ADMINISTRATIVE POLICY: _____

SUBJECT: Commercial Fuel Card Policy & Use Procedure (ALON)

DATE ISSUED: July 5, 2021 Revised June 21, 2022 *RA*

DATE EFFECTIVE _____

APPROVED: _____

Distribution:
All City of El Paso Employees

SECTION 1: POLICY PURPOSE

The purpose of this policy is to establish uniform procedures, accountability, and controls for Commercial Fuel Card fueling of motor vehicles and equipment owned or controlled by the City of El Paso.

The City's Fleet manager (in conjunction with the Purchasing Agent) will serve as the city-wide administrators of the Fuel Card Program.

Each department shall appoint an employee (hereafter referred to as the 'department card administrator') who shall be assigned responsibility for administering the Commercial Fuel Card Program for their respective department/division. Each fuel card will be assigned to a specific city vehicle and city employee and is to be used exclusively for that vehicle by that employee for official City business.

Each authorized employee will be assigned a specific individualized Personal Identification Number (hereafter referred to as PIN) to be used in conjunction with a fuel card.

- This PIN serves as a digital signature.
- Generic PINs are prohibited, such as one PIN for an office/department.
- Under no circumstance should a PIN be used for another employee other than to whom it was assigned.
- PIN shall not be written on card sleeve.
- Compromised PINs will be cancelled immediately.

SECTION 2: SCOPE

This policy applies to the City of El Paso's departments that own, control, or use motor vehicles and equipment.

The Fleet Maintenance Division is responsible for answering questions relating to the provisions of this policy.

PUBLIC RECORDS INFORMATION
ALL CASE ELEMENTS SUBJECT TO NONDISCLOSURE
HAVE BEEN REMOVED IN ACCORDANCE WITH THE
TEXAS PUBLIC INFORMATION ACT (TX GOVT. CODE CH. 552)

DATE: _____ BY: _____ TO: _____

SECTION 3: FUEL CARD PURPOSE

Only authorized cardholders shall have access to and use a Commercial Fuel Card and PIN. Requests for fuel cards must be presented to Fleet Maintenance for approval to Identify Holders and Users of the cards.

Department heads and card administrators may enact a more restrictive policy regarding usage of cards in their respective departments.

Fuel cards will be restricted to purchase fuel for the city vehicle to which they are assigned. A fuel card is not to be used for personal vehicles, other city vehicles for which the card is not assigned, or rental vehicles.

If an employee finds it necessary to purchase fuel for a city vehicle with personal funds as opposed to the fuel card, the employee will follow the City or their departments policy for reimbursement. Fleet Maintenance is not responsible for reimbursement.

SECTION 4: PROCEDURES

The following procedures are required and shall be adhered to when using a fuel card and PIN.

- A. A Statement of Understanding (attached hereto) acknowledging the understanding of this policy, and the sanctions for misuse, must be signed and kept in a file by a department's card administrator for each individual utilizing a card.
- B. When using the card at a self-serve pump, the employee shall:
 - a. Insert the vehicle's fuel card.
 - b. Enter the employee's PIN.
 - c. Enter the (accurate) odometer reading.
 - d. Do not accept any offer (i.e. discounted car washes, etc).
 - e. Request for receipt (at the department's discretion).
- C. If incorrect fuel is placed in the vehicle **DO NOT ATTEMPT TO START THE VEHICLE.** Immediately contact Fleet Maintenance at 915-212-8048, and the appropriate arrangements will be made to correct the problem.
- D. The card is never to be used for non- fuel, personal, non-City related purchases and/or securing of goods or service.
- E. City Fleet Manager, with Streets and Maintenance Department Director approval, and at their discretion, may terminate privileges at any time due to misuse, abuse, etc.

 ALL CASE ELEMENTS SUBJECT TO NONDISCLOSURE
 HAVE BEEN REMOVED IN ACCORDANCE WITH THE
 TEXAS PUBLIC INFORMATION ACT (TX GOVT. CODE CH. 552)

DATE: _____ BY: _____ TO: _____

SECTION 5: OBTAINING A FUEL CARD

The department's card administrator shall make requests to Fleet Maintenance for fuel card(s). Each card shall have a pre-established account code, product limits, purchase limits, and a limit on the daily number of transactions.

The Fleet Maintenance Division will provide and issue fuel card(s)/PINs to the cardholder. The PIN, and access to the fuel card, shall not be released until all policy acknowledgment documents are signed and received by the Fleet Maintenance Administrator. The Fleet Maintenance Administrator shall maintain archives of such records and forms.

