

RESOLUTION

WHEREAS, the City of El Paso (the "City") is eligible to apply for grants through the Homeland Security Grant Division of the Office of the Governor of the State of Texas ("HSGD"); and

WHEREAS, the El Paso City Council seeks to receive grant funding through the HSGD grant/application number 3007108 for the El Paso Police Department project identified as "El Paso 2022 OPSG"; and

WHEREAS, the El Paso City Council designates the City Manager or his designee as the City's authorized official.

NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL PASO:

1. **THAT**, the El Paso City Council authorizes the grant application submission to the Office of the Governor of the State of Texas, Homeland Security Grant Division, grant application number 3007108, for the City of El Paso Police Department project identified as "El Paso 2022 OPSG" to provide financial assistance to the City of El Paso.
2. **THAT**, the City of El Paso shall provide all applicable matching funds for said grant, if applicable.
3. **THAT**, the City Manager or designee is authorized to apply for, accept, reject, alter, and/or terminate said grant.
4. **THAT**, the City Council agrees that in the event of loss or misuse of said grant funds, the City of El Paso will return all funds for said grant to the State of Texas Office of the Governor, Homeland Security Grant Division.
5. **BE IT FURTHER RESOLVED THAT**, the City Manager or designee is authorized to sign any related paperwork, including but not limited to, the actual grant contract, the authorization of budget transfers, and/or revisions to the operation plan, as well as any grant amendments, corrections or extensions of the grant agreement which increase, decrease or de-obligate program funds, provided that no additional City funds are required.

ADOPTED this 11th day of April, 2023.

Narrative Information

Overview

The purpose of the Homeland Security Grant Program (HSGP) is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

Primary Mission and Purpose

Operation Stonegarden (OPSG): Supports enhanced cooperation and coordination among Customs and Border Protection (CBP), United States Border Patrol (USBP), and local, Tribal, territorial, state, and Federal law enforcement agencies. The OPSG Program funds investments in joint efforts to secure the United States' borders along routes of ingress from international borders to include travel corridors in states bordering Mexico and Canada, as well as states and territories with international water borders.

OPSG Objectives

OPSG is intended to support Border States in accomplishing the following objectives:

- Increase capability to prevent, protect against, and respond to border security issues.
- Increase coordination and collaboration among Federal, state, local, and Tribal law enforcement agencies.
- Continue the distinct capability enhancements required for border security and border protection.
- Provide intelligence based operations through USBP Sector Level experts to ensure safety and operational oversight of Federal, state, local, and Tribal enforcement agencies participating in OPSG operational activities.
- Support requests to the Governor to activate, deploy, or redeploy specialized National Guard Units/Packages and/or elements of state law enforcement to increase or augment specialized/technical law enforcement operational activities.
- Continue to increase operational, material and technological readiness of state, local, and Tribal law enforcement agencies.

National Incident Management System (NIMS) Implementation

Grantees are required to implement NIMS. The NIMS uses a systematic approach to integrate the best existing processes and methods into a unified national framework for incident management across all homeland security activities including prevention, protection, response, mitigation, and recovery. Grantees must use standardized resource management concepts for resource typing, credentialing, and an inventory to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

Emergency Management Plans (Intermediate Level)

Cities and counties must have a current emergency management plan or be a legally established member of an inter-jurisdictional emergency management program with a plan on file with the Texas Division of Emergency Management (TDEM). Plans must be maintained throughout the entire grant performance period. If you have questions concerning your Emergency Management Plan (preparedness) level, contact your Emergency Management Coordinator (EMC) or your regional Council of Governments (COG). For questions concerning plan deficiencies, contact TDEM at tdem.plans@tdem.texas.gov.

OPSG Operational Capability

OPSG funds must be used to provide an enhanced law enforcement presence and to increase operational capabilities of Federal, state, local, and Tribal law enforcement, promoting a layered, coordinated approach to law enforcement within the Texas Border Region.

