

CITY OF EL PASO

El Paso Electric Company Underground Electrical and Transformer Pad Easement

Jose Antonio Nevarez

Underground Easement Agreement

- El Paso Electric is requesting an easement for the property located at 1776 American Drive to facilitate the installation, operation, and maintenance of an underground electric system.
- The scope of work includes the right to enter the property for the purpose of erecting, relocating, constructing, operating, inspecting, accessing, and maintaining the system, which may consist of transformers (both conventional and pad-mounted).
- The installation will include, but is not limited to, ducts, conduits, fixtures, manholes, handholes, vaults, cables, and wires.

Easement Granting

The easement will grant El Paso Electric Company the right of access, ingress, and egress as necessary to perform ongoing maintenance and inspections, but is not limited to:

- Installation and construction
- Operation and inspection
- Repair and maintenance
- Replacement, renewal, or removal

Requested Action

That the City Manager, or designee, be authorized to sign an Underground Electrical and Transformer Pad Easement Agreement with El Paso Electric to provide electrical power to the property located at 1776 American Drive.