SECTION 6: CARD SECURITY

Fuel cards shall be kept in the designated vehicle and are to be kept secure and safe by the individual to whom they were issued. It is the assigned employee's responsibility to safeguard the fuel card and their employee PIN numbers.

If the fuel card is lost or stolen, the department's card administrator shall notify Fleet Maintenance immediately. Fleet Maintenance will then notify the fuel card company to cancel the lost or stolen fuel card. A new card will be promptly issued. If the lost or stolen fuel card is subsequently found, the fuel card shall be returned to Fleet Maintenance, where it will be destroyed or returned to the fuel card company.

SECTION 7: DOCUMENTING PURCHASES

Commercial Fuel Card user Departments are encouraged to maintain a log of fuel purchases and receipts. The log (an example of which is attached) may include:

- Date of the purchase
- Merchant name
- Quantity of gallons purchased
- Name and department of the purchaser
- Dollar amount of purchase
- Accurate odometer readings
- Any other information the department would like to track

The department's card administrator should reconcile the log and receipts to the monthly statement (which can be found on a network drive). Please note that while the gallons should reconcile, the dollar amount between the invoice and receipts may differ, as the receipt may not reflect the City discount.

On a sample basis, the department's card administrator should confirm odometer readings at the end of the month and analyze purchases being made. A cardholder may be required to pay undocumented charges with his/her own personal funds.

PUBLIC RECORDS INFORMATION
ALL CASE ELEMENTS SUBJECT TO NONDISCLOSURE
HAVE BEEN REMOVED IN ACCORDANCE WITH THE
TEXAS PUBLIC INFORMATION ACT (TX GOVT. CODE CH. 552)

DATE: _____ BY: _____ TO: _____

SECTION 8: MILEAGE ENTRY

Accurate mileage is the lifeblood of good fuel management, and it is necessary for City of El Paso's Fleet Maintenance Division to effectively monitor vehicle utilization, track vehicle preventive maintenance compliance, predict accurate vehicle cost-per-mile, understand vehicle fuel miles-per-gallon, forecast vehicular carbon footprints, calculate optimal vehicle lifecycles, and other mileage-related activities.

Drivers of City of El Paso vehicles are required to enter the correct odometer reading at the time of fuel purchase when prompted. In the event the vehicle operator makes an error in the odometer reading entry, the driver should (at the department's discretion) provide the correct information to the department's card administrator. This information should be relayed to Fleet Services for correction.

SECTION 9: TRAVEL

The City's travel, vehicle-use, and pool car policies will be in effect, and use of the fuel card shall supplement these policies. Travel sheets, pool cars, fuel cards, and PINs may be utilized as part of an authorized travel request for City business.

SECTION 10: DISPUTED CHARGES

When the card statement is received, Fleet Maintenance shall reconcile the charges. If the statement does not reconcile, then Fleet Maintenance shall notify the department's card administrator for resolution. If the statement cannot be reconciled internally, then Fleet Maintenance shall notify the fuel card company and dispute any amounts that are determined to be in error.

SECTION 11: CANCELING A CARD/PIN

Fleet Maintenance shall be immediately notified by a department when:

- A vehicle is sold, wrecked, or removed from service;
- A vehicle is transferred to another city department; or
- An authorized card user's employment with the City is terminated.

PUBLIC RECORDS INFORMATION
ALL CASE ELEMENTS SUBJECT TO NONDISCLOSURE
HAVE BEEN REMOVED IN ACCORDANCE WITH THE
TEXAS PUBLIC INFORMATION ACT (TX GOVT. CODE CH. 552)

DATE: _____ BY: _____ TO: _____

The notification shall include a request to cancel the card/PIN, the reasons for canceling the card/PIN, identify the fuel card number, unit number, and authorized user. Upon notification, Fleet Maintenance shall request from the fuel card company that the card and/or PIN be deactivated. The card shall be returned to the Fleet Maintenance Division for destruction/discarding.

SECTION 12: SEPARATION FROM THE CITY

Prior to separation from the City, the employee shall fuel card, and/or PIN to the department's card administrator. Upon receipt, the department's card administrator will forward the fuel card and/or PIN to Fleet Maintenance. Thereafter, Fleet Maintenance will contact the fuel card company and deactivate the fuel card/PIN, whereupon it will be destroyed or reassigned. All other fuel cards remain with the department's vehicles.

