DESIERTO BELLO DEFINED AREA; HORIZON REGIONAL MUNICIPAL UTILITY DISTRICT – RAVENNA LLC DEFINED AREA; AND HORIZON REGIONAL MUNICIPAL UTILITY DISTRICT - SUMMER SKY NORTH DEFINED AREA or some of them and others who may join, hereinafter referred to “Entity,” or collectively as “Entities”.

WHEREAS, the Legislature of the State of Texas has enacted certain legislation empowering political subdivisions of the state to enter into contracts for the consolidated effort of assessing and collecting property taxes; and

WHEREAS, such consolidated effort in the assessment and collection of taxes is beneficial to both the City and the Entities, as well as to the general public; and

WHEREAS, the City and the Entities have entered into a contract for the City’s collection of property taxes on behalf of each Entity (“Prior Contract”) prior to the date of this Amended and Restated Contract; and

WHEREAS, the City and Entities desire to amend the Prior Contract to amend certain terms and conditions of such consolidated tax collection.

WITNESSETH:

NOW, THEREFORE, it is mutually agreed as follows:

1) SCOPE OF SERVICES. The parties agree that the City will, pursuant to the Property Tax Code, act as Assessor Collector for each Entity and determine the total assessed value and taxable value of the property taxable by the Entity, except that the County Tax Assessor Collector will continue to perform the assessing functions for the County. The parties further agree that the City will collect all taxes for the Entities on all properties within their boundaries. It is agreed that the City Tax Assessor Collector has authority to make refunds for the Entities as appropriate under Section 31.11 and Section 42.43 of the Texas Property Tax Code provided that all

refunds in excess of \$2,500 must have the approval of City Council and that each Entity will be notified of any refund for the Entity.

2) SERVICE COSTS. For the services set forth above, participating entities agree that they will pay to the City a Cost-Per- Parcel share of the City Tax Office's budget that is dedicated to provide property tax collection services to the participating Entities. The City Tax Office budget will be determined and approved by the governing body of the City of El Paso. The Cost- Per- Parcel of each Entity will be calculated annually by dividing the City Tax Office budget for property tax collections by the total number of property tax accounts of the participating Entities as determined by the El Paso Central Appraisal District. Each participating Entity will be responsible for paying each year the Cost-Per-Parcel multiplied by the total number of parcels of that participating Entity.

On or before September 1 of each year during which this Amended and Restated Contract is effective, the City will submit to each participating Entity a preliminary estimate of the Costs-Per- Parcel for the services for the following budget year. The parties agree that the consolidated effort is to their mutual benefit and to the benefit of their respective taxpayers, and also agree that the calculation of payments set forth above provides for reasonable and adequate consideration for services performed under this Amended and Restated Contract. The parties further recognize that the County Tax Assessor Collector has certain constitutional duties and functions which cannot be abrogated by contract to the City. In return for performing those necessary functions, the City agrees during the County's participation in the consolidated tax effort to reimburse to the County on a monthly basis, within 30 days after being invoiced by the County, the indirect costs and personnel costs incurred by the County Tax Assessor Collector in performance of those constitutional duties and functions. The City's costs covered by the payments set forth above shall include, but shall not

be limited to, such costs as salaries, normal travel expenditures for tax purposes, education, licenses or other fees required by the State of Texas, appropriate supplies and other items necessary for the appropriate and efficient performance of the City's duties herein.

In addition to payments set forth above, each Entity expressly agrees:

- (a) To pay the cost of reprocessing and mailing tax notices if the Entity incurs a rollback or other modification of its tax rate; and
- (b) To pay such actual costs as may be incurred by City in preparation and mailing of separate tax statements if City shall determine that such separate tax statements are necessary because Entity has failed to adopt its tax rate by September 30 of the tax year in question and thereby caused an unreasonable delay in the preparation of consolidated tax statements; and
- (c) That City shall retain any and all revenues received for the preparation and issuance of tax certificates.

