest Payment Date). The Principal Payment Dates and the Interest Payment Dates are collectively referred to as (Payment Dates). If a Payment Date is not on a business day, the Interest Payment and/or Principal Payment due shall be made on the next following business day.

F. Draw of Funds from Project Account. SIB Loan funds in the Project Account shall only be drawn upon by the Borrower and used for Project costs as described in this Agreement. All draws from the Project Account for such costs related to the Project shall be in accordance with a requisition prepared by or approved by the Borrower, and all such requisitions and Project costs shall be subject to the review and approval of the Department.

G. Interest and Sinking Fund. The Borrower shall establish at its depository bank a SIB Loan Interest and Sinking Fund. Interest Payments due on the SIB Loan and each Principal Payment due on the SIB Loan shall be deposited into this Interest and Sinking Fund by the Borrower prior to each Payment Date. On or before each Payment Date, the Borrower shall cause its depository bank to transfer from the SIB Loan Interest and Sinking Fund to the Department, the applicable Interest Payment and/or Principal Payment as set forth in this Agreement.

H. Advances. The repayment of all or any portion of the SIB Loan shall not entitle the Borrower to any subsequent advances from the Department, nor shall the Department have any obligation to advance to or for the benefit of the Borrower any amount in excess of the SIB Loan. All costs incurred by the Borrower for its portion of the Project in excess of the par amount of the SIB Loan shall be the responsibility of the Borrower.

I. Prepayment.

(1) Voluntary Prepayment. Principal due on the SIB Loan and interest accrued at the Loan Rate through and including the date of prepayment may be prepaid by the Borrower without penalty, in whole or in part, on any business day.

(2) Mandatory Prepayment. Should the Project or this Agreement be terminated for any reason or should any amounts of disbursed SIB Loan Proceeds not be applied to pay Project costs, the Borrower shall return any misapplied SIB Loan Proceeds or unexpended portion of the SIB Loan Proceeds to the Department as a prepayment.

(3) Application of Prepayments. Upon receipt of a prepayment from the Borrower of a portion (and not the whole) of the outstanding principal amount of the SIB Loan the Department shall apply such prepayment to the outstanding principal due on the SIB Loan;

(4) Upon either voluntary or mandatory prepayment, the remaining principal due on the SIB Loan will be re-amortized over the term of the SIB Loan and **Exhibit D** will be revised by the Department to reflect the remaining Principal Payments and the revised Interest Payments due; and

(5) Such revised **Exhibit D** shall be submitted to the Borrower to be attached to and become an integral part of this Agreement.

J. Late Payment. Payments not received by the applicable Payment Date will bear interest at the Loan Rate (with overdue interest as well as overdue principal bearing interest) until paid. Such additional interest shall be calculated by the Department on the basis of a 360-day year composed of twelve 30-day months. The parties may prepare a revised **Exhibit D** (amortization schedule) showing the increase in interest due resulting from late payment, default, or pursuant to other terms and conditions of this Agreement.

K. Payment with Federal Funds. The Borrower hereby covenants and agrees that federal funds will not be used to make payments due on the SIB Loan.

L.

Article 2. Use of SIB Loan for Project Costs

The Borrower is developing the Project. The Borrower is responsible to fund the local match and the actual cost of construction, environmental, engineering, utility relocation, and right of way acquisition of the Project. The Borrower may use the SIB Loan only for the actual costs incurred by the Borrower for such local match and the actual cost of construction, environmental, engineering, utility relocation, and right of way acquisition necessary for the construction of the Project as detailed in this Agreement.