SECTION 13: DEPARTMENT TRANSFER

Before transferring to another City department, a fuel card holder of a fuel card shall surrender the card to their respective department's card administrator. The same miscellaneous fuel card procedures detailed in Section 12 shall be followed. All other fuel cards remain with the department's vehicles. The employee's PIN will remain unchanged.

SECTION 14: INTERNAL AUDIT

Ongoing reviews of all fuel bills will be performed for policy adherence and possible fraud. City of El Paso and/or collective bargaining agreement disciplinary policies will be followed for employees found to have committed.

SECTION 15: MANAGERS AND SUPERVISORS

Managers and supervisors of departments who own, control, or use City of El Paso vehicles are responsible for verifying that all required commercial fuel card policies are reviewed with all card users and employees.

At their discretion, managers and supervisors may review the monthly record of fuel card transactions to ensure drivers are in compliance with current published policies regarding use of fuel.

Managers and supervisors may contact Fleet Maintenance regarding any discrepancies.

SECTION 16: SANCTIONS

Employees having been investigated and found to have violated this policy will be disciplined in accordance with the City of El Paso's Personnel Policy and/or any applicable collective bargaining agreement.

Users suspected of possible fraudulent use, misuse, or abuse of the fuel card shall have their PIN suspended. PINs will only be reactivated when the user's Department Card Administrator has reviewed the suspected fraudulent charges and helped City Fleet Manager if the charges are justified.

**CITY OF EL PASO
COMMERCIAL FUEL
CARD POLICY**

STATEMENT OF UNDERSTANDING

I have read, understood and will abide by the City of el Paso's Fuel Card Policy (the "Policy"). I understand that the Fuel Card Policy is designed to improve the management and control of official business of the City of El Paso.

I further understand the issuance of a fuel card and/or PIN to me is in keeping with my assigned duties and responsibilities, and that I am being specifically directed to:

- Abide by all policies, rules, and understandings with respect to the card/PIN.
- Use the card only for those necessary and reasonable expenses incurred or authorized for the direct purposes of the Fuel Card Program.
- Make no personal use of the card.
- Use the card only as anticipated in the Budget.
- Retain and submit original receipts for all card use (at the department's discretion).
- Keep and maintain control any commercial fuel card assigned to me or my vehicle.
- Allow no one else to use the card or PIN assigned to me.
- Permanently surrender the card when my duties no longer require the use of the card.

I agree to comply with the terms and conditions of the City of El Paso's Fuel Card Policy. I understand that any misuse of the card will result in one or more of the following:

- Discipline and possible termination of employment.
- Payroll deduction of any unauthorized purchases and of any administrative cost associated with any unauthorized purchase.
- Reimbursement to the City of El Paso for unauthorized purchases and any administrative costs associated with the unauthorized purchase.
- Revocation of Commercial Fuel card privileges.
- Limitation on the use of the card and/or termination of my right to use the card/PIN at any time with or without cause.
- Other discipline as authorized by the City of El Paso for violation of Fuel Card Policy.

I certify that I have read, understood, and agree to abide by the above and all other policies, procedures, features, and regulations that apply to the City of El Paso, Fuel, and Fuel Cards/PINs.

Total					\$23.86	12,359	\$38.45	\$2.26
Average for the Month				3.43		City's Cost*	\$ 273.39	

Purpose: To calculate total fuel consumption for District 3 for the month of January 2022

Source: Mr Rene Barruz - Administrative Services Manager, Streets and Maintenance, "External Fuel Monthly Bill - January 2022, Detail" PDF

Notes: *The City's Cost is calculated as follows: (Total Gallons Purchased x 8¢) + (Total Monthly Cost - Total Exempt Tax)

**The 8¢ included in the City's Cost calculation is a Streets and Maintenance (SAM) Fee to cover direct and indirect costs of the City of El Paso's Fuel Program. See W/P-13

Procedure:

- Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends
- Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor
- Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost
- Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results:

- A review of Districts 3's Fuel Consumption for the month of January 2022 is as follows:
 - A total of 98,873 gallons of fuel was purchased for the month
 - A total cost of \$273.39 was paid by the City for the month
 - An average of 3.43 days passed between fuel fill-ups.
 - An average of \$2.86 per gallon of fuel was paid per transaction.
 - An average of 12,359 gallons of fuel was purchased per transaction.
 - An average of \$35.45 worth of fuel was purchased per transaction

