

1991 Saul Kleinfeld

City Plan Commission — October 9, 2025

REZONING

CASE NUMBER: PZRZ25-00021
CASE MANAGER: Alejandra González, (915) 212-1506, GonzalezAG@elpasotexas.gov
PROPERTY OWNER: Simpatico East Property LLC
REPRESENTATIVE: Michael Furth
LOCATION: 1991 Saul Kleinfeld Drive (District 6)
PROPERTY AREA: 3.48 acres
REQUEST: Rezone from A-2/sc/sp (Apartment/special contract/special permit) to C-1/sc/sp (Commercial/special contract/special permit)
RELATED APPLICATIONS: N/A
PUBLIC INPUT: None received as of October 2, 2025

SUMMARY OF REQUEST: The applicant is proposing to rezone the subject property from A-2/sc/sp (Apartment/special contract/special permit) to C-1/sc/sp (Commercial/special contract/special permit) to allow for the use of an assisted living facility and commercial day care center.

SUMMARY OF STAFF'S RECOMMENDATION: Staff recommends **APPROVAL WITH CONDITIONS** of the rezoning request. The proposed zoning district is compatible with the current uses in the surrounding area and is consistent with Plan *El Paso*, the City's adopted Comprehensive Plan and the G4, Suburban (Walkable) future land use designation. The recommended conditions are the following:

1. That a detailed site development plan be reviewed and approved per City Code prior to the issuance of certificates of occupancy or certificates of completion.
2. That a ten-foot (10') landscaped buffer with high-profile native or naturalized trees of at least two-inch (2") caliper and ten feet (10') in height shall be placed at twenty feet (20') on center along the property line abutting residential districts or uses. The landscaped buffer shall be irrigated and maintained by the property owner at all times and shall be installed prior to the issuance of any certificates of occupancy.
3. That no outdoor amplified sound be permitted within the property.
4. That a minimum 500-foot distance be required between any establishments deriving 51% or more of their income from the sale of alcoholic beverages for on-premise consumption.

Figure A. Subject Property & Immediate Surroundings

DESCRIPTION OF REQUEST: The applicant is requesting to rezone the subject property from A-2/sc/sp (Apartment/special contract/special permit) to C-1/sc/sp (Commercial/special contract/special permit) to allow for the existing assisted living facility and a proposed commercial day care center. The subject property is approximately 3.48 acres in size. The conceptual site plan shows the existing layout of the development. The conceptual plan is not under review for zoning requirements and is not binding. Main access to the property is from Saul Kleinfeld Drive.

PREVIOUS CASE HISTORY: On June 13, 1995, the property was granted a special permit by City Council to allow for a personal care facility Type B (see Attachment 3). On July 21, 1987, City Council approved of the rezoning of the subject property from R-3 (Residential) to A-2 (Apartment) with the following condition imposed by Ordinance No. 9104 (see Attachment 4):

Prior to the issuance of a building permit for any parcel, a subdivision plat must be files of record with a County Clerk for said parcel.

Note: *The condition has been met.*

COMPATIBILITY WITH NEIGHBORHOOD CHARACTER: The proposed rezoning is consistent with adjacent commercial, apartment and residential zone districts within the area. The surrounding properties include a ponding site zoned R-5 (Residential) to the north. To the south the property includes an assisted living facility zoned A-2 (Apartment), to the east an apartment complex zoned A-O (Apartment/office) and to the west single-family dwellings zoned R-5 (Residential). The property has sidewalks on the surrounding streets. The nearest school, Benito Martinez Elementary, is at approximately 0.7 mile and the closest park, Dick Shinaut Park, is located about 0.3-mile.