Article 3. Project Responsibilities for Projects

A. The SIB Loan Proceeds are “secondary funds” and “financial assistance from other than general obligation bond proceeds,” as those terms are used in 43 TAC Chapter 6. However, if any federal funds will be used to pay for, or reimburse costs of, the Project, with respect to work on the Project, the Borrower and the Department are required to comply with the requirements of the United States Code, Title 23, for federal-aid highways. The Borrower and the Department must conduct all right-of-way or other land acquisitions, relocations, and utility adjustments in accordance with the United States Code, Title 42 – The Public Health and Welfare, Chapter 61 – Uniform Relocation Assistance and Real Property Acquisition Policies for Federal and Federally Assisted Programs (the Uniform Act) and the regulations issued thereunder.

B. The Borrower is responsible for funding its portion of Project costs in compliance with all applicable federal, state, and local laws, regulations, policies, and ordinances. The Department has certain rights and responsibilities related to the Project, including ensuring that the completion of the Project is performed in compliance with all applicable laws, regulations, and policies.

C. For state highway improvement project, all plans and specifications for the Project shall be in compliance with the current editions of the design and construction manuals of the Department, and the Standard Specifications for the Construction and Maintenance of Highways, Streets, and Bridges (the “Standard Specifications”), as they may apply. For work on projects not on the state highway system, plans and specifications must be, at a minimum, in compliance with applicable American Association of State Highway and Transportation Officials (AASHTO) design standards.

D. All construction plans shall be signed and dated by a professional engineer licensed by the State of Texas.

E. The actions and decisions regarding the Project made by the Department shall not be contestable by the Borrower.

F. The Borrower shall provide the Department and the Federal Highway Administration, or their authorized representatives, with right of entry or access to all properties or locations necessary to perform the work for the Project, inspect the work, or otherwise aid in the prompt pursuit of the work. The Borrower shall also provide the Department, the Federal Highway Administration, the Comptroller General of the United States, and the Texas State Auditor’s Office, or their authorized representatives, with right of access to any books, documents, papers, or other records of the Borrower which are pertinent to the Project or its

financing as described in this Agreement, in order to make audits, examinations, excerpts, and transcripts, or to complete the Project accounting described in this Agreement.

Article 4. Project Accounting; Filing of Reports; Retention of Records

A. The Borrower shall account for: (i) all actual costs associated with the Borrower's local match and actual cost of the Project, and (ii) disbursements made to the Department, if any, associated with the Project using generally accepted accounting principles in the United States, as promulgated by the Governmental Accounting Standards Board or the Financial Accounting Standards Board, or pursuant to applicable federal or state laws or regulations. The Borrower shall maintain its books and records in accordance with generally accepted accounting principles in the United States, as promulgated by the Governmental Accounting Standards Board or the Financial Accounting Standards Board, or pursuant to applicable federal or State laws or regulations, and with all other applicable federal and state requirements. The Borrower will make its accounting records available at reasonable times to the Department for inspection during performance of the Borrower's work related to the Project and upon its completion.

B. On each Principal Payment Date (until the next Principal Payment Date occurring after the year in which all SIB Loan Proceeds are expended), in a format prescribed by the department, the Borrower shall provide to the Department (one copy to the Department's District Office and one copy to the Department's SIB Administration Office) an accounting of the SIB Loan Proceeds expended (Annual Expenditure Report).

C. The Borrower shall also, at the Borrower's cost, have a full audit of its books and records performed annually by an independent certified public accountant selected by the Borrower and reasonably acceptable to the Department. The audit must be conducted in accordance with generally accepted auditing standards promulgated by the Financial Accounting Standards Board, the Governmental Accounting Standards Board, or the standards of the Office of Management and Budget Circular A-133, Audits of States, Local Governments and Non-profit Organizations, as applicable, and with all other applicable federal and state requirements. The Borrower shall cause the auditor to provide a full copy of the audit report and any other management letters or auditor's comments directly to the Department within a reasonable period of time after an audit report and any related documents have been provided to the Borrower's governing body.

D. The State Auditor may conduct an audit or investigation of the Borrower with respect to the funds received from the Department directly under this Agreement or of the payments received by third parties from the Borrower using the SIB Loan Proceeds. Acceptance of funds directly under this Agreement or indirectly through payments using SIB Loan Proceeds acts as acceptance of the authority of the State Auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the State Auditor with access to any information the State Auditor considers relevant to the investigation or audit.

