## RESOLUTION

**WHEREAS**, the City of El Paso (the "City") is eligible to apply for grants through the Homeland Security Grant Division of the Office of the Governor of the State of Texas ("HSGD"); and

**WHEREAS**, the El Paso City Council seeks to receive grant funding through the HSGD grant/application number 4319701 for the El Paso Police Department project identified as "State Homeland Security Program , FY 2021 Emergency Operation Enhancement"; and

**WHEREAS**, the El Paso City Council previously accepted a version of the HSGD grant # 3967902 on February 2, 2021, which encompassed a larger amount of deliverables, and the granting entity has since changed course and reduced the deliverables requiring separate Council consideration resulting in this Resolution and a companion resolution; and

**WHEREAS**, the grant requires no matching funds by the City; and

**WHEREAS**, the El Paso City Council designates the City Manager or his designee as the City's authorized official.

### **NOW THEREFORE, BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF EL PASO:**

1. That, the El Paso City Council authorizes the submission to the Office of the Governor of the State of Texas, Homeland Security Grant Division, grant application number 4319701, for the City of El Paso Police Department project identified as "Homeland Security Program FY 2021- Emergency Operations Enhancement" to provide financial assistance to the City of El Paso.
2. That the City of El Paso shall provide all applicable matching funds for said grant if applicable;
3. That the City Manager or designee is authorized to apply for, accept, reject, alter and/or terminate said grant; and
4. That the City Council agrees that in the event of loss or misuse of said grant funds, the City of El Paso will return all funds for said grant to the State of Texas Office of the Governor, Homeland Security Grant Division.
5. **BE IT FURTHER RESOLVED THAT**, the City Manager or designee is authorized to sign any related paperwork, including but not limited to, the actual grant contract, the

authorization of budget transfers, and/or revisions to the operation plan, as well as any grant amendments, corrections or extensions of the grant agreement which increase, decrease or de-obligate program funds, provided that no additional City funds are required.

APPROVED this 16<sup>th</sup> day of March 2021.

The purpose of the Homeland Security Grant Program (HSGP) is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the The PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

**Primary Mission and Purpose**

State Homeland Security Program (SHSP): Supports state, Tribal and local preparedness activities that address high-priority preparedness gaps across all core capabilities where a nexus to terrorism exists. All investments must be consistent with capability targets set during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and gaps identified in the State Preparedness Report (SPR).

Many activities which support the achievement of target capabilities related to terrorism preparedness may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism. However, **all SHSP projects must assist grantees in achieving target capabilities related to preventing, preparing for, protecting against, or responding to acts of terrorism.**

**Eligibility Requirements**

### **Criminal History Reporting**

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Beginning January 1, 2021, counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90 percent of convictions and other dispositions within five business days to the Criminal Justice Information System at the Department of Public Safety. Click [here](#) for additional information from DPS on this new reporting requirement.

### **Uniform Crime Reporting (UCR)**

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted. Note: UCR is transitioning from summary reporting to NIBRS only in 2021. Applicants are encouraged to transition to NIBRS as soon as possible in order to maintain their grant eligibility.

### **National Incident Management System (NIMS) Implementation**

Grantees are required to implement NIMS. The NIMS uses a systematic approach to integrate the best existing processes and methods into a unified national framework for incident management across all homeland security activities including prevention, protection, response, mitigation, and recovery. Grantees must use standardized resource management concepts for resource typing, credentialing, and an inventory to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

### **Emergency Management Plans**

Cities and counties must have a current emergency management plan or be a legally established member of an inter-jurisdictional emergency management program with a plan on file with the Texas Department of Public Safety, Texas Division of Emergency Management (TDEM). Plans must be maintained throughout the entire grant performance period and must be at least at the Intermediate Level. If you have questions concerning your Emergency Management Plan (preparedness) level, contact your Emergency Management Coordinator (EMC) or your regional Council of Governments (COG). For questions concerning plan deficiencies, contact TDEM at [tdem.plans@tdem.texas.gov](mailto:tdem.plans@tdem.texas.gov).

### **Eligibility Requirements**

#### **Program Income**

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

**Deduction Method** - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

**Asset Seizures and Forfeitures** - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

## Program Requirements

### Building and Sustaining Core Capabilities

1. All capabilities being built or sustained must have a clear link to one or more Core Capabilities in the National Preparedness Goal.
2. Many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness. Activities implemented under SHSP must support terrorism preparedness by building or sustaining capabilities that relate to the prevention of, protection from, mitigation of, response to, and recovery from terrorism.
3. Funding should be used to sustain core capabilities. New capabilities should not be built at the expense of maintaining current and critically needed core capabilities. New capabilities must be aligned with capability targets and gaps identified through the THIRA/SPR process.

