EMPLOYEE GRIEVANCE FORM

INSTRUCTIONS FOR COMPLETING THIS FORM (CONTINUED)

Step Three

If the employee is still dissatisfied, he/she has **ten working days** to complete the first block of step three and submit the grievance form to the department head. The department head or designated manager investigates the grievance and schedules a meeting with the employee within **five working days**. The department head has **ten working days** after the initial meeting to respond to the grievance. The department head enters his/her statement.

Step Four

If the employee is still dissatisfied, he/she has **ten working days** to complete the first block of step four and submit the grievance form to the Human Resources Director. The Human Resources Director or assignee ordinarily has **thirty working days** to make a recommendation. The Human Resources Director may notify the employee if an additional **fifteen working days** are necessary. The Human Resources Director enters his/her recommendation.

Step Five

If the employee is still dissatisfied, he/she has **ten working days** to complete the block for step five and appeal to the Civil Service Commission. The grievance will be placed on the next available Commission agenda. Both the employee and the Department Head will receive written confirmation of the Commission's action concerning the grievance.

Time limits may be extended by mutual agreement. IF the employee misses a time limit the grievance is denied for further processing. If management misses a time limit, the employee may go to the next higher level in the process.

Employees covered by collective bargaining agreements may not use this grievance procedure and must use grievance procedures contained in their bargaining agreements.

CITY OF EL PASO
EMPLOYEE GRIEVANCE FORM

INSTRUCTIONS FOR COMPLETING THIS FORM

If your grievance involves discrimination or sexual harassment, you may contact the Human resources Department for guidance and information about the correct procedure to use.

All regular City employees may use this grievance procedure to voice grievances and to have them considered fairly. A grievance is any order that you believe violated employee rights. Discipline has a separate appeal process and is excluded from this procedure.

Most grievances resolve informally by discussing them with your immediate supervisor. The immediate supervisor has the most knowledge of your work and the problems that happen. The rule requires you to discuss your grievance with your immediate supervisor no more than **ten working days** after the incident causing your grievance. The immediate supervisor may seek advice from other knowledgeable employees, including his/her supervisors, before answering your grievance. The immediate supervisor has up to **five working days** to answer your grievance.

If you are not satisfied with your immediate supervisor's answer, you have **five working days** to file an official grievance form. You may contact the Human Resources Department to obtain the official form and advice in using the procedure.

To fill out the form:

Enter your name, social security number, job title, department/division or work section, work phone number, and your immediate supervisor's name.

Step One

Enter the date that you asked your immediate supervisor to resolve the grievance. Enter the City Charter Provision, the Rule in the Civil Service Commission Rules and Regulations and/or a City Policy which you believe has been violated. Enter a description of your complaint and request a remedy to your grievance.

Step Two

Your supervisor's supervisor (next level supervisor) has **five working days** to process the grievance. He/she asks the immediate supervisor to enter a statement. The next level supervisor reviews the grievance and enters his/her statement.

EXPLANATION OF RIGHTS VIOLATED

Whereby on or about June 18, 2023, an Equity Adjustment pay upgrade was awarded to Park User Representatives. Paygrade of GS-49 nullified, and upgraded to a GS-54 paygrade (see Exhibit 1a). The paygrade increase was due to an accumulation of higher quality standard duties which evolved over a period six – seven years (see Exhibit 1b / 4 pages). A paygrade increase that was long overdue, and very well deserved.

Whereas actions to the contrary, newly recognized duties as shown and highlighted in yellow on back page of attached exhibit 1c, suddenly and without reason or explanation, after-hour job operations and performances were mysteriously halted. Duties frozen under the direction of Sports Manager Monica Vargas.