E. The Borrower shall retain all original Project files, records, accounts, and supporting documents relating to the relocation of Borrower utilities needed for the Project until the later of the date that: (1) the Project is completed; (2) the SIB Loan has been paid in full; or (3)

the retention period required by State and federal law ends. The Borrower shall retain, or cause its auditor to retain, all work papers and reports relating to an audit performed pursuant to this Agreement until the fourth anniversary of the date of the audit report, unless the Department notifies the Borrower in writing of a later date for the end of the retention period. During the retention period, the Borrower shall make audit work papers available to the Department within 30 days of the date that the Department requests those papers.

F. All information submitted by the Borrower (annual financial/disclosure information and notices) to the Electronic Municipal Market Access (“EMMA”) System of the Municipal Securities Rulemaking Board with respect to the Borrower’s bonds and other similar obligations payable from the same revenues as the SIB Loan must be submitted to the Department, within 30 days of posting to EMMA. Such information may be submitted to the Department by hard copy or by notification to the Department of the Borrower’s posting with EMMA, together with the applicable CUSIP number(s).

G. The Borrower shall submit to the Department within 30 days of the date of adoption the annual operating and capital budgets adopted by the Borrower each fiscal year under a trust agreement, indenture, bond resolution or ordinance, or equivalent document securing bonds or other obligations issued for a Project, and any amended or supplemental operating or capital budget, approved by the Borrower and certified as correct by its chief administrative officer or chief financial officer.

Article 5. Default

A. The Borrower shall be in default if it fails to repay the SIB Loan (the Principal Payments and the Interest Payments) or otherwise fails to comply with any term of this Agreement. The Department shall not be obligated to take further action nor resume its obligations under this Agreement until the Borrower is no longer in default. The Borrower shall reimburse the Department for all costs or other losses of funds resulting from any default or failure to perform by the Borrower.

B. The Borrower agrees that in the event of a default under this Agreement the Department may, by all legal and equitable means, require the Borrower and any appropriate official of the Borrower (acting solely in his/her official capacity) to remedy any default under, and carry out the provisions of, this Agreement, including specifically the use and filing of mandamus proceedings. Venue for any legal proceedings shall be in Travis County, Texas.

Article 6. Borrower Solely Responsible

The Borrower agrees that it is solely responsible for all losses, costs, expenses, penalties, claims, and liabilities due to activities of the Borrower and its agents, employees, officers, or contractors performed under this Agreement, and which result from an error, omission, or negligent act of the Borrower or any agent, employee, official, or contractor of the Borrower. Notwithstanding anything in this Agreement to the contrary, this provision shall survive any termination of this Agreement.

Article 7. Termination

This Agreement may be terminated upon the occurrence of any of the following conditions:

- A. If both parties to this Agreement agree in writing to such termination; provided, however, that any such termination is specifically subject to the requirements of this Agreement;
- B. If the Department is unable to advance the SIB Loan Proceeds to the Borrower, the Department shall terminate this Agreement and provide written notice thereof to the Borrower;
- C. If the Borrower is in default on a Principal Payment or Interest Payment required under this Agreement, the Department may declare this Agreement to be terminated, or may exercise any of the rights granted the Department in this Agreement; but the payment obligations of the Borrower shall survive any such termination and shall continue in effect until discharged and satisfied; and
- D. Upon repayment in full by the Borrower of the SIB Loan, and compliance by the Borrower with all other requirements of this Agreement, the Department shall execute and deliver to the Borrower a letter or other notice of payment, provided that, upon the execution and delivery of the written notice of payment by the Department, this Agreement shall automatically terminate, except with respect to any obligation of a party related to any losses, costs, expenses, penalties, claims, and liabilities due to the activities of a party, or any agent, employee, official, or contractor of a party, which obligations shall survive such termination.

unenforceability shall not affect any other provision thereof and this Agreement shall be construed as if such invalid, illegal, or unenforceable provision had never been contained herein. In particular, but not by way of limitation, should all or any part of the pledge of security in this Agreement for any reason be held invalid, illegal or unenforceable in any respect, Borrower's obligations under this Agreement shall be treated as current expenses of the Borrower subject to the annual appropriation of lawfully available funds by the governing body of the Borrower for the payment of such obligations.

