Criteria	Does the Request Comply?
<p>Future Land Use Map: Proposed zone change is compatible with the Future Land Use designation for the property:</p> <p>G-3, Post-War: This sector applies to transitional neighborhoods typically developed from the 1950s through the 1980s. This sector is generally stable but would benefit from strategic suburban retrofits to supplement the limited housing stock and add missing civic and commercial uses.</p>	<p>Yes, the subject property and the proposed developments meet the intent of the G-3 Post-War Future Land Use designation. The proposed development is adjacent to residential neighborhood. The proposed development would increase the available housing stock in an area facing limited housing stock.</p>
<p>Compatibility with Surroundings: The proposed use is compatible with those surrounding the site:</p> <p>R-5 (Residential) District: The purpose of this district is to promote and preserve residential development within the city to create basic neighborhood units. It is intended that the district regulations maintain a low density of dwelling units supporting a suburban-urban interface that permits developments utilizing varying lot configurations. The regulations of the districts will permit primarily single-family and two-family residential areas, and recreational and institutional uses incidental to and serving the neighborhood.</p>	<p>Yes. The subject property and its surrounding areas are zoned R-5 (Residential). The surrounding uses are single-family dwellings. The proposed development is compatible with the surrounding uses within its proximity.</p>
THE PROPOSED PROJECT'S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:	
<p>Historic District or Special Designations & Study Area Plans: Any historic district or other special designations that may be applicable. Any adopted small areas plans, including land-use maps in those plans.</p>	<p>The proposed development is not within any historic districts or study area plan boundaries.</p>
<p>Potential Adverse Effects: Potential adverse effects that might be caused by approval or denial of the requested rezoning.</p>	<p>The proposed development is not anticipated to pose any adverse effects on the community.</p>
<p>Natural Environment: Anticipated effects on the natural environment.</p>	<p>Subject property does not involve greenfield/environmentally sensitive land or arroyo disturbance.</p>
<p>Stability: Whether the area is stable or in transition.</p>	<p>The area is stable and the proposed development is compatible with the existing residential zoning and uses of the surrounding properties.</p>
<p>Socioeconomic & Physical Conditions: Any changed social, economic, or physical conditions that make the existing zoning no longer suitable for the property.</p>	<p>The proposed development is within an older, stable area of the city. The established neighborhood is comprised of single-family and multi-family dwellings.</p>

ADEQUACY OF PUBLIC FACILITIES, SERVICES AND INFRASTRUCTURE: The subject property borders Hockney Street which is designated as a local street as per the City of El Paso's Major Thoroughfare Plan (MTP) and is adequate to serve the proposed development. Sidewalks will be required to be constructed as part of the proposed development. Access is proposed from Hockney Street.

SUMMARY OF DEPARTMENTAL REVIEW COMMENTS: No objections to proposed special permit. There were no adverse comments received from the reviewing departments. Applicant is responsible for obtaining all applicable permits and approvals prior to construction.

PUBLIC COMMENT: The subject property lies within the boundaries of Mission Valley Association, Corridor 20 Civic Association, and Thomas Manor Neighborhood Association which were notified of the special permit application.