The following daily performed job duties were immediately halted and/or implemented by Vargas:

- No longer allowed Recall for emergencies
- No longer On-call duty during non-working hours
- No longer permitted to accept after-hour emergency telephones calls from Park and Recreation managers, supervisors or other park staff.
- No longer permitted to accept after-hour emergency telephone calls from contract security guards, City police, City fire department, Texas Wildlife Police, call center personnel, Neighborhood Association representatives, citizen complaints, City Film Commissioner and staff, or event organizers. (Has caused mass confusion within our ranks, led to poor customer service, lowered esprit de corps values, and interfered with and negatively affected public service).
- As of January 31, 2024, Park User representatives are no longer permitted take-home City vehicles, which has resulted in workload interference.

On or about October 3, 2023, I met with Human Resource Manger Erica Salamanca and Parks Managing Director Ben Fyffe, and attempted to discuss what I strongly believed was a case of bullying in the workplace, and as commonly practiced by Monica Vargas. In this meeting I tried to bring to light the following bully actions believed to be evident beyond a reasonable doubt. A conduct unbecoming of a professional manager and listed as follow:

- Purposely isolated park user reps & other park employees from opportunities, information, and interaction with others.
- Mysterious and without cause to frozen duties
- Nonessential micro-management of seasoned park user representative duties (over 10 years of Park use knowledge experience)
- Unfair, unwarranted criticism or misplaced faults
- Adopted "policies" by stealth and concealment

Meeting with HR and Ben Fyffe, in my opinion, did not go as I hoped... However, sometime after our meeting Ben Fyffe spoke with Ms. Vargas, and instructed her to conduct weekly or monthly meetings with Park User reps. No other changes noted.

To date, two Park User Reps remain isolated within the confines of a 627 sq. Ft. room with little to no communication with fellow colleagues or members of a management team. Most part of each day, the recreation building offices are mostly unmanned. A handful of employees on some days stop by their offices for short period of time, and leave to the unknown for days on end. A person could suffer a

EXPLANATION OF RIGHTS VIOLATED

medical episode of sorts, hours would pass before the victim would be found – maybe. Each Friday, the building is mostly empty, and manned only by janitorial staff. Unlike City 3 building, the building (Armijo Center) is a far cry from meeting CAPRA standards of operation. Also, ADA non-compliant. Monica Vargas is well aware of the circumstances related to the work environment i.e. lack of safety or well-being, and of two isolated park user representatives.

Most recent, Ms. Vargas directed park user reps (01/30/2024) to conduct a possible unethical action, and an action that clearly violated park policy, regulation, and standard practice of approved/cancelled park use applications. Most recent example, permit # FA-41185, Park User Reps were instructed to cancel an event that had already been created and scheduled on 12/4/2023, Permit was approved and paid for in advance by an organizer of a religious type of event (see attached exhibits 2a,2b, & 2c). In its place a City event, with an application dated January 24, 2024, was to take place on scheduled date. Ms. Vargas wrongfully accused a Park User Representative and wrongfully accused Park User representative in writing, that “due to your oversight in issuing a permit for same day...”, this problem occurred. No such oversight occurred.

I believe Ms. Vargas continues to retaliate against park user representatives, against me in particular, for having voiced and written complaints about her questionable managerial practices and/or wrongful actions as mentioned above.

I have completed the review of your grievance that was submitted to Human Resources on February 22, 2024. In accordance with Civil Service Commission Rule 14, we have reviewed the available facts, documents, and relevant rules.

After reviewing the available information and discussing the matters with you on March 5, 2024, I do not believe any rule violations occurred. During our conversation you agreed with this and stated that you realized you did not have much to support a Grievance, but you wanted your concerns to be heard by Human Resources. Your concerns of bullying and retaliation by your immediate supervisor will not be addressed through the Grievance process, but rather through the Fact Finding/Investigation process as it may be a violation of a Human Resources policy. A member of the Human Resources team has already begun this process and will notify you once it is completed.

If you have any questions or require additional information, please call Tracy Chavarria at (915) 212-1256. If you are not satisfied with my findings, you may appeal to the Civil Service Commission within ten working days from the date you receive this recommendation.