BACK/BACK |

Purpose: To calculate total fuel consumption for District 3 for the month of May 2022

Source: Mr. Rene Herrera - Administrative Services Manager, Streets and Maintenance, "External Fuel Monthly Bill - May 2022 - Detail" PDF

Notes:

*The City's Cost is calculated as follows: (Total Gallons Purchased x 8¢) + (Total Monthly Cost - Total Exempt Tax)

**The 8 ¢ included in the City's Cost calculation is a Streets and Maintenance (SAM) Fee to cover direct and indirect costs of the City of El Paso's Fuel Program. See W/P: F-3

Procedure:

- Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends
- Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor
- Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost
- Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results:

- A review of Districts 3's Fuel Consumption for the month of May 2022 is as follows
- A total of 118,897 gallons of fuel was purchased for the month
- A total cost of \$463.23 was paid by the City for the month
- An average of 4.17 days passed between fuel fill-ups
- An average of \$4.00 per gallon of fuel was paid per transaction
- An average of 16,985 gallons of fuel was purchased per transaction
- An average of \$67.93 worth of fuel was purchased per transaction

Totals	10			2.78			162.872	\$537.98	\$29.79
Average for the Month									City's Cost*
									\$521.38

Purpose: To calculate total fuel consumption for District 3 for the month of November 2022
Source: Mr Rene Ramirez - Administrative Services Manager, Streets and Maintenance, "External Fuel Monthly Bill - November 2022 Detail" PDF

Notes:
 *The City's Cost is calculated as follows: (Total Gallons Purchased x 8% * 1) + (Total Monthly Cost - Total Exempt Tax)

**The 8% included in the City's Cost calculation is a Streets and Maintenance (SAM) Fee to cover direct and indirect costs of the City of El Paso's Fuel Program See [W/PC E-3](#)

Procedures:

- Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends
- Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor
- Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost
- Calculated Average Gallons Purchased Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results:

- A review of Districts 3's Fuel Consumption for the month of November 2022 is as follows:
 - A total of 162,472 gallons of fuel was purchased for the month
 - A total cost of \$521.25 was paid by the City for the month
 - An average of 2.78 days passed between fuel fill-ups.
 - An average of \$3.30 per gallon of fuel was paid per transaction.
 - An average of 16,247 gallons of fuel was purchased per transaction
 - An average of \$31.80 worth of fuel was purchased per transaction

Totals			5			79,664	\$259.16	\$14.57	
Average for the Month					4.30	\$8.25	\$16.93	\$81.80	\$2.91
			February			City's Cost*		\$150.96	

Purpose: To calculate total fuel consumption for District 6 for the month of February 2022

Source: Mr. Rene Barzua - Administrative Services Manager, Streets and Maintenance; "Estimate Fuel Monthly Bill - February 2022_District 6" PDF

Note: The City's Cost is calculated as follows: (Total Gallons Purchased x 89%) + (Total Monthly Cost - Total Exempt Tax)

*The 8% included in the City's Cost calculation is a Streets and Maintenance (SAM) Fee to cover direct and indirect costs of the City of El Paso's Fuel Program. See WTR-83

Procedure: Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends

-Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor

-Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost

-Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results: A review of Districts 6's Fuel Consumption for the month of February 2022 is as follows:

- A total of 79,664 gallons of fuel was purchased for the month
- A total cost of \$259.96 was paid by the City for the month
- An average of 4.2 days passed between fuel fill-ups
- An average of \$3.25 per gallon of fuel was paid per transaction
- An average of 15,933 gallons of fuel was purchased per transaction
- An average of \$51.83 worth of fuel was purchased per transaction

Summary: To calculate total fuel consumption for District 6 for the month of June 2022

Notes: Mr. Rene Herrera - Administrative Services Manager, Streets and Maintenance. "External Fuel Monthly Bill - June 2022, Detail" PDF

Procedure: The City's Cost is calculated as follows (Total Gallons Purchased x 8%*) + (Total Monthly Cost - Total Exempt Tax)

Procedure: Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends

Procedure: Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor

Procedure: Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost

Procedure: Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results: A review of Districts 6's Fuel Consumption for the month of June 2022 is as follows:

- A total of 110,526 gallons of fuel was purchased for the month
- A total cost of \$302,54 was paid by the City for the month
- An average of 2.25 days passed between fuel fill-ups
- An average of \$4.65 per gallon of fuel was paid per transaction
- An average of 13,816 gallons of fuel was purchased per transaction
- An average of \$64.24 worth of fuel was purchased per transaction

