DESCRIPTION OF REQUEST: The applicant is requesting a special exception to permit the construction of a proposed home addition to an existing single-family dwelling, 30 feet of which would extend into the required rear yard setback for a 1237 square foot area of total encroachment. Additionally, the applicant is requesting to allow to legalize an existing accessory structure, 15 feet of which would extend into the required side yard setback for a 270 square foot area of total encroachment.

BACKGROUND: The minimum rear setback is 30 feet in the R-1 (Residential) zone district. The required rear setback for the subject property is 64 feet to meet the cumulative front and rear setback of 100 feet in the R-1 (Residential) zone district. The minimum side setback is 15 feet to meet the cumulative side and side street setback of 40 feet in the R-1 (Residential) zone district. Aerial imagery indicates that at least two other homes on the same block show similar encroachments.

The current owner has owned the property since 2018 and the attached accessory structure is unknown since when it has been existent but based on aerial imagery, it goes far back and even further 2006. Based on a 2009 aerial imagery, the property existed back then as it does today, with the accessory structure in its current location.

The proposed addition will connect the main residence to the existing garage. The existing rear porch complies with Section 20.10.040 – Yards, which permits an unenclosed porch to extend up to 12 feet and 180 square feet into the required rear yard setback.
