Figure A. Subject Property & Immediate Surroundings

DESCRIPTION OF REQUEST: The applicant is requesting to rezone the subject property from A-3/sp (Apartment/special permit) to C-4 (Commercial) to allow for offices and vocational school. The property consists of 0.275 acres. There is an existing vacant building on the subject property. The detailed site development plan shows the existing 2,820 sq. ft. office building and a new 1,180 sq. ft. vocational school addition. Access to the subject property is provided from Willow Street via the alley. This rezoning application is related to special permit application PZST22-000011. The special permit would allow an infill development with rear and side street yard setback reductions and 100% parking reduction for the proposed development.

PREVIOUS CASE HISTORY: On May 24, 2005, City Council approved a rezoning from M-1 (Light Manufacturing) to A-3 (Apartment) and a special permit to allow for an eighty-five percent (85%) parking reduction for apartment use, (see Attachment no. 5). The existing special permit designation will be repealed once the new rezoning and special permit designation request is approved.

On August 25, 2022, the City Plan Commission (CPC) voted unanimously to postpone this item so that applicant could meet with the neighborhood and address their concerns related to the rezoning request for C-4 (Commercial) and special permit request for infill development and parking reduction.

COMPATIBILITY WITH NEIGHBORHOOD CHARACTER: The subject property is proposed to be developed into a commercial development. The proposed zoning district is consistent with the surrounding M-1 (Light Manufacturing) to the north, east, and west and C-4 (Commercial) districts to the south and meet the established character of the neighborhood surrounding the subject property. The closest school is Frederick Douglas Elementary School located 0.51 miles and the closest park is Chamizal National Memorial Park located 1.04 miles away.

COMPLIANCE WITH PLAN EL PASO/REZONING POLICY – When evaluating whether a proposed rezoning is in accordance with <i>Plan El Paso</i>, consider the following factors:	
Criteria	Does the Request Comply?
<p>Future Land Use Map: Proposed zone change is compatible with the Future Land Use designation for the property:</p> <p><u>G-2 Traditional Neighborhood (Walkable):</u> This sector includes the remainder of central El Paso as it existed through World War II. Blocks are small and usually have rear alleys; buildings directly faced streets; schools, parks, and small shops are integrated with residential areas. This sector is well-suited for use of the SmartCode as a replacement for current zoning when planned in conjunction with specific neighborhood plans or identified in this Comprehensive Plan.</p>	<p>Yes. The subject property is proposed to be developed into office and commercial developments, which are in character with the future land use designation of <i>Plan El Paso</i>.</p>
<p>Compatibility with Surroundings: The proposed zoning district is compatible with those surrounding the site:</p> <p><u>C-4 (Commercial) District:</u> The purpose of this district is to provide for locations for the most intensive commercial uses intended to serve the entire city. It is intended that the district regulations permit heavy commercial uses characterized by automotive and light warehousing. The regulations of the districts are intended to provide a transition from general business areas to industrial and manufacturing uses, and to accommodate major locations of commerce, service and employment activities.</p>	<p>Yes. The proposed C-4 (Commercial) zoning district is the same as the adjacent zoning district to the south, southeast, and southwest. The proposed commercial developments have the potential to provide goods and render services to the nearby area and in character with the spirit of the C-4 (Commercial) zone districts.</p>

