Zoning Board of Adjustment — January 26, 2026

<b>CASE NUMBER:</b>	<b>PZBA25-00049</b>
<b>CASE MANAGER:</b>	Alejandra González, (915) 212-1506, GonzalezAG@elpasotexas.gov
<b>PROPERTY OWNER:</b>	Saul Javier Marquez Romero
<b>REPRESENTATIVE:</b>	Saul Javier Marquez Romero
<b>LOCATION:</b>	11837 Chelita Dr. (District 6)
<b>ZONING:</b>	R-5 (Residential)
<b>REQUEST:</b>	Special Exception J (Carport Over a Driveway) and Special Exception K (Existence Fifteen Years or More)
<b>PUBLIC INPUT:</b>	None received as of January 20, 2026

**SUMMARY OF REQUEST:** Applicant requests a Special Exception under Section 2.16.050 J (Carport Over a Driveway) to legalize an existing carport over a driveway and Section 2.16.050 K (Existence Fifteen Years or More) to allow to legalize an existing rear porch in an R-5 (Residential) zone district.

**SUMMARY OF STAFF'S RECOMMENDATION:** Staff recommends **APPROVAL WITH CONDITIONS** of the special exception request as the requested area of encroachment is less than the maximum permitted for a carport and the requested encroachment has been in existence for more than fifteen (15) years. The conditions are as follows:

1. That the materials on the carport shall be in keeping with the main home and the slope of the canopy shall be in alignment with the roof structure of the main home.
2. That the accessory structure shall be relocated from the 5-foot easement area.

Figure A. Aerial of Subject Property & Immediate Surroundings

**DESCRIPTION OF REQUEST:** The applicant is requesting a special exception to legalize the construction of an existing carport of approximately 19 feet 6 inches by 16 feet 1.5 inches and an area of 315 square feet, of which 238.07 square feet encroaches 12.08 feet into the front yard setback and is located within 1.67 feet of the front property line. The applicant is also requesting a special exception to allow to legalize an existing open porch of approximately 23 feet by 13 feet 9 inches and an area of 311.22 square feet which is encroaching 13 feet 9 inches into the required rear yard setback.

**BACKGROUND:** The minimum front setback is 10 feet in the R-5 (Residential) zone district. The required front setback for the subject property is 15 feet to meet the cumulative front and rear setback of 45 feet in the R-5 (Residential) zone district.

The current owner has owned the property since 2023 and the main building was constructed in 1985 based on El Paso Central Appraisal District records; however, the exact date of construction for the rear porch is unknown. Aerial imagery from 2009 confirms that the rear porch existed in its current location and condition at that time, indicating the encroachment has been presented for over 15 years.

Maximum Permitted Area of Encroachment	261.28 Square Feet	1/5 of 1306.4 Sq. Ft. (House 1 <sup>st</sup> floor area)
Requested Area of Encroachment	238.07 Square Feet	12.08 Feet by 19 feet 6 inches Feet (Encroachment only)

#### COMPLIANCE WITH SPECIAL EXCEPTION 2.16.050.J CRITERIA

The Zoning Board of Adjustment is empowered under Section 2.16.050.J to:

*Permit the encroachment into the required front yard setback for a lot in a residential (R) district beyond other allowed modifications for a carport covering a driveway, provided the following criteria is met:*

Criteria	Does the Request Comply?
1. The residence has been in existence with a valid certificate of occupancy for one continuous year;	Yes. The residence has a valid certificate of occupancy for one continuous year.
2. The zoning board of adjustment has received the written approval of the structural design from the building official;	Yes. The Building Official has reviewed the request, and has provided written approval.
3. The carport shall resemble the main residential structure in scale and character and shall be open on three sides;	Yes. The existing carport shall resemble the main residential structure and is open on three sides.
4. The area of the carport shall not exceed one-fifth of the first-floor area under roof of the dwelling, with the first-floor area of the dwelling defined as the sum of the gross horizontal area, exclusive of garages, atriums, stairwells, and open porches, measured from the exterior faces of the exterior walls; and, shall be measured as the area covered by the carport roof, to include overhangs;	Yes. The existing carport encroachment of 138.12 square feet is less than the maximum allowed area of 261.28 square feet.