Hello Ben,

I need to clarify what I feel is unethical, is that we have been instructed to cancel an event that is already scheduled and paid for far in advance due to another event wanting to have the same date. If dates are provided in advance for city events, this would not be an issue. No dates were provided.

I fail to see this as unethical.

Chalk the Block is a largescale, internal, City-planned and City-implemented event. The ability to hold spaces for City events that routinely take 12-24 months is not unethical, but fairly standard. Just as you would withhold permitting requests for SJP for December due to knowing to hold for WF, this would be same situation for CTB.

Furthermore, MCAD is exempted by ordinance from needing to pull permits for events. Staff however does this to ensure we avoid situations like this.

Good morning Monica,

The written message to the public on our website from Parks and Recreation states that reservations can be made 12 months in advance and we must receive a notice in writing, email or phone call in order to make the reservation. It is not a common practice to make reservations over the 12 month period. All rules apply to the public and any internal departments.

The existing permit was created on 12/4/2023, therefore there was no oversight on my part. Permits requested regarding Chalk the Block were sent on 1/24/24.

Are you directing us to perform a task that we believe to be unethical and against our written policies and established practices?

As per Ethics ordinance we, employees, shall not recklessly disregard the established practices of the City relating to the duties assigned to the employee as mentioned above.

Mr. Caballero,

A Park User Representative meeting was held on January 29th, 2024 at 2:00pm

In the meeting various topics were discussed, please see the attached meeting agenda.

In regards to grievance that has been brought to my attention is in regards to a permit that was issued to America Needs Fatima Rosary Rally for 10/12/2024 at San Jacinto Plaza.

A request was made to place a hold for the 2024 annual event (and an additional five years subsequently) for Chalk the Block. This event is held the second Saturday in October every year. This request to be blocked was not fulfilled in which created a conflict with the America Needs Fatima event that was scheduled for the same day (10/12/2024).

I advised Joe and Vero to contact the constituent and cancel their event and assist with identifying a remedy or a refund can be issued. Joe replied back "I have to call them and I said yes you do". Both Joe and Vero stated this was unethical as the constituent had already paid. Joe requested an email with this request, as I did send a follow up email with this request (email string will be attached).

Another topic that was discussed was the use of City Vehicles. I advised Joe and Vero that Parks and Recreation was conducting an inventory audit of city vehicles and vehicles that were a "take Home "needed justification. Joe and Vero were advised since they do not respond to after hour/weekend calls, I could not provide a justification to administration. Joe and Vero were advised that the city vehicles they currently operate needed to be stationed at Armijo Recreation Center in the back-parking area by the Aquatics side. This is until I can get both access to the delta corral gate, where they will be able to swipe in and out for the day. Joe stated that I was taking away job duties by taking away a take home vehicle. I stated no duties were being taken away. Joe stated what about events that Park Users had to be present at 6:00am. I stated that they can go to where their vehicle is parked swipe in and drive to the event location and return the vehicle and swipe out for the end of the day. Both were also advised they are no longer allowed to swipe in and out from there City issued laptops. A swipe machine would be

One wounded in shooting at Lincoln Park in Central El Paso

A shooting on Sunday afternoon at El Paso's Lincoln Park sent one person to the hospital, police said.

The shooting was under investigation with police officials releasing no details, only saying that a male had been taken to a hospital with a gunshot wound following a shooting at Lincoln Park, 4001 Durazno Avenue in Central El Paso.

A lowrider car show was taking place at the popular park at the time of the shooting, according to numerous social media posts.

Crime: Driver arrested on capital murder charge after man, woman killed on Turf Road

The well-known park is located below the freeway bridges of the Spaghetti Bowl and is known as "El Corazón de El Chuco" and "El Paso's Chicano Park" for its colorful murals showcasing Mexican American culture.

This year's César Chávez Day celebration, which annually brings together hundreds of lowrider enthusiasts and families, has been canceled following a shooting during a gathering of car clubs at Lincoln Park last week, organizers said.

