## Planning and Inspections Department- Planning Division

Developer / Engineer shall address the following comments:

1. Submit to the Planning & Inspections Department – Planning Division the following prior to recording of the subdivision:
  - a. Current certificate tax certificate(s)
  - b. Current proof of ownership.
  - c. Release of access document, if applicable.
  - d. Set of original copy of restrictive covenants.
2. Provide access agreement for Lot 1 prior to recordation of final plat.
3. Recommend removing the metes and bounds description from the face of the plat.

## Planning and Inspections Department- Land Development Division

1. Lot line between lots 1 & 2 should be lighter than the outer boundary lines.
2. Verify boundary closure report line segments 7 & 8 are off by 5 feet.

## Parks and Recreation Department

Please note that this subdivision is zoned "A3C - C-3C" meeting the requirements for Non-residential uses (General commercial) as well as for Residential dwellings use (multi-family) **restricted to a maximum of 29 dwelling units per acre.**

Applicant is proposing non-residential and residential uses. Therefore, Park Fees will be assessed based on proposed use of each lot:

1. Lot 1 proposed use is residential (multi-family). Covenants restricting the number of dwelling units were not provided. Therefore, park fees will be calculated using gross density:

**2.75 acres X 29 (maximum dwelling units per acre) = 79 multi-family dwellings units**

**79 multi-family dwelling units @ rate of \$680.00 per dwelling unit = \$53,720.00**

2. Lot 2 proposed use is non-residential. Therefore, park fees will be calculated as follows:

**9.32 acres non-residential @ rate of \$1,000 per acre = \$9,320.00**

3. **Applicant shall be required to pay a total of \$63,040.00 in Park Fees**

Please allocate generated funds (if applicable) under Park Zone: **E-7**

Nearest Park: **Salvador Rivas Park**

If density/acreage is increased /decreased or the property zoning /use changes, then "Park fees" will be re-assessed based on applicable conditions.

## El Paso Water

### **Engineering**

Do not object to this request.

### **Water:**

There is an existing 8-inch diameter water main that extends along a 20-foot PSB easement, located south of the property. This water main is available to provide service.

Previous water pressure readings from fire hydrant # 11315, last tested on 08/30/2021, located southeast corner of the property, has yielded a static pressure of 70 psi, a residual pressure of 68 psi, and a discharge of 978 gallons per minute.

**Sanitary Sewer:**

There is an existing 8-inch diameter sewer main that extends along a 15-foot PSB easement, located west of the property. This main dead-ends approximately 300-feet south of Pebble Hills Drive. This main can be extended to provide service.

There is an existing 8-inch diameter sanitary sewer main that extends along a 20-foot PSB easement, located east of the property. This main dead-ends approximately 620-feet south of Pebble Hills Drive. This main can be extended to provide service.

**General:**

Sewer main extension along a PSB easement is required to provide service. Sewer main extension and easement acquisition costs are the developer's responsibility.

No building, reservoir, structure, parking stalls or other improvement, other than asphaltic paving (HMAC), shall be constructed or maintained on the above referenced El Paso Water - PSB easement without the written consent of El Paso Water - PSB. The Developer shall refrain from constructing rock walls, signs, buildings, curbs or any structure that will interfere with the access to the PSB easements. There shall be at least 5-foot setback from the easement line to any building, sign or structure. All easements dedicated for public water and sanitary sewer facilities shall comply with the El Paso Water - PSB Easement Policy. The PSB easements shall be improved to allow the operation of El Paso Water maintenance vehicles. El Paso Water - PSB requires access to the proposed water, sanitary sewer facilities, appurtenances, and meters within the easement 24 hours a day, seven (7) days a week.

During the site improvement work, the Owner/Developer shall safeguard all existing water mains, sewer mains, and appurtenant structures. The Owner/Developer shall minimize changes in grade above or near the vicinity of the existing El Paso Water - PSB facilities and is responsible for the cost of setting appurtenant structures to final grade.

El Paso Water requests that the site be graded so that sanitary sewer may be provided by gravity.

El Paso Water requires a new service application to provide services to the property. New service applications are available at 1154 Hawkins, 3rd floor and should be made 6 to 8 weeks in advance of construction to ensure water for construction work. A site plan, utility plan, grading and drainage plans, landscaping plan, the legal description of the property and a certificate-of-compliance are required at the time of application. Service will be provided in accordance with the current El Paso Water – PSB Rules and Regulations. The applicant is responsible for the costs of any necessary on-site and off-site extensions, relocations or adjustments of water and sanitary sewer lines and appurtenances.

**Stormwater Engineering**

1. Provide an acceptable Stormwater Management plan in accordance with Section 19.19.030 of the current subdivision ordinance.
2. Revise flow patterns on the preliminary plat and identify the final location of all the stormwater runoff.
3. At the improvement plan stage, provide protection to the subdivision from all offsite storm water runoff that may have an adverse impact on any improvements and convey the existing watercourse through the subdivision.
4. On the preliminary plat, show and label the proposed pond location within the lot. Any proposed ponding area shall have enough capacity to hold the developed runoff for a designed 100-yr storm event.

**Streets and Maintenance Department****Traffic Engineering**

- TIA is required. Scope meeting to be scheduled.

**Streetlights** - Do not object to this request.

Zaragoza Rd. / FM0659 is a Texas Department of Transportation (TXDoT) right-of-way (ROW).

For the development of a subdivision a complete set of plans shall be submitted to Street Lights Department for review showing the minimum requirements for street illumination proposals\*\*. The submission shall contain but shall not necessarily be limited to plans indicating the location on the premises of all lighting fixtures, both proposed and existing on the site\*\*\*. The description of all lighting fixtures, both proposed and existing. Photometric data. Plans shall show street illumination design and details. El Paso city code is applicable to this process, Street Design Manual (SDM)\* and any other applicable standards or requirements of the city.

Streetlights Department requires that all projects that involves a roadway is to be evaluated for lighting requirements based on the City of El Paso Street Design Manual (SDM) and the Design Standards for Construction (DSC) according to City of El Paso Codes (cited below). While developing a project or construction area the existing street illumination system shall be protected and preserved. Complete survey for street illumination system shall be shown on plans. Any change on existing street illumination systems shall be coordinated with Street Lights Department.

City of El Paso Codes to be followed:

\*Title 19 - 19.16.010 - Streetlighting.

\*\*18.18.190 – Submission contents.

\*\*\* 19.02.040 Criteria for approval.

#### **Contract Management**

- For all proposed improvement within the city right-of-way, follow the Design Standards for Construction (DSC) in accordance with the municipal code, and include detailed information.
- Indicate that new asphalt or any new concrete structures must be compliant before acceptance and any type of damages must be restored before doing the final walkthrough.
- For future development, a complete set of improvement plans shall be submitted for review.

#### **El Paso Electric**

Please add a 15' wide easement along Zaragoza Rd; we have an existing transmission line. We have attached a copy of the ROW Guidelines.

Please add a 10' wide easement along the perimeter of the proposed lots, for future access.