5. Elevation drawings of the proposed structure shall be submitted;	Yes. Elevation drawings of the existing structure were submitted.
6. For a duplex, the total of all extensions for either unit of the duplex shall not exceed two-thirds of the average width of that unit;	Not applicable. This is not a duplex.
7. There is no other reasonable alternative to provide a carport in the front yard of the subject property without exceeding the encroachments allowed in Title 20 of this Code;	Yes. It is not possible to provide a carport in the front yard without encroaching into the required front setback.
8. Unless otherwise provided in this chapter, all remaining areas of the required front yard shall be permanent open space.	Yes. With the exception of any existing structures, remaining area shall be permanent open space

#### **COMPLIANCE WITH SPECIAL EXCEPTION 2.16.050.K CRITERIA**

The Zoning Board of Adjustment is empowered under Section 2.16.050.K to:

*Permit the encroachment into the required yard setbacks for structures; provided, however, that the applicant can prove the following conditions:*

<b>Criteria</b>	<b>Does the Request Comply?</b>
1. The encroachment into the required yard setback has been in existence for more than fifteen years;	Yes. The encroachment has been in existence for more than fifteen years.
2. Neither the applicant nor current property owner is responsible for the construction of the encroachment;	Yes. The owner is not responsible for the construction of the encroachment.
3. Neither the applicant nor the current property owner owned the property at the time the encroaching structure was constructed or built;	Yes. The owner did not own the property at the time.
4. The encroachment, if into the required front yard setback, does not exceed fifty percent of the required front yard setback;	Not applicable. Encroachment is not into the front yard setback.
5. The encroachment does not violate any other provision of the El Paso City Code.	Yes. The encroachment does not violate any other provision of the El Paso City Code.

**PUBLIC COMMENT:** Public notice was sent on November 24, 2025 to all property owners within 300 feet of subject property. The Planning Division has not received any communications in support or opposition to the special exception request.

#### **ZONING BOARD OF ADJUSTMENT OPTIONS:**

The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The Zoning Board of Adjustment (ZBA) has the authority to grant a special exception to the zoning code only as provided in El Paso City Code Titles 2 and 20. In evaluating the request, the ZBA may take any of the following actions:

1. **Approval** of the special exception request, finding that the request is in harmony with the spirit and purposes of Titles 2 and 20, including the preservation of the essential character of the district in which the property is located, that the public convenience and welfare will be substantially served, and that the use of neighboring property will not be substantially injured.
2. **Approval with Modifications** of the special exception request to bring the request into conformance as provided in El Paso City Code Titles 2 and 20 as the board deems appropriate. (**Staff Recommendation**)
3. **Denial** of the special exception request, finding that the request does not conform to the review criteria as provided in El Paso City Code Titles 2 and 20.

<b>REQUEST:</b>	Variance from City Code Section 20.18.490.A
<b>PUBLIC INPUT:</b>	None received as of January 20, 2026

**SUMMARY OF REQUEST:** Applicant requests a Variance under Section 2.16.030 to permit two (2) additional auxiliary signs and permit all proposed auxiliary signs to exceed the allowable square footage and height as required per El Paso City Code Section 20.18.490 – Additional on-premise signs, subsection A, for a proposed large-scale warehouse facility in an M-1 (Light Manufacturing) zone district.

**SUMMARY OF STAFF'S RECOMMENDATION:** Pending.

Figure A. Aerial of Subject Property & Immediate Surroundings

**DESCRIPTION OF REQUEST:** The applicant is requesting a Variance under Section 2.16.030 to permit two (2) additional proposed auxiliary signs and permit all proposed auxiliary signs to exceed the allowable square footage and height per El Paso City Code Section 20.18.490 – Additional on-premise signs, subsection A, for a large-scale warehouse facility in an M-1 (Light Manufacturing) zone district. The applicant states the signage may not be sufficient to direct traffic for the proposed business. Please note that the request is being updated from the applicant.

**BACKGROUND:** The subject property will be occupied by Amazon distribution center, which is currently under construction.