El Paso police are looking for a group of unidentified teenagers involved in an altercation that sparked a shooting that wounded an innocent bystander during a "Low Lows & Tacos" event on Feb. 25 at the landmark park.

A 47-year-old man was shot and wounded when one of teenaged boys fired a handgun multiple times, Crime Stoppers of El Paso said. The man's name was not disclosed. The unsolved case is the Crime of the Week.

The shooter was described as being 16 to 19 years old and wearing a camouflaged jacket. The shooter was with at least three other boys last seen running toward Roosevelt Street, Crime Stoppers said.

An online flyer promoting the "Low Lows & Tacos" event had asked attendees to not park on the grass, pick up after themselves and for "Respect. No BS. Keep your negativity out of the park."

Lincoln Park is known as "El Paso's Chicano Park" for its famous cultural murals on freeway pillars below the Spaghetti Bowl on Durazno Avenue in South-Central El Paso.

The Lincoln Park Conservation Committee on a Facebook post announced the cancelation due to safety concerns of its annual César Chávez Day celebration, which had been scheduled to take place on March 24.

"We take the safety and security of our Indigenous, Mexican-American, Chicano and Lowrider communities very seriously and will not put anyone at risk," the Lincoln Park Conservation Committee, which was not involved in last weekend's event, said in a statement.

"Our prayers are with the family that was impacted by this senseless violence and hope for a complete and speedy recovery," the committee stated.

The Lincoln Park Conservation Committee said it would meet with the city parks and police departments to work on a plan for future events at the park, where it has worked to preserve murals and to prevent the demolition of Lincoln Center.

Subject: RE: Westside Sports Tournament Concerns

Good morning Monica,

There were several suggestions as to what could be done to make the Westside sports complex ADA compliant. One of the main concerns was the field farthest into the complex with no ADA accessibility. It was recommended that a walk path be installed from the entrance gate along the side of the fenced area all the way to the farthest field. Different types of material were suggested: mesh, concrete, and gravel.

Another issue was the insufficient signage around the park. It was suggested that signage would be put up for of not blocking entry way for emergency vehicles only due to vehicles blocking entrances.

I also recommend we schedule a meeting to discuss the suggestions made by our colleagues.

This complex has a high usage and many violations were noted so we need to bring it up to compliance.

Hello Monica,

Reference: Westside Sports Center Field - ADA

FYI...Yesterday afternoon, Veronica and I met with Capital Improvement Manager Karla Chavez, ADA Coordinator Maricruz Chavez & Park Area Supervisor Garcia, and discussed ADA concern reference to green space sports field accessibility, and ADA violations discovered during our investigation of 12/10/2022. Veronica will be sending you a report reference to our discussion of green space field accessibility, new signage request, gate issues, and more.

On the other hand, this email serves as information as discussed about ADA violations discovered within park's parking lot. Most serious of ADA violations were of tent/canopies temporarily erected on several ADA Accessible parking spaces. ADA parking spaces are identified with appropriate signage (703.7.2.1), and ADA marking/stripping. Moreover, though not in ADA violation, very long extension cords connected to both restroom facilities which provided 'free' or unauthorized use of electrical power to two canopied stations. Also found were a large amount of motor vehicles parked outside of park gates which were in plain view of parking violations e.g. gate entry closures, gate blockage, fire lane blockage, or street parking violations just to mention a few...

I recommend we schedule a meeting to discuss and correct this problem from future occurrence.

Good morning,

Please see attached...While conducting an ADA compliance inspection of the Westside Sports Complex, we received a citizen complaint that wheelchair users – even users on all-terrain wheel chairs - are unable to enter sport field green space. In attached photo marked 4080, you'll note ramp access to concrete walkway, and entrance to green space blocked by signage. Photo marked 4079, shows opposite side of the ramp, and signage in question. You'll note a big and dangerous drop from the concrete sidewalk unto green space. May need to develop wheelchair accessible ground surface, and move signage away from surface.

