DESCRIPTION OF REQUEST: The applicant is requesting to **amend** the condition imposed on Parcel 1 of the subject property by Ordinance No. 15627, dated January 20, 2004 to allow for appropriate development of the property into single-family residential and commercial developments. The applicant is also requesting to release the condition imposed by Ordinance No. 15708 on Parcel 2 to allow for development of single-family residential lots in a uniform manner among surrounding properties proposed to be rezoned to R-3A (Residential). Parcel 1 consists of 4.23 acres and Parcel 2 consists of 0.19 acres, for a combined total of 4.42 acres. Main access to Parcel 1 is provided from Cimarron Canyon Drive, and access to Parcel 2 is provided from Caveson Court.

PREVIOUS CASE HISTORY: On February 23, 2023, a major combination subdivision application (SUSU23-00009) for Cimarron Canyon Unit 8 was approved by the City Plan Commission with condition that the rezoning be approved prior to recordation.

On January 20, 2004, Parcel 1 (as part of a larger property) was rezoned to C-3/c (Commercial/conditions), and the following condition was imposed via Ordinance No. 15672 (**Attachment 4**) to read:

A ten-foot (10') wide landscaped buffer to include, but not limited to, evergreen trees placed at fifteen (15) feet on center shall be required along the property line where abutting residential or apartment zoning districts. This shall be in addition to the landscaping requirements of Chapter 20.65 of the El Paso Municipal Code and shall be required prior to the issuance of any building permits.

Note: The applicant is requesting to **amend condition to read:**

The portion of Parcel 1 that will remain commercial zoned shall provide a ten-foot (10') landscaped buffer with high-profile native or naturalized trees of at least two-inch (2") caliper and ten feet (10') in height shall be placed at twenty feet (20') on center along the property lines adjacent to residential zone districts or uses. The landscaped buffer shall be irrigated and maintained by the property owner at all times and shall be installed prior to the issuance of any certificates of occupancy or certificates of completion. No landscape buffer shall be required where adjacent to stormwater ponding or open space areas.

On March 2, 2004, Parcel 2 (as part of a larger property) was rezoned to C-4/c (Commercial/conditions), and the following condition was imposed via Ordinance No. 15708 (**Attachment 5**):

A ten (10) foot wide landscaped buffer to include, but not limited to, evergreen trees placed at fifteen (15) feet on center shall be required along any property line abutting residential or apartment zoning districts, except where abutting El Paso Natural Gas Company right-of-way, or a twenty-five (25) foot setback shall be required where abutting residential or apartment zoning districts. This shall be in addition to the landscaping requirements of the Chapter 20.65 of the El Paso Municipal Code and shall be required prior to the issuance of any building permits.

Note: The applicant is requesting to release condition.

COMPATIBILITY WITH NEIGHBORHOOD CHARACTER: The proposed uses of permitted commercial developments and single-family residential developments are compatible with surrounding development. The adjacent properties north of Parcel 1 are proposed to be rezoned to C-3 (Commercial) and R-3A (Residential) (currently zoned C-1 (Commercial)), and to the south is zoned C-3/c (Commercial/conditions), which are vacant lots. East of Parcel 1, adjacent properties are zoned R-3A/c (Residential/conditions) and consist of single-family residential lots, while the property to the west is zoned M-1/sc (Light Manufacturing/special contract) and consist of vacant land. Access to Parcel 1 is provided from Cimarron Canyon Drive, which is designated as a local street, per El Paso's Major Thoroughfare Plan. The closest school for Parcel 1, Silvestre and Carolina Reyes Elementary School is located 0.74 miles from the subject property and the closest park, Cimarron Canyon Unit 1 Park is located 0.08 miles from the subject property.

Adjacent property north of Parcel 2 is zoned C-4/c (Commercial/conditions), and the properties to the east are zoned C-4/c (Commercial/conditions) and R-3A/c (Residential/conditions) and are vacant lots. The properties south of Parcel 2 are proposed to be rezoned to R-3A (Residential) (currently zoned C-1 (Commercial)) and are all vacant.

West of Parcel 2, property is zoned M-1/sc (Light Manufacturing/special contract) and consist of a warehouse. Parcel 2 does not have direct access. The closest school to Parcel 2, Silvestre & Carolina Reyes Elementary School is approximately 1.05 miles from the subject property and the closest park, Cimarron Canyon Unit 1 Park is located approximately 0.26 miles from the subject property.