The purpose of the El Paso City Code Section 20.18 – Sign Regulations is to provide adequate opportunity of free speech, protect the health, safety, and general welfare of the City and its residents, enhance the aesthetic value of the City's landscape by reducing visual clutter, protect adjacent and nearby properties from excessive or inappropriate signage, protect the safety and efficiency of the City's transportation network by reducing confusion and distractions, and to preserve, protect, and enhance areas of designated historical, architectural and scenic value. A request may be considered by the Zoning Board of Adjustment if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship.

Definition of Unnecessary Hardship, Section 20.02.1128:

*"Unnecessary hardship" means a hardship by reason of exceptional shape of a lot, exceptional topographic conditions, or other exceptional physical conditions of a parcel of land. Unnecessary hardship shall not include personal or financial hardship or any other hardship that is self-imposed.*

Section 20.18.490 of the El Paso City Code, regulates additional on-premise signs, which under Subsection A provides the criteria for auxiliary signs as follows:

1. *Permit required: yes;*
2. *Maximum number: four;*
3. *Maximum sign area: ten square feet per sign;*
4. *Maximum sign height: three feet for freestanding auxiliary signs;*
5. *Location:*
  - a. *Freestanding auxiliary signs, no portion of the sign shall be closer than fifteen feet from the back of the curbline; if the property line is located more than fifteen feet from the curbline, signs shall be erected within the property line, and no portion of a sign shall extend beyond the property line,*
  - b. *Wall auxiliary signs, no portion shall not project more than eighteen inches from the face of the wall or the surface of the canopy or awning; shall be erected in such a manner that building fenestration is not obscured and the architectural integrity of the building is not altered; shall not extend beyond the edges of the structure;*
6. *Illumination: not permitted.*

Auxiliary sign is defined in El Paso City Code Section 20.02.884 as a sign with no commercial advertising, except for the name or logo of the business or establishment, that pertains to the safe and efficient movement of pedestrians and vehicular traffic into and out of a building or premises and that has a directional purpose secondary to the use of the lot on which it is located, such as "no parking," "entrance," "loading only," "telephone," "emergency entrance," and other similar directives.

The applicant has referenced the following information regarding the nature of the variance request:

- Anchor Sign, on behalf of Amazon.com Services LLC ("Applicant"), respectfully submits this request for variances from the applicable provisions of the City of El Paso Zoning Code pertaining to exterior signage for the new Amazon Delivery Warehouse to be constructed on an approximately 28.41-acre parcel. The requested relief is necessary to accommodate safe and efficient vehicular circulation to, from, and within the facility.
- Pursuant to Zoning Code 2.18.450 - lots exceeding four acres are permitted two monument signs per street frontage, each limited to 100 square feet in area and 10 feet in height. The signs proposed by the Applicant

include wayfinding content essential to directing traffic to appropriate access points and are therefore classified as "auxiliary signs" under the Code.

However, Zoning Code 2.18.490 restricts auxiliary signage to a maximum of four signs per site, each not to exceed 10 square feet in area and three feet in height. For a facility of this scale-serviced by significant volumes of large commercial vehicles, including semi-trailers and delivery vans-auxiliary signage limited to three feet in height and 10 square feet in area would be functionally inadequate and present clear safety concerns.