Operational Overtime Costs

OPSG funds should be used for operational overtime costs associated with law enforcement activities, in support of border law enforcement agencies for increased border security enhancement. Costs associated with overtime (OT) shall be reimbursed following the grantee's overtime policy and the requirements as stated below:

- a. OT is time actually worked that exceeds the required number of hours during an employee's designated work period.
- b. The OT rate will be no more than one-and-one-half (1.5) times the employee's regular pay rate.
- c. Exempt salaried employees may not be reimbursed for overtime unless the grantee's overtime policy specifically allows for it.
- d. HSGD will only reimburse the grantee for OT that does not exceed a total of 16-hours (regular + OT) worked during any 24-hour period.

Integrated Planning Team

OPSG uses an integrated approach to address transnational criminal activity. Federal, state, local, and Tribal partners are required to establish and maintain an OPSG Integrated Planning Team (IPT) with representation from all participating law enforcement agencies.

Reporting Requirements

Participation in OPSG requires accurate, consistent, and timely reporting of how funds are used and how operations have impacted border security. Each partner agency must identify a single point of contact to represent their agency as a member of the IPT and to coordinate submission of reports. Required reports include:

- **Daily Activity Report** - submit ongoing results and outputs from OPSG operations conducted. A monthly report detailing the daily activities must be submitted to the Border Patrol Sector by 10th day of the following month.
- **After Action Report** - articulates outcomes, outputs, and results for each OPSG operation conducted.

Cybersecurity Self-Assessment

Grantees are strongly encouraged to complete the Nationwide Cybersecurity Review (NCSR). The NCSR is a no-cost, anonymous, annual self-assessment designed to measure gaps and capabilities of state, local, tribal and territorial governments' cybersecurity programs. For more information about the NCSR, visit: <https://www.cisecurity.org/ms-isac/services/ncsr/>

Coordination

All operational plans should be crafted in cooperation and coordination among Federal, state, local, and Tribal partners. All jurisdictions must coordinate with the USBP Sector Headquarters with geographic responsibility

for the jurisdiction's location in developing and submitting an Operations Order to the Governor's Office, Homeland Security Grants Division.

After awards are announced, prospective recipients will re-scope the draft Operations Order and resubmit it as a final Operations Order based on actual dollar amounts awarded. Final Operations Orders will be approved by the appropriate Sector Headquarters and forwarded to Headquarters, Office of Border Patrol, Washington, D.C., before funding is released.

Recipients may not begin operations, obligate, or expend any funds until the final Operations Order has been approved by FEMA Grants Program Directorate and USBP Headquarters.

Operational Cycle

The overarching operational cycle involves three stages; application, concept of operations to formulate a Campaign Plan and one or more tactical operational periods, which are all developed by the IPT.

Application

Jurisdictions must develop their Operations Order in coordination with state and Federal law enforcement agencies, to include, but not limited to CBP/USBP. Operations Orders that are developed at the county level should be inclusive of city, county, Tribal, State, and other local law enforcement agencies that are eligible to participate in OPSG operational activities. Operations Order details should include the names of the agencies, points of contacts, and individual funding requests. The USBP sector office will forward the application to the Governor's Homeland Security Grants Division for final review before submission to DHS/FEMA.

Concept of Operations to Formulate a Campaign Plan

Participants receiving an award will create and submit an Operations Order that forms a campaign plan and captures the initial, generalized budgetary intent to their IPT. The campaign plan should articulate the participant agency's long-term border security objectives and goals designed to mitigate border security risk. The operations plan will project planned expenditures in the following categories: overtime, equipment, instruction, travel, maintenance, fuel, and administrative funds. Once the operations plan is approved, the area IPT will meet to initiate the last stage in the planning process.