The Entities, (except the County), agree to pay their respective Cost-Per-Parcel on an annual basis, within 30 days of receipt of invoice from the City. The County agrees to pay its respective share of the service costs on a monthly basis, within 30 days of receipt of invoice from the City. Such invoices shall not exceed the costs established in this Section 2.

3) ADVISORY COMMITTEE. An Advisory Committee (“Committee”) of non-elected officials formed by contract dated August 28, 1984 as amended shall continue to review all costs and make recommendations for an annual budget and monitor the general performance of

the tax collection process. An annual notice of the meeting of the Committee shall be sent by the City to all participating Entities by March 1 of each year.

The Committee is to be composed of nine (9) members: one (1) member appointed by the Mayor of the City, one (1) member appointed by the County Judge, one (1) member appointed by City Council, one (1) member appointed by County Commissioners Court, one (1) member appointed by the El Paso Independent School District, one (1) member appointed by Ysleta Independent School District, one (1) member appointed by the Socorro Independent School District, and two (2) members appointed jointly by the other Entities which are a party to this agreement. In addition, the City Tax Collector and the County Tax Assessor Collector shall serve as ex-officio members of this Committee without power to vote and shall not be counted for purposes of determining a quorum. The members shall serve four-year staggered terms, and may be reappointed. The representatives of Ysleta ISD, El Paso ISD, Socorro Independent School District, the County Judge and the Mayor shall serve on one staggered four-year cycle and the other representatives shall serve on the alternate cycle. The Committee shall elect its chairperson, meet regularly, and submit reports and recommendations to the City and the Entities. This Committee shall be advisory only, and nothing herein shall be construed to result in delegation of any decision making authority to the Committee by any of the parties. In the event any Entity specifically referenced in this paragraph shall decline to join or shall terminate while the consolidated effort continues, its appointment shall lapse. In the event an Entity not specifically referenced in this paragraph shall decline to join or terminate while the consolidated effort continues, any appointment by such Entity shall resign and a successor shall be appointed by the remaining Entities not specifically referenced in this paragraph.

4) REPORTS. The City shall provide to the Entities computer reports as provided in Attachment "A."

5) TAX NOTICES AND STATEMENTS. Tax notices and statements will be mailed in a form complying with requirements of the laws of the State of Texas, on all property accounts of the Entities by the City in an accurate and timely manner, and no later than October 15 of each year, or as provided by law. Each Entity shall submit its tax rate to the City no later than September 15 or shortly thereafter of each year; provided that if required by law, the City or County has officially calculated the Entity's effective tax rate at least 15 days prior to that date (Independent School Districts will calculate their own effective tax rates as required by law). If an Entity's tax rate has not been set by the Entity by-October 1, the Entity shall advise the City whether the mailing of statements or notices shall be delayed. If there is a delay in the mailing of the statements or notices occasioned by the conduct of any Entity, the Entity shall pay the actual cost incurred resulting from the delay, including the cost, if any, of mailing separate statements. Any delay desired by the City in mailing its own property account notices shall not be cause to delay the requirement for mailing the Entities' notices by October 15 without written permission from the Entity. Any delay in the time schedule set forth above occasioned by the Central Appraisal District shall extend each respective date by an equivalent length of time.

6) To the extent financially feasible the City shall use the most advanced and efficient methods available for the collection of taxes during the term of this contract. The procedures will be submitted to the Committee for review and recommendations. During participation by the County such procedures shall include a provision for acceptance of payments at the County Tax office and substations. Any documented shortages and/or overages in such payments to the County Tax Office will be audited and made whole by the County Tax Office. Any documented shortages

and/or overages in such payments to the City Tax Office will likewise be audited and made whole by the City Tax Office. Further, regardless of where payments are received, no Tax Certificates shall be issued, except by the City Tax Office.

The County will invoice the City and the City will reimburse the County for personnel and other costs incurred by the County in accepting and collecting property tax payments a flat rate of \$4.00 per parcel for each property tax payment the County processes. County will not include any additional expenses other than the \$4.00 per parcel flat rate in the invoices submitted to the City, unless City has previously agreed to cover the additional expense. Upon agreement of both parties, County and City may revisit and reevaluate this reimbursement plan. Any new reimbursement plan will be adopted only with the approval of both the City and County Tax Assessor Collectors.