COMPLIANCE WITH PLAN EL PASO/REZONING POLICY – When evaluating whether a proposed rezoning is in accordance with <i>Plan El Paso</i>, consider the following factors:	
Criteria	Does the Request Comply?
<p>Future Land Use Map: Proposed zone change is compatible with the Future Land Use designation for the property:</p> <p>G-4, Suburban (Walkable): This sector applies to modern single-use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.</p>	<p>Yes. The proposed development is compatible with the G-4 Suburban (Walkable) Land Use Designation of <i>Plan El Paso</i>.</p>
<p>Compatibility with Surroundings: The proposed zoning district is compatible with those surrounding the site:</p> <p>C-1 (Commercial) District: The purpose of these districts is to serve the needs of surrounding residential neighborhoods by providing compatible neighborhood convenience goods and services that serve day-to-day needs. The regulations of the districts will permit location of business and professional offices and retail category uses within adjacent residential areas of medium and high densities.</p>	<p>Yes. The proposed C-1 (Commercial) zoning district will provide the integration of commercial uses with C-3 (Commercial), A-2 (Apartment), and R-5 (Residential) zoning districts in the surrounding area. Conditions are recommended to safeguard single-family uses allowed in the proximity.</p>
<p>Preferred Development Locations: Located along an arterial (or greater street classification) or the intersection of two collectors (or greater street classification). The site for proposed rezoning is not located mid-block, resulting in it being the only property on the block with an alternative zoning district, density, use and/or land use.</p>	<p>Yes. Access to the subject property is from Saul Kleinfeld Drive, which is designated as a major street per the City of El Paso's Major Thoroughfare Plan (MTP). The classification of the road is appropriate for the proposed use.</p>

THE PROPOSED ZONING DISTRICT'S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:	
Historic District or Special Designations & Study Area Plans: Any historic district or other special designations that may be applicable. Any adopted small areas plans, including land-use maps in those plans.	None. The proposed development is not within any historic districts or study area plan boundaries.
Potential Adverse Effects: Potential adverse effects that might be caused by approval or denial of the requested rezoning.	The proposed development is not anticipated to pose any adverse effects on the community.
Natural Environment: Anticipated effects on the natural environment.	The subject property does not involve sensitive land or arroyo disturbance.
Stability: Whether the area is stable or in transition.	The area has been stable with no rezoning within the last 10 years.
Socioeconomic & Physical Conditions: Any changed social, economic, or physical conditions that make the existing zoning no longer suitable for the property.	None.

ADEQUACY OF PUBLIC FACILITIES, SERVICES AND INFRASTRUCTURE: The proposed development will have access from Saul Kleinfeld Drive, which is designated as a major street in the City's Major Thoroughfare Plan. The classification of this road is appropriate for the proposed development. Sidewalks are currently present along Saul Kleinfeld Drive. There are two (4) bus stops located within walkable distance (0.25 miles) of the subject property. The closest bus stop is along Montwood Drive to the south, which is located 0.2 mile from the subject property.

SUMMARY OF DEPARTMENTAL REVIEW COMMENTS: No adverse comments were received from reviewing departments.

PUBLIC COMMENT: There are no registered neighborhood associations applicable to the subject property. Public notices were mailed to property owners within 300 feet on September 25, 2025. As of October 2, 2025, the Planning Division has not received any communication in support or opposition to the request.

CITY PLAN COMMISSION OPTIONS: The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The City Plan Commission (CPC) has the authority to advise City Council on Zoning matters. In evaluating the request, the CPC may take any of the following actions:

1. **Recommend Approval** of the rezoning request, finding that the request is in conformance with the review criteria of *Plan El Paso* as reflected in the Staff Report, or that the request is in conformance with other criteria that the CPC identifies from the Comprehensive Plan.
2. **Recommend Approval of the rezoning request With Modifications** to bring the request into conformance with the review criteria of *Plan El Paso* as reflected in the Staff Report, or other criteria that the CPC identifies from the Comprehensive Plan. **(Staff Recommendation)**
3. **Recommend Denial** of the rezoning request, finding that the request does not conform to the review criteria of *Plan El Paso* as reflected in the Staff Report, or other criteria that the CPC identifies from the Comprehensive Plan.