Tactical Operations Plan

Once the participant is ready to conduct operations, the area IPT will begin planning tactical operations. Tactical operations will be conducted on a periodic basis and are composed of six critical elements:

1. A pre-planning meeting with the IPT
2. Specific beginning and end dates
3. Intelligence driven with a nexus to border security
4. Use of targeted enforcement techniques
5. *Clearly stated objectives*
6. After action meeting

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income *immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.*

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

X I certify to all of the application content and requirements.

Project Summary :

Briefly summarize the project, including proposed activities and intended impact.

The El Paso Police Department will enhance the capability to detect, prevent, and deter transnational criminal organizations' terrorist acts such as; smuggling of contraband, money laundering, and human trafficking. By increasing the presence and number of qualified law enforcement personnel in the area, the probability of detecting illegal activities transiting El Paso will increase. Participation associated with this Tactical Operation will also increase the likelihood of detecting potential terrorists and weapons of mass destruction moving from the immediate border to major population centers in the US. This funding is designated to enhance cooperation and coordination between Federal, State, and local law enforcement agencies in a joint mission to secure the United States (US) borders along routes of ingress and egress leading to and from the US/Mexico border. OPSG intends to enhance law enforcement preparedness and operational readiness along the land borders of the US. In addition, the program aims to increase coordination and local capability to support DHS. The Department of Homeland Security funds Operation Stonegarden (OPSG) (DHS), led by Customs and Border Protection (CBP) Border Patrol, which supports overtime costs and reimbursement for the operation to state, local, and tribal agencies to enhance border security. The criminal element in the El Paso-Cd. Juarez area varies from highly organized Trans National/ Drug Trafficking Organizations (DTOs) to alien smuggling organizations (ASOs)—the drug war in Cd. Juarez and the violent crime on the border have members directly linked to El Paso and the rest of the US, who are identified as working for the cartels, providing services to smuggle drugs, weapons, people, and cash across the border. The ability to track and gather intelligence has become increasingly difficult. The criminal element is sophisticated with increased counter-intelligence capabilities. Any intelligence concluded quickly becomes obsolete, causing public and law enforcement safety concerns. These groups have an extensive network on both sides of the border, with generations of knowledge in smuggling routes and various criminal techniques. Those techniques include the distribution of narcotics in and outside of El Paso County and large money-laundering networks. El Paso continues to be a significant hub to transport narcotics nationwide, with an estimated 4 to 6 billion dollars laundered.

Problem Statement :

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

The El Paso Police Department officers involved in Operation Stonegarden sponsored activities will likely encounter illegal activity such as felony arrest, major drug offenses, transnational criminal activities, Mexican drug trafficking activities, and various traffic offenses. However, because of the presence of major criminal elements operating along the border region of El Paso County, there is a high probability of contact and involvement with multi-millions of dollars in trade-based money laundering, drug, and human smugglers. This laundering of money could finance and enable those people seeking entrance into the US with terrorist intentions. Combating these activities will assist in reducing crime in the border community and improve the quality of life for the El Paso community.

Existing Capability Levels :

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

An Average of 2 supervisors and 8 officers per operation. Approximately 32 operations per month.

Capability Gaps:

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR).

The overtime awarded from the project will allow for the enhancement of patrols to be deployed in order to address border security issues with greater continuity.

Impact Statement :

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps.

The El Paso Police Department will enhance the capability to detect, prevent, and deter transnational organizations' terrorist acts and the smuggling of contraband, human trafficking, weapons of mass effect, and money laundering. By increasing the presence and number of law enforcement personnel in the area, the probability of detecting illegal activities will increase. In addition, the participation of the involved agencies associated with this Tactical Operation will also increase the likelihood of detecting potential terrorists and weapons of mass destruction moving from the border area to significant population centers within the United States. Officers performing duties under this operation will enhance border security, EPPD will not be involved in immigration enforcement.

Homeland Security Priority Actions:

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. *1.2.3 Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.*)

Texas Homeland Security Priority Action 1.3.1: In conjunction with federal agencies, conduct unified state and local law enforcement operations to deny the use of the Texas border region to criminal organizations and terrorist, particularly between the ports of entry

Target Group :

Identify the target group and population expected to benefit from this project.

