Purpose of Procurement - Award

- This contract will allow for the purchase of Ford proprietary parts and specialized maintenance and repair services necessary to ensure the proper upkeep, performance, and longevity of Ford vehicles within the City's fleet..
- The contract variance, compared to the previous contract, reflects an increase of \$1,695,000.00 (82.48%), driven by the addition of more years to the replacement contract—extending it from 3 to 5 years—and a higher annual budget allocated for these goods and services in anticipation of potential price increases.