7) DISTRIBUTION OF FUNDS. Funds will be accounted for and distributed weekly to the Entities, except during the peak period of December 15 thru January 31, during which time funds collected will be distributed no less than Monday, Wednesday and Friday of each week. The Entities will be responsible for making special arrangements whenever their normal working hours would not allow such a schedule. The funds to be accounted for will be designated as funds out of the current year of collection or for delinquent collection.

8) COLLECTION OF DELINQUENT TAXES. The City shall collect delinquent taxes for the Entities and agrees to collect all penalties, interest, and attorney's fees authorized under Texas law and all interest, penalties, and fees collected shall be forwarded to the Entities on a timely basis by electronic means or otherwise. The procedure for the collection of delinquent taxes shall be reviewed by the Committee. The City reserves the right to contract, as provided under Section

6.30 of the Texas Property Tax Code, with an attorney to collect taxes for any Entity having complied with Section 33.07 of the Texas Property Tax Code.

9) INDEMNITY. Each Entity agrees, to the extent allowed by law, to indemnify and hold harmless the City for any and all claims, liabilities, and expenses incurred as a result of that respective Entity's breach or nonperformance of this contract and its obligations or for the negligence of any officer, agent or employee of that respective Entity. The City agrees, to the extent allowed by law, to indemnify or hold harmless the Entities for any and all claims, liabilities, and expenses incurred as a result of City's breach or nonperformance of this contract and its obligations or for the negligence of any officer, agent, or employee of the City. In the event any such liability occurs, all parties agree to comply with Constitutional and Statutory requirements for the satisfaction of debts.

10) EFFECTIVE DATE. The parties agree that the commitment of each Entity one to the other is consideration for the promise to participate of each Entity to amend the 1986 contract as set forth in this Amended and Restated Agreement. The terms of the Amended and Restated Contract will become effective as to all signatories at such time as it is signed by the City following the execution of the Entities (the "Restated Effective Date").

11) RENEWAL AND TERMINATION. This contract shall be in effect for one year following the Restated Effective Date until August 31 of the first following calendar year, and shall be automatically renewed thereafter on a year to year basis and remain in effect until terminated by mutual consent of the parties or by effective written notice of any party. Notice of termination by any Entity received by the City on or before May 10 shall constitute effective notice of termination as to such Entity only, as of the following August 31. Notice of termination by the City received by one or more Entities before May 31 shall constitute effective notice as to such Entity or Entities

only as of the following August 31. The parties agree to cooperate in the process of providing or allowing access to all necessary records, data, or other information necessary for the Entities to continue the collection of taxes in another manner. The Entities shall reimburse the City for any additional costs incurred by the City in providing them with this information.

12) NOTICE. Notice to parties under this contract shall be sent by certified mail, return receipt requested, to those persons identified in Attachment "B" attached hereto and incorporated herein for all purposes and to such persons as may be identified for purposes of notice by Entities which have joined in the agreement by counterpart and may not be represented in Attachment "B."

13) SEVERABILITY. If any part of this agreement is held to be illegal, such part shall be deemed severable and the remaining parts shall nevertheless be binding.

14) ENTIRE AGREEMENT. This agreement constitutes the entire agreement between the parties and any prior understandings, written or oral agreements between them are merged into this agreement.

15) INSPECTION OF RECORDS. The City shall supply to all Entities a copy of the independent annual audit of the City Tax Collector. The fiscal records of the City made and kept pursuant to this agreement are available for inspection by the Entities at times mutually convenient to the City and an Entity. Any cost of such inspection shall be borne by the Entity.

16) EXECUTION. This agreement may be executed jointly or in counterpart and the authorized signature upon a counterpart of any Entity whether or not named above creates the same binding commitment between the parties as if the Entity had jointly executed this document if the counterpart is duly executed by the City.
