Type of Injury/Incident (Continued from first page)**Describe What Happened** (Continued from first page)

On June 30, 2025, a physical altercation occurred between two groups of basketball players during open gym hours. Immediately after the incident, all individuals involved left the center and were not identified at the time. On July 2, 2025, two individuals from one of the groups, identified as T'Affalous and T'Var, returned to participate in open gym. I approached them, presented the Code of Conduct, and informed them of a possible suspension pending review of the incident. Both individuals stated that they were victims in the situation and claimed they were only defending themselves. They refused to sign the Code of Conduct. I informed them that, based on the security footage, one of them appeared to initiate the fight by pushing a female member of the opposing group. While they disagreed with this assessment, they acknowledged the potential suspension and stated their intent to appeal the decision. Later that day, T'Affalous and T'Var returned to request to view the video footage, claiming they had a legal right to do so. I informed them that any video footage requests must be submitted through the open records process. At approximately 12:50 PM the same day, staff notified me that members of the second group had arrived to play basketball. I approached them immediately to issue the Code of Conduct and inform them of the possible suspension. The male identified himself as Paris, and the female as Danae Gonzalez. Paris expressed disagreement with the suspension recommendation, stating that he was defending Danae as I would defend my mother or sister. I explained that the decision was based on a review of the footage. Paris provided his name but declined to sign the Code of Conduct. Danae signed and acknowledged receipt of the Code.