Article 10. Written Amendments

Any changes in the character, agreement, terms, or responsibilities of the parties must be enacted through a written amendment. Each party is prohibited from assigning any of the rights or obligations conferred by this Agreement to any third party without the advance written approval of the other party. Any attempted assignment or other transfer of the rights or obligations of this Agreement without the consent of the other party shall be void and may be grounds for termination of this Agreement.

Article 12. Relationship of the Parties

Nothing in this Agreement shall be deemed or construed by the parties, or any third party, as creating the relationship of principal and agent between the Department and the Borrower.

Article 13. Interpretation

No provision of this Agreement shall be construed against or interpreted to the disadvantage of any party by any court or other governmental or judicial authority by reason of such party having or being deemed to have drafted, prepared, structured, or dictated such provision.

Article 14. Signatory Authority

Each party to this Agreement represents to the other that it is fully authorized to enter into this Agreement and to perform its obligations hereunder, and that no waiver, consent, approval, or authorization from any third party is required to be obtained or made in connection with the execution, delivery, or performance of this Agreement. The applicants listed in exhibit A have each submitted an application for financial assistance in the form of a loan from the State Infrastructure Bank (SIB) under Transportation Code, Chapter 222, Subchapter D, and Title 43 Texas Administrative Code (TAC), Chapter 6 (SIB Rules). Each application satisfies all requirements of the rules, including passage of a resolution authorizing submission of the application to the Texas Department of Transportation (department).

The intended use of the financial assistance conforms to the purposes of the SIB. Each applicant intends to use the financial assistance to pay for eligible project costs to perform work on various projects in various counties in Texas, as detailed in exhibit A.

The present and projected financial condition of the SIB is sufficient to cover the requested financial assistance for the projects.

In accordance with the SIB Rules, the executive director has negotiated all the terms of an agreement with each applicant as necessary to protect the public's safety and to prudently provide for the protection of public funds while furthering the purposes of the SIB, as contained in exhibit A.

The SIB Rules provide for both preliminary and final approval by the Texas Transportation Commission (commission) of any SIB loan in the principal amount of more than \$10 million or in which the department does not have primary responsibility, unless the commission waives the preliminary approval requirement for that application. The commission has considered the financial condition of the bank, complexity and size of the project, the type of infrastructure or asset involved, the type and complexity of the financial assistance requested, the financial status of the applicant, the financial feasibility of the project, and the need to expedite the financing of the project and has determined to waive the preliminary approval requirement for the city of El Paso, city of Granbury and RCH Water Supply Corporation SIB loan applications, as listed in exhibit A.

The executive director or his designee implemented actions authorized and required by the SIB Rules for final approval. The executive director recommends that the commission grant final approval of the applications listed in exhibit A for financial assistance from the SIB up to the amount listed for each project.

In accordance with the SIB Rules, the commission finds that:

1. the projects listed in exhibit A are consistent with the metropolitan transportation plan developed by the applicable metropolitan planning organization, if appropriate;

- 2. the projects listed in exhibit A will improve the efficiency of the state’s transportation systems;
- 3. the projects listed in exhibit A will expand the availability of funding for transportation projects or reduce direct state costs;
- 4. the applications submitted show that the applicants listed in exhibit A are likely to have sufficient revenues to assure repayment of the financial assistance; and
- 5. providing financial assistance to each applicant listed in exhibit A will protect the public’s safety and prudently provide for the protection of public funds, while furthering the purposes of the SIB.