- Hardship and Necessity for Variance - due to the substantial acreage of the site and the number of required ingress and egress points, strict compliance with the auxiliary sign standards would result in signage that is not reasonably visible or legible to approaching drivers, particularly operators of larger vehicles whose sightlines and stopping distances differ materially from those of passenger vehicles. Inadequate wayfinding signage would foreseeably lead to driver confusion, unsafe maneuvers, missed entrances, and increased truck and van circulation through adjacent residential neighborhoods as drivers attempt to reorient themselves. To mitigate these concerns, the Applicant proposes the installation of non-illuminated post-and-panel directional signs of approximately 30 square feet in area and 7 feet in overall height, strategically located at multiple entrances to ensure safe and efficient traffic flow for employees, delivery personnel, contractors, and the surrounding public. To ensure that approaching motorists have sufficient time and distance to perceive, interpret, and respond to the information necessary to execute safe turning and lane-change movements.
- Impact on the Public Interest and Intent of the Ordinance - the variances requested represent the minimum deviation necessary to permit reasonable and safe: use of the property as a high-traffic logistics facility. The proposed signage program is consistent with established wayfinding standards used at other Amazon facilities nationwide and is designed to enhance traffic predictability and reduce conflicts between commercial and residential traffic. Granting the requested relief will not confer any special privilege upon the Applicant beyond what is necessary to accommodate the unique operational and safety needs associated with a facility of this scale. The proposed signage will not adversely affect public welfare, surrounding property values, or neighborhood character; to the contrary, it will materially improve roadway safety and reduce the likelihood of heavy-vehicle circulation through nearby communities.
- Conclusion - for the foregoing reasons, the Applicant respectfully submits that strict enforcement of the auxiliary signage limitations would create a practical difficulty and safety hardship inconsistent with the intent and purpose of the City of El Paso Zoning Code. The requested variances are reasonable, aligned with best-practice traffic-management standards, and clearly in the public interest. Accordingly, Anchor Sign, on behalf of Amazon.com Services LLC, respectfully requests that the City of El Paso Zoning Board of Appeals grant the variances described herein and approve the proposed signage plan.

**CALCULATIONS:** The following calculations apply to each auxiliary sign.

	REQUIRED	REQUESTED
Area	10 Square Feet	30 Square Feet
Height	3 Feet	7 Feet

#### COMPLIANCE WITH EL PASO CITY CODE SECTION 2.16.030

The Zoning Board of Adjustment is empowered under Section 2.16.030 to:

*Authorize in specific cases a variance from the terms of a zoning ordinance if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done.*

**The following questions should be carefully considered in order to grant a variance:**

Questions

Does the Request Comply?

1. Is the need for the variance due to special conditions?	Pending.
2. Would a literal enforcement of the ordinance create an unnecessary hardship?	Pending.
3. Is the variance consistent with public interest?	Pending.
4. Would the spirit of the ordinance be observed and substantial justice done if the variance is approved?	Pending.

**PUBLIC COMMENT:** Public notice was sent on January 16, 2026 to all property owners within 300 feet of subject property. The Planning Division has not received any communications in support or opposition to the special exception request.

**ZONING BOARD OF ADJUSTMENT OPTIONS:** The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The Zoning Board of Adjustment (ZBA) may authorize in specific cases a variance from the terms of the zoning ordinance (Title 20) or as specified in (Title 21) SmartCode if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done. In evaluating the request, the ZBA may take any of the following actions:

1. **Approval** of the variance request, finding that the request is in harmony with the spirit and purposes of Titles 2 and 20, including the preservation of the essential character of the district in which the property is located, that the public convenience and welfare will be substantially served, and that the use of neighboring property will not be substantially injured.
2. **Approval with Modifications** of the variance request to bring the request into conformance as provided in El Paso City Code Titles 2 and 20 as the board deems appropriate.
3. **Denial** of the variance request, finding that the request does not conform to the review criteria as provided in El Paso City Code Titles 2 and 20.

**PROPERTY OWNER:** 375 Properties LLC  
**REPRESENTATIVE:** Nova Signs & Graphics Corporation  
**LOCATION:** 1500 Joe Battle Blvd.  
**ZONING:** C-3 (Commercial)  
**REQUEST:** Variance from City Code Section 20.18.450.B  
**PUBLIC INPUT:** None received as of January 20, 2026

**SUMMARY OF REQUEST:** Applicant requests a Variance under Section 2.16.030 to permit a proposed pole sign to exceed the maximum height as required per El Paso Code Section 20.18.450.B for a proposed automotive dealership in the C-3 (Commercial) district.

**SUMMARY OF STAFF'S RECOMMENDATION:** Staff recommends **DENIAL** of the Variance request to permit a pole sign to exceed the maximum height as requested.

## PZBA26-00001

Figure A. Aerial of Subject Property & Immediate Surroundings

**DESCRIPTION OF REQUEST:** The applicant is requesting a Variance under Section 2.16.030 to permit a proposed pole sign to exceed the maximum height on a lot with a freeway frontage in the C-3 (Commercial) district. Per El Paso City Code Section 20.18.450.B – Pole Sign, the maximum height permitted is thirty-five feet (35'). The request is for a pole sign with a height of forty-five feet (45'). The subject property is 15.04 acres in size.