The City of El Paso

Long-Term Approach:

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable.

The City of El Paso would not be able to provide enhanced patrols for border security due to major budget constraints. The El Paso Police Department is dependent on Federal and State Grant funding to respond to border security issues/threats.

Project Activities Information**Selected Project Activities:**

ACTIVITY	PERCENTAGE:	DESCRIPTION
Border Security	100.00	The collective mission of this project is to conduct high visibility saturation patrols on the local highways, primarily in close proximity to the ports of entries, as well as off road patrol as a second line of defense to detect/deter, identify, classify, and bring about law enforcement resolution for those involved in criminal activities using routes of egress within the EL Paso County. The El Paso Police Department will utilize an intelligence driven methodology to assess the risks in our AOR (Area of Responsibility) based on the threats and vulnerabilities identified.

Section 2: Accounting System

The grantee organization must incorporate an accounting system that will track direct and indirect costs for the organization (general ledger) as well as direct and indirect costs by project (project ledger). The grantee must establish a time and effort system to track personnel costs by project. This should be reported on an hourly basis, or in increments of an hour.

Is there a list of your organization's accounts identified by a specific number (i.e., a general ledger of accounts)?

Select the appropriate response:

Yes

No

Does the accounting system include a project ledger to record expenditures for each Program by required budget cost categories?

Select the appropriate response:

Yes

No

Is there a timekeeping system that allows for grant personnel to identify activity and requires signatures by the employee and his or her supervisor?

Condition Of Fundings Information

Condition of Funding / Project Requirement	Date Created	Date Met	Hold Funds	Hold Line Item Funds
<p>Resolution: Applications from nonprofit corporations, local units of governments, and other political subdivisions must submit a resolution electronically using the 'Upload' function in the eGrants system. The resolution must contain the following:</p> <ul style="list-style-type: none"> • Authorization by your governing body for the submission of the application to OOG that clearly identifies the name of the project for which funding is requested; • A commitment to provide all applicable matching funds; • A designation of the name and/or title of an authorized official who is given the authority to apply for, accept, reject, alter, or terminate a grant (Note: If a name is provided, you must update OOG should the official change during the grant period.); and • A written assurance that, in the event of loss or misuse of grant funds, the governing body will return all funds to OOG. 	3/14/2023 7:09:33 AM		Yes	No
<p>Overtime: Grantees must upload a copy of the overtime policy approved by its governing board. This policy will be considered the official policy for grant purposes and must be used throughout the grant period. The policy must: 1) clearly describe how overtime will be calculated; 2) be consistent with the agency's overtime policy; and 3) treat grant-paid personnel the same as non-grant paid personnel. OOG will monitor overtime expenditures based on this policy. OOG will release the Condition of Funding once OOG approves the overtime policy.</p>	3/14/2023 7:09:55 AM		Yes	No
<p>Cybersecurity Training: Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the Cybersecurity Training Certification for State and Local Governments. A copy of the Training Certification must be uploaded to your eGrants application/grant. <p>Operations Order Required: By participating in the OPSG, the state, local, and Tribal agencies agree to conduct operations designed to reduce border-security risk. Tactical operations will be conducted on a periodic basis meeting the criteria outlined below. Tactical operational periods are composed of six critical elements: 1) a pre-planning meeting with the IPT; 2) specified beginning and ending dates; 3) intelligence driven, with a nexus to border security; 4) use of targeted enforcement techniques; 5) clearly stated objectives; and 6) an after-action meeting. A campaign should involve several tactical operational periods. These</p>	3/14/2023 7:13:32 AM		No	No

periods require deliberate on-going planning to ensure command, staff, and unit activities synchronize to current and future operations. Please prepare and submit the next Operations Order. Fund holds on specific budget line items will be released as Operations Orders are approved.