IT IS THEREFORE DETERMINED AND ORDERED by the commission that each application listed in exhibit A submitted for financial assistance in the form of a loan from the SIB meets the applicable requirements of the SIB Rules and, in accordance with those provisions, the commission grants final approval of the applications for SIB loans under the terms contained within exhibit A up to the amount listed for each project to pay for the eligible project costs necessary for the projects.

IT IS FURTHER ORDERED by the commission that the executive director or his designee is directed and authorized to enter into financial assistance agreements for each of the attached SIB loan requests, which comply with the SIB Rules and which contains the terms attached hereto as exhibit A.

NOW, THEREFORE, in consideration of the premises and of the mutual covenants and agreements of the parties, to be by them respectively kept and performed as set forth in this Agreement, it is agreed as follows:

AGREEMENT

1. Responsible Parties:

For the Project covered by this Agreement, the parties shall be responsible for the following work as stated in the article of the Agreement referenced in the table below:

1	N/A	Utilities	Article 8
2.	Local Government	Environmental Assessment and Mitigation	Article 9
3.	Local Government	Architectural and Engineering Services	Article 11
4.	Local Government	Construction Responsibilities	Article 12
5.	N/A	Right of Way and Real Property	Article 14

2. Period of the Agreement

This Agreement becomes effective when signed by the last party whose signing makes the Agreement fully executed. This Agreement shall remain in effect until the Project is completed or unless terminated as provided below.

3. Scope of Work

The scope of work for the Project consists of the design and construction of Bicycle and Pedestrian Improvement along the Playa Drain path, from Yarbrough Drive to Midway Drive.

4. Project Sources and Uses of Funds

The total estimated cost of the Project is shown in Attachment B, Project Budget (Attachment B) which is attached to and made a part of this Agreement.

- A. If the Local Government will perform any work under this Agreement for which reimbursement will be provided by or through the State, the Local Government must complete training. If federal funds are being used, the training must be completed before federal spending authority is obligated. Training is complete when at least one individual who is working actively and directly on the Project successfully completes and receives a certificate for the course entitled "Local Government Project Procedures and Qualification for the Texas Department of Transportation" and retains qualification in accordance with applicable TxDOT procedures. Upon request, the Local Government shall provide the certificate of qualification to the State. The individual who receives the training certificate may be an employee of the Local Government or an employee of a firm that has been contracted by the Local Government to perform oversight of the Project. The State in its discretion may deny reimbursement if the Local Government has not continuously designated in writing a qualified individual to work actively on or to directly oversee the Project.

- B. The expected cash contributions from the federal government, the State, the Local Government, or other parties are shown in Attachment B. The State will pay for only those Project costs that have been approved by the Texas Transportation Commission. For projects with federal funds, the State and the federal government will not reimburse the Local Government for any work performed before the federal spending authority is formally obligated to the Project by the Federal Highway Administration (FHWA). After federal funds have been obligated, the State will send to the Local Government a copy of the formal documentation showing the obligation of funds including federal award information. The Local Government is responsible for 100% of the cost of any work performed under its direction or control before the federal spending authority is formally obligated.
- C. Attachment B shows, by major cost categories, the cost estimates and the party responsible for performing the work for each category. These categories may include but are not limited to: (1) costs of real property; (2) costs of utility work; (3) costs of environmental assessment and remediation; (4) cost of preliminary engineering and design; (5) cost of construction and construction management; and (6) any other local project costs.
- D. The State will be responsible for securing the federal and State share of the funding required for the development and construction of the local Project. If the Local Government is due funds for expenses incurred, these funds will be reimbursed to the Local Government on a cost basis.
- E. The Local Government will be responsible for all non-federal or non-State participation costs associated with the Project, unless otherwise provided for in this Agreement or approved otherwise in an amendment to this Agreement. For items of work subject to specified percentage funding, the Local Government shall only in those instances be responsible for all Project costs that are greater than the maximum State and federal participation specified in Attachment B and for overruns in excess of the amount specified in Attachment B to be paid by the Local Government.
- F. The budget in Attachment B will clearly state all items subject to fixed price funding, specified percentage funding, and the periodic payment schedule, when periodic payments have been approved by the State.
- G. When the Local Government bears the responsibility for paying cost overruns, the Local Government shall make payment to the State within thirty (30) days from the receipt of the State's written notification of additional funds being due.
- H. When fixed price funding is used, the Local Government is responsible for the fixed price amount specified in Attachment B. Fixed prices are not subject to adjustment unless (1) differing site conditions are encountered; (2) further definition of the Local Government's requested scope of work identifies greatly differing costs from those estimated; (3) work requested by the Local Government is determined to be ineligible for federal participation; or (4) the adjustment is mutually agreed to by the State and the Local Government.
- I. Prior to the performance of any engineering review work by the State, the Local Government will pay to the State the amount specified in Attachment B. At a minimum, this amount shall equal the Local Government's funding share for the