**BACKGROUND:** The subject property will be occupied by El Paso Honda Dealership, which is currently under construction.

The purpose of the El Paso City Code Section 20.18 – Sign Regulations is to provide adequate opportunity of free speech, protect the health, safety, and general welfare of the City and its residents, enhance the aesthetic value of the City's landscape by reducing visual clutter, protect adjacent and nearby properties from excessive or inappropriate signage, protect the safety and efficiency of the City's transportation network by reducing confusion and distractions, and to preserve, protect, and enhance areas of designated historical, architectural and scenic value. A request may be considered by the Zoning Board of Adjustment if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship.

Definition of Unnecessary Hardship, Section 20.02.1128:

*“Unnecessary hardship” means a hardship by reason of exceptional shape of a lot, exceptional topographic conditions, or other exceptional physical conditions of a parcel of land. Unnecessary hardship shall not include personal or financial hardship or any other hardship that is self-imposed.*

Section 20.18.450.B of the El Paso City Code, pole signs shall comply with the following requirements:

Districts	Permit Required	Maximum Number	Maximum Height	Maximum Sign Area
Primary signs in C-2, C-3, C-4, Q, M-1, M-2 and M-3 with interstate or freeway frontage	Yes	Premises up to one acre, not more than one per premise; premises greater than one acre up to six acres, not more than one per street frontage not to exceed two per premise; premises greater than six acres, not more than two per street frontage not to exceed four per premise	35 feet above ground at the sign or the pavement grade of the freeway, whichever is greater	200 square feet

1. *Location: No portion of the sign shall be closer than fifteen feet from the back of the curbline; if the property line is located more than fifteen feet from the curbline, signs shall be erected within the property line, and no portion of a sign shall extend beyond the property line.*
2. *For the purposes of this section, interstate or freeway frontage is defined as Interstate Highway 10, US Highway 54, Joe Battle Boulevard, and Americas Avenue only. In no case shall a freeway primary pole sign exceed fifty feet or the height.*
3. *For minor and collector arterials, a primary pole sign is not permitted. Only a primary monument sign is permitted and shall not exceed eighty square feet in sign area and eight feet in height.*
4. *For minor and collector arterials, a shopping center pole sign is not permitted. Only a shopping center monument sign is permitted and shall not exceed eighty square feet in sign area and twelve feet in height.*
5. *For detached buildings in shopping center signs, the sign height shall not exceed fifteen feet along major arterial. For detached buildings in shopping center signs along minor or collector arterials, a pole sign is not permitted. Only a monument sign is permitted and shall not exceed eighty square feet in sign area and eight feet in height.*
6. *Illumination: Internal or indirect; may not be flashing or intermittent;*
7. *Additional standards: Shall comply with Section 20.18.400 of the El Paso City Code.*

The applicant has referenced the following information regarding the nature of the variance request:

- Currently we're only allowed 35 feet of overall height for the pylon sign. We're asking Zoning to give us an extra 10 feet to make the pylon sign match the size of your dealership and to match the ordinance that you already have for shopping centers. Dealerships are technically shopping center for vehicles. But we're not going to distinguish the dealership as a shopping center. We're not asking for a bigger pylon head or any extra square footage for the sign itself. We're just asking to extend it up an extra 10 feet. It's going to make a world of difference with how the sign is perceived by the public and how it will look with the rest of the property. Plus, it will be better suited at 45 feet compared to 35 feet with relationship to your 164 feet flagpole. We also have Vista Del Sol within 4,000 feet of where the sign will be placed on the corner of the property.
- In doing a flag test with a crane at 35 feet and 45 feet. This is where you put a basket up in the air and hang a tarp from it that is roughly the size of what the sign will be. We have driven up and down Joe Battle and Loop 375. You may not think it, but the sign is easily lost and kind of blends in at 35 feet OAH. At 45 feet, the sign stands out and is easily seen. The extra 10 feet in height cuts out all of the traffic sign and everything that's in the way, with bridges, and walls and things around the property.
- This will be the biggest Honda dealership in the entire United States. Honda of America has already confirmed that they will be flying in other dealers from around the United States to show them this Flagship dealership. This will put El Paso on the map for the entire United States car industry and bring massive attention to El Paso.