### Mission Areas

The National Preparedness Goal organizes the core capabilities into the five mission areas:

- **Prevention.** Prevent, avoid or stop an imminent, threatened or actual act of terrorism.
- **Protection.** Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations, and way of life to thrive.
- **Mitigation.** Reduce the loss of life and property by lessening the impact of future disasters.
- **Response.** Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
- **Recovery.** Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

### Nationwide Cyber Security Review

Grantees will be required to complete the Nationwide Cybersecurity Review (NCSR), enabling agencies to benchmark and measure progress of improving their cybersecurity posture. The Chief Information Officer (CIO), Chief Information Security Officer (CISO), or equivalent for each recipient agency should complete the NCSR. If there is no CIO or CISO, the most senior cybersecurity professional should complete the assessment. The NCSR is available at no cost to the user and takes approximately 2-3 hours to complete. For more information about the NCSR, visit: <https://www.cisecurity.org/ms-isac/services/ncsr/>.

### Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

I certify to all of the application content and requirements.

### Project Summary :

Briefly summarize the project, including proposed activities and intended impact.

This project will enhance emergency management and first responder preparedness by providing updated and enhanced equipment necessary to prevent and respond to acts of terrorism, natural disasters, and other calls for service. This project will supply emergency managers and first responders with camera upgrades for the regional mobile command post.

### Problem Statement :

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

El Paso County with an estimated population of 840,000, its proximity to Mexico, and it serving as the headquarters for Fort Bliss, make El Paso a prime target for terrorism and similar types of attacks. El Paso also consists of numerous Critical Infrastructure facilities, assets, and networks.

These include but are not limited to commercial facilities, communications structures, International dams, emergency services, and transportation services. All of the listed infrastructure sectors are potential targets for terrorism to include threats of active shooter attacks, hazardous chemical releases and natural disasters, which would require a major response from El Paso Police personnel both locally and regionally. This project will improve Emergency Management and Law Enforcement response to mass casualty incidents and terrorism related incidents identified in the regional THIRA. The THIRA identifies threats to include active shooter attacks as well as all other major incidents in the region (THIRA Pg. 7,9,10 and 11).

#### **Existing Capability Levels :**

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

The department currently utilizes the regional mobile command post at all major incidents and planned events. These incidents include major crime scenes and all planned events to include parades, festivals and gathering with a potential for a terror attack and or civil unrest. The mobile command post provides agencies with a planning and coordination area to conduct ICS operations in a safe and secure environment. From the mobile command post, agency leaders are able to direct and coordinate personnel to mitigate, disrupt and respond to an act of terrorism, major incidents and natural disasters.

#### **Capability Gaps:**

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR). The capability gap addressed by this project is "interdiction and disruption" on pages 13-14 of the 2020 SPR. Sustainment and replacement of outdated and obsolete equipment is addressed in the POETE section of the same core capability. Although the regional mobile command post is currently equipped with an exterior camera systems, the current components are failing and are becoming obsolete. Additionally, the requested equipment project is essential in preventing, mitigating and responding to acts of terrorism and natural disasters at major crime scenes and large scale planned events.

#### **Impact Statement :**

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps.

This project will reduce gaps in preparedness and response by providing the Emergency Operations Center with terror detection equipment. Additionally, this project will enhance infrastructure and security aboard the mobile command post. This project will enhance the Emergency Operations Center and it's regional partners with the ability to prepare, mitigate and respond to acts of terrorism, active shooters, natural disasters and major incidents.

#### **Homeland Security Priority Actions:**

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. *1.2.3 Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.*)

**4.1.1** Develop a regionally focused multi-discipline, all hazards response system that ensures each region statewide has the necessary response teams and resources.

#### **Target Group :**

Identify the target group and population expected to benefit from this project.

This project will target all members of the El Paso City/County Emergency Operations Center and will benefit the entire community and regional partners.

#### **Long-Term Approach:**

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable.

With this funding, The El Paso Police Department will be able to maintain a more efficient and effective regional response level. With funding, the El Paso Police Department will continue to improve response capabilities and quality of service to the citizens of El Paso and RGCOG area of

responsibility. Without federal funding, the capabilities of the El Paso Police Department are diminished. Other funding sources would need to be explored to maintain the current capability levels of the department. Federal and State grants enable the department to maintain its current level of response.

**Project Activities Information**

**HSGP Instructions for Project Activity Selection**

Homeland Security Grant Program (HSGP) applicants should only select one project activity. The eGrants system will allow multiple selections, but each HSGP subrecipient project must fit into one and only one of the Investment Categories that are listed as project activities under the "Activity List".

**Selected Project Activities:**

ACTIVITY	PERCENTAGE:	DESCRIPTION
Emergency Operations Center Technology and Enhancements	100.00	This project will provide El Paso emergency managers and first responders with equipment for use in responding to acts of terrorism and natural disasters. This project is for the upgrade of the exterior camera system aboard the regional mobile command post.