- estimated cost of preliminary engineering performed or reviewed by the State for the Project. At least sixty (60) days prior to the date set for receipt of the construction bids, the Local Government shall remit its remaining financial share for the State's estimated construction oversight and construction cost.
- J. The State will not execute the contract for the construction of the Project until the required funding has been made available by the Local Government in accordance with this Agreement.
- K. Whenever funds are paid by the Local Government to the State under this Agreement, the Local Government shall remit a check or warrant made payable to the "Texas Department of Transportation" or may use the State's Automated Clearing House (ACH) system for electronic transfer of funds in accordance with instructions provided by TxDOT's Finance Division. The funds shall be deposited and managed by the State and may only be applied by the State to the Project.
- L. The State will not pay interest on any funds provided by the Local Government.
- M. If a waiver for the collection of indirect costs for a service project has been granted under 43 TAC §15.56, the State will not charge the Local Government for the indirect costs the State incurs on the Project, unless this Agreement is terminated at the request of the Local Government prior to completion of the Project.
- N. If the Local Government is an Economically Disadvantaged County (EDC) and if the State has approved adjustments to the standard financing arrangement, this Agreement reflects those adjustments.
- O. Where the Local Government is authorized to perform services under this Agreement and be reimbursed by the State, the Local Government is authorized to submit requests for reimbursement by submitting the original of an itemized invoice, in a form and containing all items required by the State, no more frequently than monthly and no later than ninety (90) days after costs are incurred. If the Local Government submits invoices more than ninety (90) days after the costs are incurred and if federal funding is reduced as a result, the State shall have no responsibility to reimburse the Local Government for those costs.
- P. Upon completion of the Project, the State will perform a final accounting of the Project costs for all items of work with specified percentage funding. Any funds due by the Local Government, the State, or the federal government for these work items will be promptly paid by the owing party.
- Q. The state auditor may conduct an audit or investigation of any entity receiving funds from the State directly under this Agreement or indirectly through a subcontract under this Agreement. Acceptance of funds directly under this Agreement or indirectly through a subcontract under this Agreement acts as acceptance of the authority of the state auditor, under the direction of the legislative audit committee, to conduct an audit or investigation in connection with those funds. An entity that is the subject of an audit or investigation must provide the state auditor with access to any information the state auditor considers relevant to the investigation or audit.
- R. Payment under this Agreement beyond the end of the current fiscal biennium is subject to availability of appropriated funds. If funds are not appropriated, this Agreement shall be terminated immediately with no liability to either party.

