<b>PUBLIC INPUT:</b>	N/A

**SUMMARY OF REQUEST:** The applicant is requesting an amendment to *Plan El Paso*, the City's comprehensive plan, to adjust the Future Land Use designation for one property, from O-3, Agriculture, to G-7, Industrial, to accommodate proposed industrial development.

**DESCRIPTION OF REQUEST:** The applicant is proposing to adjust the Future Land Use designation on a 19.85-acre property in order to allow for development of a trucking and warehouse facility. The G-7 designation is most in character with the proposed development for the property, which is similar in scale and character to the nearby industrial development along North Loop Drive, Americas Avenue, and I-10. The area has been experiencing a transition resulting from recent improvements to the nearby Ysleta Port of Entry and changing development patterns.

This case is related to application number PZRZ21-00006, which requests to rezone part of the subject area from R-F (Ranch-Farm) to C-4/c (Commercial/conditions).

**COMPATIBILITY WITH NEIGHBORHOOD CHARACTER:** Nearby properties with similar trade, distribution, and warehouse uses are designated G-7. There is an established residential community to the West, designated G-3 (Post-War). There are also surrounding farmland designated O-3 (Agriculture). Any development should be sensitive to these land uses and mitigate effects to the maximum extent possible. Land to the southeast lies within the City of Socorro and is zoned for Industrial and Commercial uses.

<b>COMPLIANCE WITH <i>PLAN EL PASO</i> – When evaluating whether a proposed adjustment is in accordance with <i>Plan El Paso</i>, consider the following factors:</b>	
<b>Criteria</b>	<b>Does the Request Comply?</b>
<p><b>Future Land Use Map:</b> Proposed Future Land Use designation for the property:</p> <p><b>G-7 – Industrial:</b> This sector applies to industrial parks, large free-standing industrial uses, refineries, non-military airfields, trucking terminals, and mines, all on large tracts in areas dominated by vehicles. This sector is essential to El Paso’s economy; however, when an industrial use becomes obsolete, there can be potential for mixed-use redevelopment of the site. This sector also includes the existing rail yards which could be redeveloped as mixed-use communities if the rail yards were moved out of town</p>	<p><i>Plan El Paso</i> calls out the G-7 designation as appropriate for industrial parks and industrial uses, which is in keeping with the proposed uses. The associated rezoning to C-4 will ensure that any future proposed uses will remain compatible with the G-7 designation. The 2021 addendum lays out new guidance for the conversion of O-3, Agriculture designations into trade supportive uses when there is economic necessity.</p>
<p><b>Preferred Development Locations:</b> Is the property in a “Compact Urban” area?</p>	N/A

<b>THE PROPOSED DESIGNATION’S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:</b>	
<p><b>Historic District or Special Designations &amp; Study Area Plans:</b> Any historic district or other special designations that may be applicable. Any adopted small area plans, including land-use maps in those plans.</p>	N/A
<p><b>Potential Adverse Effects:</b> Potential adverse effects that might be caused by approval or denial of the requested change.</p>	Development of the subject property will bring higher intensity uses into close proximity with existing residential and agricultural uses.
<p><b>Natural Environment:</b> Anticipated effects on the natural environment.</p>	The subject property is currently inactive farmland. The existing irrigation canals and drainage laterals will be buffered from development.
<p><b>Stability:</b> Whether the area is stable or in transition.</p>	As referenced in the 2021 <i>Plan El Paso</i> addendum, the surrounding area is in transition from farmland to trade supportive uses.
<p><b>Socioeconomic &amp; Physical Conditions:</b> Any changed social, economic, or physical conditions that make the existing designation no longer suitable for the property.</p>	The subject property has been sold to serve as an expansion of the trucking operations to the North and

**COMPLIANCE WITH *PLAN EL PASO* – When evaluating whether a proposed adjustment is in accordance with *Plan El Paso*, consider the following factors:**

	therefore the 'Agriculture' designation is no longer appropriate.