COMPLIANCE WITH <i>PLAN EL PASO</i>/REZONING POLICY – When evaluating whether a proposed condition release is in accordance with <i>Plan El Paso</i>, consider the following factors:	
Criteria	Does the Request Comply?
<p>Future Land Use Map: Proposed condition release of Parcel 1, and condition release of Parcel 2 is compatible with the Future Land Use designation for the property:</p> <p>G-4, Suburban (Walkable): This sector applies to modern single-use residential subdivisions and office parks, large schools and parks, and suburban shopping centers. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.</p> <p>G7, Industrial and/or Railyards This sector applies to industrial parks, large free-standing industrial uses, refineries, non-military airfields, trucking terminals, and mines, all on large tracts in areas dominated by vehicles. This sector is essential to El Paso’s economy; however, when an industrial use becomes obsolete, there can be potential for mixed-use redevelopment of the site. This sector also includes the existing rail yards which could be redeveloped as mixed-use communities if the rail yards were moved out of town.</p>	<p>Yes. The release and amendment of conditions are necessary for the subject properties as they currently are being rezoned to match adjacent properties and zoning districts. Parcel 1 is proposed to be developed for residential and permitted commercial uses and Parcel 2 is proposed to be developed for residential use, which align with the intent of the future land use designations of <i>Plan El Paso</i>. The proposed uses of Parcels 1 and 2 align with the G-4, Suburban (Walkable) land use designation, while exemplifying the potential for mixed use development of the G7, Industrial and/or Railyards land use designation.</p>
<p>Compatibility with Surroundings: The proposed zoning district is compatible with those surrounding the site:</p> <p>C-3 (Commercial) District: The purpose of the district is to accommodate establishments providing goods and services which are used in support of the community’s trade and service establishments and serving multi-neighborhoods within a planning area of the city. The regulations of the district will permit intensities designed to be compatible with each other and to provide for a wide range of types of commercial activity, including light automobile related uses.</p> <p>R-3A (Residential): The purpose of these districts is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.</p>	<p>Yes. The proposed C-3 (Commercial) and R-3A (Residential) zoning districts (per rezoning PZRZ23-00002) are the same as adjacent zoning districts. The proposed residential and commercial developments are in character with the spirit of the C-3 (Commercial) and R-3A (Residential) zoning districts.</p>

<p>Preferred Development Locations: The site for proposed condition release is not located mid-block, resulting in it being the only property on the block with an alternative condition, zoning district, density, use and/or land use.</p>	<p>Yes. The release and amendment of the imposed conditions will allow the properties to be developed in the same nature as adjacent properties as the subject properties are proposed to be rezoned by application PZR23-00002.</p>
---	--

<p>COMPLIANCE WITH PLAN EL PASO/REZONING POLICY – When evaluating whether a proposed condition release is in accordance with Plan El Paso, consider the following factors:</p>	
<p>THE PROPOSED CONDITION AMENDMENT/RELEASE’S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:</p>	
<p>Historic District or Special Designations & Study Area Plans: Any historic district or other special designations that may be applicable. Any adopted small areas plans, including land-use maps in those plans.</p>	<p>The property lies within the Hillside Development Area. There are no effects created by releasing conditions.</p>
<p>Potential Adverse Effects: Potential adverse effects that might be caused by approval or denial of the requested condition amendment/release.</p>	<p>No adverse effects are anticipated by the condition release of the subject property.</p>
<p>Natural Environment: Anticipated effects on the natural environment.</p>	<p>Parcel 1 and Parcel 2 are located within the Hillside Development Area and adjacent to existing development. There are no anticipated effects on the natural environment.</p>
<p>Stability: Whether the area is stable or in transition.</p>	<p>This area is stable with no rezoning happening in the last 10 years, besides application PZR23-00002 running concurrently with this application.</p>
<p>Socioeconomic & Physical Conditions: Any changed social, economic, or physical conditions that make the existing zoning no longer suitable for the property.</p>	<p>None.</p>

ADEQUACY OF PUBLIC FACILITIES, SERVICES AND INFRASTRUCTURE: Access to the subject property is provided from Cimarron Canyon Drive, Cimarron Gap Drive, and Caveson Court, which are classified as a local streets per the City’s Major Thoroughfare Plan (MTP). The classification of these roads is appropriate for the proposed development. There is an existing shared use path along Resler Drive and Cimarron Canyon Drive. Additionally, the subject property will need to provide adequate infrastructure at the time of development. The nearest bus stop is from Parcel 1 is located 0.08 miles, and the nearest bus stop from Parcel 2 is located 0.64 miles on Resler Drive.

SUMMARY OF DEPARTMENTAL REVIEW COMMENTS: Planning staff has reviewed the applicable conditions imposed on the properties and did not find them to be necessary if rezoned per application PZR23-00002, with the exception of requesting to leave the condition for a portion of Parcel 1 not being rezoned by conditioning the approval. The conditions being released and the proposed amendment by staff will ensure that the subject properties will be developed effectively mitigating any possible negative impacts or without creating any nuisances on adjacent properties.

PUBLIC COMMENT: The subject property does not lie within any neighborhood associations. Property owners within 300 feet of subject property were notified of the condition amendment/release request on June 2, 2023. As of August 10, 2023, the Planning Division has received one (1) email in opposition and three (3) phone calls in support to the rezoning request.

RELATED APPLICATIONS: Rezoning application PZR23-00002 is running concurrently with this application. A ten-foot (10') wide landscaped buffer to include, but not limited to, evergreen trees placed at fifteen (15) feet on center shall be required along the property line where abutting residential or apartment zoning districts.