Good afternoon Monica,

We became aware of an event thru social media that would be taking place at Lincoln park on 2/25. At the time that we became aware there was no permit in place. We made contact with coordinator and asked to meet for a site visit regarding his flyer on social media. Joe and I met with 3 individuals at the park on 2/7 to educate them of process for the use of the park. After a long meeting with these individuals we advised them to fill out a park application and handed them a carbon copy so that they could continue with their event with no problems. We offered them the services we offer every event coordinator to assist with getting the park ready and extra trash barrels. They insisted this was not considered an event but just a gathering and that everyone was welcomed to join. Their flyer came across as an organized event involving lowriders. They also mentioned on having a DJ playing for this "gathering" and we advised that this required an amplification permit. Although they agreed to fill out an application for the permit, we have not received an application from them. Today we got word that this is still a planned event for them. This email is to make you aware of this event taking place on Sunday if you want to go ahead and handle it.

Vero is out on sick leave today, so I'll answer on behalf of both Vero and I...As Vero stated below, we became aware of the event thru social media. Social media provided no names of event organizer. However, through a contact of mine, (which will remain private), we were provided with an address of a person with ties to the event. We followed our lead which took us to a business located at 8203 Alameda. Name of the business is Sudden Impact Auto Collision. We spoke to an employee of the business and asked if we could speak to the person in charge of the business. The person in charge was not in. We handed the gentleman our city business card, and asked for person in charge of the business to contact us. The gentleman did call our office, and spoke with Vero. I do not have his name on hand. As mentioned below, a meeting was set for 2/7. Three male individuals met with us on that day. From the start, one of the male subjects began the speak to us in a very defensive & defiant tone of voice. At the end of our long site meeting, as Vero mentioned below, we instructed them to provide us with a park use application. I do not have on hand any flyer information. According to our private contacts then, according to our private contacts, the event is scheduled to take place throughout the day of 2/25.

Moreover, MACI and Lincoln Neighborhood associations, by way of their personal contacts, were notified of the event. Hector Gonzalez, Lincoln Neighborhood president, called me some time back and questioned this event. I assured him we would investigate.

I have no additional information to provide...

Attached document is of a Facebook posted response to yesterday's unfortunate shooting incident at Lincoln Park. The attitude/mood the author expressed on the Facebook post is one of sadness and regrets about a man who suffered a gunshot wound while at the park. On the other hand, I found the author filled the rest of his post with faloso (not true or correct), or altered description of what truly occurred at the unauthorized car club event.

Make no mistake, the "gathering" as author falsely claimed, was an actual full-fledged car exhibition event. The "gathering" was to consist of approximately "20" participants. Total lie. During the long entire course of our site visit with event organizer(s) there was no mention of their pre-planned eight porta-potties, full-fledged DJ music set up of equipment, and partial street closure. No mention of entertaining well over 100 lowrider vehicles, and hundreds of participants/visitors. Moreover, no mention of, Eric Carrillo's advertised message and I quote, "Anybody got ramps to get cars up on the grass Frank Estrada is trying to find some thanks in advance". Or "Lowriders Only, park on one side at an angle 45, and the other straight to fit as many low lows we can show the community and photographers..."

The author stated, "We did everything the City asked us to do...". By "City" he refers to Park User Representatives Joe Gaines & Veronica Molina. Truly a false statement. He failed to disclose a lot of information to Park User Reps Gaines and Molina. The meeting on 2/7 with Park User Representatives and coordinators consisted of park rules, permit requirements, and safety for our community. Event organizer(s) totally disregarded/ignored our direction.

To be clear, Park User Representatives Gaines and Molina did not agree to or approve to such wrongful event. When Park User representatives meet with event organizers, vendors, etc., safety is the commonality behind every choice and decision. Unfortunately, park users are now limited or restricted in performance of duties in need of further investigation.

Thank you,

Joseph E. Gaines