Average for the Month

October***

City's Cost

\$ 648.14

Purpose: To calculate total fuel consumption for District 6 for the month of October 2022
Source: Mr Rene Barrena - Administrative Services Manager Streets and Maintenance; "External Fuel Monthly Bill - January 2022 to December 2022" Excel; "External Fuel Monthly Bill - District 3 and 6 Detail" PDF

Notes:

- *The City's Cost is calculated as follows: (Total Gallons Purchased x 8^{***}) + (Total Monthly Cost - Total Exempt Tax)
- **The 8 % included in the City's Cost calculation is a Streets and Maintenance (SMA) Fee in cover direct and indirect costs of the City of El Paso's Fuel Program. See W/L R-3
- *** In the month of October 2022, there was a change in contract with Alon Due to this change, the total fuel expense reflects a higher than average fuel expense for the month.

Precedence:

- Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends
- Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor
- Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost
- Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Diffs Between Fuel P/B-Ups

Results:

- A review of Districts 6's Fuel Consumption for the month of October 2022 is as follows
- A total of 180,145 gallons of fuel was purchased for the month.
- A total cost of \$648.14 was paid by the City for the month.
- An average of 5.38 days passed between fuel fill-ups.
- An average of \$3.70 per gallon of fuel was paid per transaction.
- An average of 20,016 gallons of fuel was purchased per transaction.
- An average of \$74.08 worth of fuel was purchased per transaction.

November								City's Cost*	5,462.33	

Purpose: To calculate total fuel consumption for District 6 for the month of November 2022

Source: Mr. Rene Herrera - Administrative Services Manager, Streets and Maintenance; "External Fuel Monthly Bill - November 2022, Detail" PDF

Notes:

*The City's Cost is calculated as follows: (Total Gallons Purchased x 8%**) = (Total Monthly Cost - Total Exempt Tax)

**The 8% included in the City's Cost calculation is a Streets and Maintenance (SAM) Fee to cover direct and indirect costs of the City of El Paso's Fuel Program. See [W/P: P-3](#)

Procedures:

- Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends
- Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor
- Calculated Total Gallons Purchased, Fuel Cost, Exempt Cost and City's Cost
- Calculated Average Gallons Purchased, Fuel Cost, Exempt Cost, and Days Between Fuel Fill-Ups

Results:

- A review of Districts 6's Fuel Consumption for the month of November 2022 is as follows:
 - A total of 167.628 gallons of fuel was purchased for the month
 - A total cost of \$162.33 was paid by the City for the month
 - An average of 2.78 days passed between fuel fill-ups
 - An average of \$3.43 per gallon of fuel was paid per transaction.
 - An average of 16.763 gallons of fuel was purchased per transaction.
 - An average of \$57.96 worth of fuel was purchased per transaction.

		December								
					City's Cost*		\$ 2,844.31			

OBJECTIVE: To calculate total fuel consumption for District 6 for the month of December 2022.

SCOPE: Mr. Steve Herrera - Administrative Services Manager, Streets and Maintenance, "Personal Fuel Monthly Bill - December 2022 District POP"

Notes:

*The City's Cost is calculated as follows: (Total Gallons Purchased x 84¢) + (Total Monthly Cost - Total Example Tax)

**The 84¢ included in the City's Cost calculation is a Sales and Maintenance (S&M) Fee in our contract and reflects costs of the City of El Paso's Fuel Program. See W/21-13

Procedures:

-Selected a judgemental sample of Districts and Months in Calendar Year 2022 to analyze fuel consumption trends

-Expanded sample to include all fuel activity in Calendar Year 2022 for all City Districts and the Mayor

-Identified Total Gallons Purchased, Fuel Cost, Example Cost and City's Cost

-Identified Average Gallons Purchased, Fuel Cost, Example Cost and Days Between Fuel Pops

Results:

-A review of Districts 6's Fuel Consumption for the month of December 2022 is as follows:

- A total of 106,413 gallons of fuel was purchased for the month.
- A total cost of \$104,831 was paid by the City for the month.
- An average of 6.2 days passed between fuel fills.
- An average of \$2.96 per gallon of fuel was paid per transaction.
- An average of 17,742 gallons of fuel was purchased per transaction.
- An average of \$52.41 worth of fuel was purchased per transaction.