Staff recommends **APPROVAL WITH CONDITIONS** of the rezoning request. The proposed zoning district is compatible with the current uses in the surrounding area and is consistent with Plan El Paso, the City's adopted Comprehensive Plan and the G4, Suburban (Walkable) future land use designation. The recommended conditions are the following:

- 1. That a detailed site development plan be reviewed and approved per City Code prior to the issuance of certificates of occupancy or certificates of completion.*
- 2. That a ten-foot (10') landscaped buffer with high-profile native or naturalized trees of at least two-inch (2") caliper and ten feet (10') in height shall be placed at twenty feet (20') on center along the property line abutting residential districts or uses. The landscaped buffer shall be irrigated and maintained by the property owner at all times and shall be installed prior to the issuance of any certificates of occupancy.*
- 3. That no outdoor amplified sound be permitted within the property.*
- 4. That a minimum 500-foot distance be required between any establishments deriving 51% or more of their income from the sale of alcoholic beverages for on-premise consumption.*

Planning and Inspections Department – Plan Review & Landscaping Division

No objections to the proposed rezoning. At the time of submittal for building permit, the project will need to comply with all applicable provisions of the ICC, TAS and Municipal Code.

Planning and Inspections Department – Land Development

The code encourages the use of nonstructural storm water management such as the preservation of greenspace, water harvesting, and the Preservation of Natural Arroyos, to the maximum extent practicable, per Chapter 19.19, Section 19.19.010, and Subparagraph A-2 & A-5.

Streets Lighting

Does not object to this request.

Street Lights Department requires that all projects that involve a roadway are to be evaluated for lighting requirements based on the City of El Paso Street Design Manual (SDM) and the Design Standards for Construction (DSC) according to City of El Paso Codes (cited below). While developing a project or construction area the existing street illumination system shall be protected and preserved. Complete survey for street illumination system shall be

shown on plans. Any change on existing street illumination systems shall be coordinated with Street Lights Department.

For the development of a project a complete set of plans shall be submitted to Street Lights Department for review showing the minimum requirements for street illumination proposals**. The submission shall contain but shall not necessarily be limited to plans indicating the location on the premises of all lighting fixtures, both proposed and existing on the site***. The description of all lighting fixtures, both proposed and existing. Photometric data. Plans shall show street illumination design and details. El Paso city code is applicable to this process, Street Design Manual (SDM)* and any other applicable standards or requirements of the city.

El Paso Water

EPWater does not object to this request.

Water

There is an existing 16-inch diameter water main located 35 feet west of the eastern right-of-way line of Saul Kleinfeld Dr. No direct service connections are allowed to this main as per the El Paso Water - Public Service Board Rules & Regulations.

EPWater records indicate a 4-inch domestic water service and an 8-inch fire line serving the subject property. The address for these services is 1991 Saul Kleinfeld Dr.

Previous water pressure from fire hydrant #6155 located on the northwest corner of Privada Ln. and Saul Kleinfeld Dr. has yielded a static pressure of 48 psi, a residual pressure of 46 psi, and a discharge of 1,061 gallons per minute.

Sanitary Sewer

There is an existing 27-inch sanitary sewer main located approximately 50-feet east of the property. No direct service connections are allowed to this main as per the El Paso Water - Public Service Board Rules & Regulations.

General

An application for additional water and sanitary sewer services should be made 6 to 8 weeks prior to construction to ensure water for construction work. New service applications are available at 1154 Hawkins, 3rd Floor. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWater – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Stormwater

As per the Municipal Code: new developments and redevelopments are required to maintain the pre-development hydrologic response in their post-development state as nearly as practicable to reduce flooding. The code also encourages the use of nonstructural storm water management such as the preservation of green space, water harvesting, and other conservation efforts, to the maximum extent practicable, per Chapter 19.19, Section 19.19.010, and Subparagraph A-2 & A-5.

EPWater-SW recommends using principles of low impact development (such as recessed landscaping, rainwater harvesting, and porous pavement) to reduce the amount of developed stormwater runoff.

El Paso County 911 District

No comments or concerns regarding this zoning.

Texas Department of Transportation

No comments as there appears to be no work affecting the ROW.