#### **CALCULATIONS:**

	<b>REQUIRED</b>	<b>REQUESTED</b>
Max Height	35 Feet	45 Feet

**ANALYSIS:** Staff recommends denial of the Variance request. There are no special conditions inherent to the subject property that would entitle it to a Variance that would allow for the relief sought. It is further found that the hardship is not inherent to the lot such as unusual shape, size, or topography, that create a hardship to prevent compliance with the maximum permitted sign height. Variances are intended to address unique physical or site-specific hardships, the request is primarily based on visibility, branding, and economic or promotional considerations, which do not constitute a qualifying hardship under variance standards. Visibility challenges related to traffic signage, bridges, and surrounding development are common along major corridors and are not unique to this property. Automobile dealerships are regulated separately from shopping centers under the zoning ordinance and are not entitled to shopping center sign standards.

While staff acknowledges the applicant's flag test results and concerns regarding visibility along Joe Battle Boulevard and Loop 375, reduced visibility and sign relationship to lot size is not sufficient justification for exceeding the maximum height. Many properties along major corridors experience similar visual competition from infrastructure, traffic signage, and surrounding development, while complying with established height limits. The property can accommodate compliant signage within the 35-foot height limit. Based on the above findings, staff recommends denial of the variance request to exceed the maximum pole sign height. The request does not demonstrate a hardship and is inconsistent with the intent and uniform application of the zoning ordinance.

## COMPLIANCE WITH EL PASO CITY CODE SECTION 2.16.030

The Zoning Board of Adjustment is empowered under Section 2.16.030 to:

Authorize in specific cases a variance from the terms of a zoning ordinance if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done.

**The following questions should be carefully considered in order to grant a variance:**

Questions	Does the Request Comply?
1. Is the need for the variance due to special conditions?	No. It is not inherent to the lot such as unusual shape, size, or topography, that prevent compliance with the maximum permitted sign height.
2. Would a literal enforcement of the ordinance create an unnecessary hardship?	No. The property can be reasonably used and developed with a pole sign that complies with the 35-foot maximum height.
3. Is the variance consistent with public interest?	No. The requested variance is not consistent with the public interest.
4. Would the spirit of the ordinance be observed and substantial justice done if the variance is approved?	No. According to 20.18.030 (Purpose), the purpose of the sign ordinance, in part, is to: <ul style="list-style-type: none"><li>Allow adequate opportunity for the exercise of free speech by the display of a message or an image on a sign, while balancing that opportunity against the community and public interests affected by signs;</li><li>Enhance the aesthetic value of the city's landscape by reducing visual clutter that is potentially harmful to property values and economic development;</li><li>Protect adjacent and nearby properties from the impact of excessive or inappropriate signage.</li></ul>

**PUBLIC COMMENT:** Public notice was sent on January 15, 2026 to all property owners within 300 feet of subject property. The Planning Division has not received any communications in support or opposition to the special exception request.

**ZONING BOARD OF ADJUSTMENT OPTIONS:** The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The Zoning Board of Adjustment (ZBA) may authorize in specific cases a variance from the terms of the zoning ordinance (Title 20) or as specified in (Title 21) SmartCode if the variance is not contrary to the public interest and, due to special conditions, a literal enforcement of the ordinance would result in unnecessary hardship, and so that the spirit of the ordinance is observed and substantial justice is done. In evaluating the request, the ZBA may take any of the following actions:

1. **Approval** of the variance request, finding that the request is in harmony with the spirit and purposes of Titles 2 and 20, including the preservation of the essential character of the district in which the property is located, that the public convenience and welfare will be substantially served, and that the use of neighboring property will not be substantially injured.
2. **Approval with Modifications** of the variance request to bring the request into conformance as provided in El Paso City Code Titles 2 and 20 as the board deems appropriate.
3. **Denial** of the variance request, finding that the request does not conform to the review criteria as provided in El Paso City Code Titles 2 and 20. **(Staff Recommendation)**