5. Termination of This Agreement

This Agreement shall remain in effect until the Project is completed and accepted by all parties, unless:

- A. The Agreement is terminated in writing with the mutual consent of the parties;
- B. The Agreement is terminated by one party because of a breach, in which case any costs incurred because of the breach shall be paid by the breaching party;
- C. The Local Government elects not to provide funding after the completion of preliminary engineering, specifications, and estimates (PS&E) and the Project does not proceed because of insufficient funds, in which case the Local Government agrees to reimburse the State for its reasonable actual costs incurred during the Project; or
- D. The Agreement is terminated by the State because the parties are not able to execute a mutually agreeable amendment when the costs for Local Government requested items increase significantly due to differing site conditions, determination that Local government requested work is ineligible for federal or state cost participation, or a more thorough definition of the Local Government's proposed work scope identifies greatly differing costs from those estimated. The State will reimburse Local Government remaining funds to the Local Government within ninety (90) days of termination; or
- E. The Project is inactive for thirty-six (36) consecutive months or longer and no expenditures have been charged against federal funds, in which case the State may in its discretion terminate this Agreement.

6. Amendments

Amendments to this Agreement due to changes in the character of the work, terms of the Agreement, or responsibilities of the parties relating to the Project may be enacted through a mutually agreed upon, written amendment.

7. Remedies

This Agreement shall not be considered as specifying the exclusive remedy for any agreement default, but all remedies existing at law and in equity may be availed of by either party to this Agreement and shall be cumulative.

8. Utilities

The party named in Article 1, Responsible Parties, under AGREEMENT shall be responsible for the adjustment, removal, or relocation of utility facilities in accordance with applicable state laws, regulations, rules, policies, and procedures, including any cost to the State of a delay resulting from the Local Government's failure to ensure that utility facilities are adjusted, removed, or relocated before the scheduled beginning of construction. The Local Government will not be reimbursed with federal or State funds for the cost of required utility work. The Local Government must obtain advance approval for any variance from established procedures. Before a construction contract is let, the Local Government shall provide, at the State's request, a certification stating that the Local Government has completed the adjustment of all utilities that must be adjusted before construction is commenced.

9. Environmental Assessment and Mitigation

Development of a transportation project must comply with the National Environmental Policy Act and the National Historic Preservation Act of 1966, which require environmental clearance of federal-aid projects. The party named in Article 1, Responsible Parties, under AGREEMENT is responsible for the following:

- A. The identification and assessment of any environmental problems associated with the development of a local project governed by this Agreement.
- B. The cost of any environmental problem's mitigation and remediation.
- C. Providing any public meetings or public hearings required for the environmental assessment process. Public hearings will not be held prior to the approval of the Project schematic.

If the Local Government is responsible for the environmental assessment and mitigation, before the advertisement for bids, the Local Government shall provide to the State written documentation from the appropriate regulatory agency or agencies that all environmental clearances have been obtained.

10. Compliance with Accessibility Standards

All parties to this Agreement shall ensure that the plans for and the construction of all projects subject to this Agreement are in compliance with standards issued or approved by the Texas Department of Licensing and Regulation (TDLR) as meeting or consistent with minimum accessibility requirements of the Americans with Disabilities Act (P.L. 101-336) (ADA).

11. Architectural and Engineering Services

The party named in Article 1, Responsible Parties, under AGREEMENT has responsibility for the performance of architectural and engineering services. The engineering plans shall be developed in accordance with the applicable State's *Standard Specifications for Construction and Maintenance of Highways, Streets and Bridges* and the special specifications and special provisions related to it. For projects on the State highway system, the design shall, at a minimum conform to applicable State manuals. For projects not on the State highway system, the design shall, at a minimum, conform to applicable American Association of State Highway and Transportation Officials (AASHTO) design standards.

In procuring professional services, the parties to this Agreement must comply with federal requirements cited in 23 CFR Part 172 if the Project is federally funded and with Texas Government Code 2254, Subchapter A, in all cases. Professional contracts for federally funded projects must conform to federal requirements, specifically including the provision for participation by Disadvantaged Business Enterprises (DBEs), ADA, and environmental matters.
