PUBLIC COMMENT: Notices of the proposed replat were sent on February 23, 2026 to all property owners within 300 feet of the subject property and within the original subdivision. As of March 5, 2026 staff has not received any calls of inquiry regarding this request.

PLAT EXPIRATION: This application will expire on **March 12, 2029**. If the final plat has not been recorded within the specified date, the final plat approval, unless extended in accordance with El Paso City Code Chapter 19.41 (Expiration, extension and reinstatement), shall expire and the applicable plat shall be deemed null and void.

CITY PLAN COMMISSION OPTIONS:

Subdivision

City Plan Commission (CPC) has sole and final authority on subdivision matters. Subdivision applications in conformance with all applicable code provisions shall be approved by the CPC. When a plat is brought forward to the CPC for review, the Commission may take any of the following actions:

1. **Approval:** The CPC finds that the proposed plat is in conformance with all applicable requirements of Title 19 of the El Paso City Code. **(Staff Recommendation)**
2. **Approval with Conditions:** The CPC may impose conditions that bring the proposed plat into conformance with all applicable requirements of Title 19 of the El Paso City Code.
3. **Denial:** The CPC finds that the proposed plat is not in conformance with all applicable requirements of Title 19 of the El Paso City Code.

Waiver, Exception, Modification Request(s)

The approval of waivers from, or exceptions or modifications to any applicable code provision is at the discretion of the CPC, in consideration of any criteria provided by the El Paso City Code for the review of such waivers, exceptions, or modifications. In evaluating the request(s), the CPC may take any of the following actions:

1. **Approval** of the waiver, exception, or modification request(s), finding that the request(s) is in conformance with the relevant review criteria provided by the El Paso City Code, as reflected in the Staff Report. **(Staff Recommendation)**
2. **Partial approval of the waiver, exception, or modification request(s)**, finding that the request(s) is partially in conformance with the relevant review criteria provided by the El Paso City Code.
3. **Denial** of the waiver, exception, or modification request(s), finding that the request(s) does not conform to the review criteria provided by the El Paso City Code, as reflected in the Staff Report.

To: City of El Paso

This is a request for a waiver for the property at Maximo Drive (Spanish Courts Replat A) on the request from the City of El Paso Planning and Inspections Department comments regarding roadway improvements, parkways and sidewalk and pavement width. This is because Maximo Drive already have existing pavement, parkways, sidewalks and would like them to be except as per Section 19.10.050.A. Would like to waive the:

- Maximo Drive - Requires 48' right-of-way. (Have existing 36' right-of-way)
- Maximo Drive - Required 22' paved roadway. (Have existing 29' paved roadway)
- Maximo Drive - Requires 10' parkway consisting of (2) 5' planter strips, (2) 5' sidewalks (Have (2) existing 3.5' parkways consisting of (2) proposed 3.5' sidewalks)

If you have any questions, please call me at 915-633-6422.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Enrique Ayala', is written over a light blue circular stamp.

Nearest Park: **Mary Frances Keisling Park**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

Streets and Maintenance Department

Traffic & Transportation

- Proposed at least 5-foot sidewalks at parkway

Street Lights

Do not object to this request.

For the development of a subdivision a complete set of plans shall be submitted to Street Lights Department for review showing the minimum requirements for street illumination proposals**. The submission shall contain but shall not necessarily be limited to plans indicating the location on the premises of all lighting fixtures, both proposed and existing on the site***. The description of all lighting fixtures, both proposed and existing. Photometric data. Plans shall show street illumination design and details. El Paso city code is applicable to this process, Street Design Manual (SDM)* and any other applicable standards or requirements of the city.

Street Lights Department requires that a project that involves a roadway is to be evaluated for lighting requirements based on the City of El Paso Street Design Manual (SDM) and the Design Standards for Construction (DSC) according to City of El Paso Codes (cited below). While developing a project or construction area the existing street illumination system shall be protected and preserved. Complete survey for street illumination system shall be shown on plans. Any change on existing street illumination systems shall be coordinated with Street Lights Department.

City of El Paso Codes to be followed:

*Title 19 - 19.16.010 - Streetlighting.

**18.18.190 – Submission contents.

*** 19.02.040 Criteria for approval.

Contract Management

- No objection to application.
- For future improvements, a complete set of improvement plans shall be submitted for review.

General Notes:

- Indicate that any proposed infrastructure improvements located within the city right-of-way must follow the design standards for construction (DSC), in accordance with its municipal code.

Indicate that any damage to existing infrastructure caused by the development of this project must be restore to its original or better condition.

El Paso Water

Engineering

EPWater does not object to this request.

Water:

There is an existing 8-inch diameter water main extending along Maximo Drive, located approximately 10 feet south of the property. This main is available to provide service.

There is an existing 12-inch diameter water main that extends along Westside Drive, located approximately 18 feet east of the right-of-way centerline. This main is available to provide service.

Previous water pressure reading from fire hydrant #10182, last tested on 07/31/2025; located at the northwest corner of Maximo Drive and Westside Drive, yielded a static pressure of 110 psi, a residual pressure of 70 psi, and a flow discharge of 1,404 gpm. The owner should, for his own protection and at his own expense, install at the discharge side of each water meter a pressure regulator, strainer and relief valve, to be set for pressure as desired by the customer. The Lot owner shall be responsible for the operation and maintenance of the above-described water pressure regulating device.

Sewer:

There is an existing 8-inch diameter sewer main extending along Maximo Drive, located approximately 23 feet south of the property. This main is available to provide service.

There is an existing 8-inch diameter sewer main that extends along a 20-foot PSB easement east and parallel Westside Drive, located approximately 50 feet east of the property. This main is available to provide service.

General:

EPWater-PSB requires a new service application to provide service to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current EPWater-PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

Stormwater Engineering

1. Application incorrectly states the proposed drainage will be a regional pond. The proposed drainage on plats is on-site ponding.
2. El Paso Water - SW requires on-site retention of all developed runoff; ensure runoff does not flow off-site.
3. On-site ponding areas and permanent elevation markers shall be constructed and inspected prior to building occupancy. Permanent Certificate of Occupancy, required to obtain utility services, will be issued only after the City of El Paso has performed the inspection.
4. At the improvement plan stage, provide protection to the subdivision from all offsite storm water runoff that may have an adverse impact on any improvements and convey the existing watercourse through the subdivision.

5. The proposed ponding area shall have enough capacity to hold the developed runoff for a designated 100-yr. storm event. Label the pond as "Private".
