## PROFESSIONAL EXPERIENCE

**Wiz**                                                                                              **El Paso, TX**
*Technical Account Manager*                                                                            *Present*
- ████████████████████████████████████████████████████████████ by leading onboarding sessions, delivering tailored technical guidance, and ensuring seamless integration and adoption of solutions.
- Acting as a trusted advisor by addressing client concerns, resolving technical challenges, and providing guidance to the appropriate internal teams to ensure client satisfaction and long-term success.
- Guiding executive leaders through technical aspects of cloud technologies (SaaS, PaaS, IaaS) to deploy solutions on Wiz and addressed/reviewed customer technical challenges, ensuring resolution, and optimizing customer metrics.

**CVS Health**                                                                                       **El Paso, TX**
*Cyber Security Cloud Technical Program Manager*                                        *March 2024 - October 2024*
- Developing strategies for identifying, addressing and scanning cloud security vulnerabilities for Azure, GCP & AWS, including proactive threat detection and incident response protocols.
- Collaborating internally with IT teams to mitigate cyber threats, resulting in a 90% reduction in security incidents.
- Developing reports and presentation to CISO contributing to a 37% improvement in team decision-making efficiency.
- Utilizing SQL queries to monitor cloud governance policies, extracting insights on cloud security events, activity, and threats. Enabling informed decision-making and proactive remediation actions.
- Reviewing and enforcing security policies to ensure compliance and mitigate risks across cloud environments, promoting a culture of adherence and proactive risk management.

**Google Cloud**                                                                                     **El Paso, TX**
*Technical Account Manager*                                                                   *Aug 2020 - Nov 2023*
- Secured and managed key accounts like T-Mobile, Terpel, Yahoo, and Verizon, ensuring their security posture through comprehensive security reviews and robust onboarding processes that prioritized secure configurations and access controls. This resulted in successful customer acquisition and retention.
- Helped establish new organization: Google Public Sector (PS) by identifying business priorities, collaborating with senior stakeholders & defining critical success. This resulted in a focused and actionable roadmap for the first fiscal year.
- Contributed to the Pilot Program of Bard AI (Gemini), by training and tuning different models in Spanish.
- Worked with engineers and product managers to address bugs, resolve and mitigate major issues resulting in successfully addressing 286 bugs, resolving 27 internal cases, and mitigating 9 major issues.
- Led team to create end-to-end program plans, specifications, performance metrics, for the Public Sector hiring program, resulting in 43% increase in program efficiency.

**Apple**                                                                                            **Cupertino, CA**
*Project Manager InfoSec, Intern*                                                            *May 2019 - Aug 2019*
- Led the development of an internal custom software tool used by 21 users to organize the cybersecurity team's objectives and goals, resulting in a 35% improvement in critical initiative management efficiency.
- Developed and implemented project management frameworks that enhanced communication and operational efficiency between all parties, achieving a 100% on-time delivery rate.

**NASA**                                                                                             **Merritt Island, FL**
*Cyber Security Analyst, Intern*                                       *June 2017 - Aug 2017 & June 2018 - Aug 2018*
- Mitigated critical security risks by conducting penetration testing and vulnerability analysis of the Control Center.
- Developed and analyzed security event reports for a highly critical national security system (Launch Control Center).
- Monitored threats for vulnerabilities, malware, and TTPs using SIEM, resulting in the reduction of threats by 15%.
- Led investigations into security vulnerabilities, efficiently containing and remediating detected issues to minimize the attack surface and prevent system compromise, enhancing overall security resilience.

## EDUCATION

**University of Texas at El Paso (UTEP)**                                              **Graduated:** December 2019
*Bachelor's, of Science, **Computer Science**, Focus **Cyber Security***
   **Awards:** Computer Science Department Award, National Science Foundation (NSF) Scholar for academic excellence.

## RECOGNITION

Google:

- Represented Google at the National Society of Black Engineers Annual Convention & Grace Hopper by providing career advice, resume feedback and dedicated office hours.
- Recognition for successfully leading a hands-on Cloud Hero competition for 150 UTEP students, providing comprehensive instruction and troubleshooting support on Google Cloud Products.
- Led candidate program expansion for Google Public Sector, increasing participation by +194%.

NASA:

- Cybersecurity measures at KSC focusing on Spectre and Meltdown vulnerabilities: Cohen, Sairy. "Cybersecurity Information Technology Spaceport Command" NASA, July 3rd, 2018.
- Implementing security protocols at NASA for the Launch Control System: Crafting Cyber Security for NASA.

## INVOLVEMENT

- Board Member, Progress321
- Communications and Marketing Team, El Paso Science Foundation
- Member, Junior League of El Paso

## SKILLS

- **Technologies:** WireShark, IdaPro, CyberChef, Autopsy, Registry Explorer, SIEM, FTK imager, Salesforce, Tableau, Prisma, Linux Kali, SIEM, VMs.
- **Certifications:** GCP Cyber Security Certification, Professional Cloud Architect Certification (PCA), Incident Response, Digital Forensics, IOS Model, Forensics for Windows, Day of Cyber (NSA), Lean Six Sigma
- **Current Courses:** Microsoft Cyber Security Analyst - Coursera Enrolled, **Ethical Hacker** - Cisco Enrolled
- **Languages:** English (Fluent), Spanish (Native)