COMPLIANCE WITH <i>PLAN EL PASO</i>/REZONING POLICY – When evaluating whether a proposed rezoning is in accordance with <i>Plan El Paso</i>, consider the following factors:	
Preferred Development Locations: Located along an arterial (or greater street classification) or the intersection of two collectors (or greater street classification). The site for proposed rezoning is not located mid-block, resulting in it being the only property on the block with an alternative zoning district, density, use and/or land use.	Yes. Proposed development will have access to the existing Texas Avenue and Willow Street which are designated a major arterial and local street, respectively as per El Paso's Major Thoroughfare Plan (MTP). The classification of these roads are appropriate for the proposed development.
THE PROPOSED ZONING DISTRICT'S EFFECT ON THE PROPERTY AND SURROUNDING PROPERTY, AFTER EVALUATING THE FOLLOWING FACTORS:	
Historic District or Special Designations & Study Area Plans: Any historic district or other special designations that may be applicable. Any adopted small areas plans, including land-use maps in those plans.	The proposed development is not within any historic districts or study area plan boundaries.
Potential Adverse Effects: Potential adverse effects that might be caused by approval or denial of the requested rezoning.	The proposed development is not anticipated to pose any adverse effects on the community. The proposed development will be compatible with development immediately surrounding the subject property.
Natural Environment: Anticipated effects on the natural environment.	The subject property does not involve greenfield, environmentally sensitive land, or arroyo disturbance.
Stability: Whether the area is stable or in transition.	The area is stable and the proposed development is compatible with the existing residential, light manufacturing zoning, and commercial uses of the surrounding properties.
Socioeconomic & Physical Conditions: Any changed social, economic, or physical conditions that make the existing zoning no longer suitable for the property.	None. The proposed development is within an older, stable area of the city. The established neighborhood is comprised of offices, academies, and general retail sales and services. There was a recent rezoning G-MU (General-Mixed Use) request for this area located at 1918 Texas Avenue to the southwest in 2014.

ADEQUACY OF PUBLIC FACILITIES, SERVICES AND INFRASTRUCTURE: The proposed development will have access to the existing Texas Avenue and Willow Street which are designated a major arterial and local street, respectively as per El Paso's MTP. The classification of these roads are appropriate for the proposed development. The existing infrastructure and services are adequate to serve the proposed redevelopment. The subject property is situated within 1,000 feet of a mass transit route. Access is proposed from Willow Street via the alley.

SUMMARY OF DEPARTMENTAL REVIEW COMMENTS: No adverse comments from reviewing departments.

PUBLIC COMMENT: The subject property lies within the boundaries of El Paso Central Business Association, Familias Unidas del Chamizal, Texas and Myrtle Ave. Business District Association, and Sunrise Civic Group which were notified of the rezoning application. Public notices were mailed to property owners within 300 feet of the subject property on August 10, 2022. As of September 1, 2022, the Planning Division received one phone call in opposition to the request from the public. Two speakers from Neighborhood Associations spoke in opposition at the August 25, 2022, CPC. On September 6, 2022, the applicants had a meeting with neighborhood associations to address their concerns with the request. The neighborhood associations have no opposition to the request. As of September 8, 2022, staff received four letters via email in support of the request.

RELATED APPLICATIONS: PZST22-00011 Special permit for an infill development to allow for rear and side street yard setback reductions and 100% parking reduction for the proposed development.

CITY PLAN COMMISSION OPTIONS:

The purpose of the Zoning Ordinance is to promote the health, safety, morals and general welfare of the City. The City Plan Commission (CPC) has the authority to advise City Council on Zoning matters. In evaluating the request, the CPC may take any of the following actions:

Good morning,

I am aware that today is the hearing for the request by Mr. Enriquez to change his property zoning code from apartment to commercial. Being that that strip that he is located in is already zoned commercial we are not opposing that change, as long as any current and future proposal is a smart growth proposal. In reference to the parking reduction, as long as the parking reduction does not cause issues for the residents at Uxmal apartments, the Daycare Rayito del Sol, located right across and any other residents in the surrounding area, we do not oppose.

We sat down with Mr. Enriquez and we had a discussion about his plans for a culinary school for the property. We agree that he is on his right to implement. We also discussed our concerns of any further business in the area that interfere with the quality of life of the already existing residents, home owners/renters. Since its a mixed use area we are concern of any potential development that goes against a smart growth. The residents and renters have the same rights as the business/ commercial owners and they should be considered.

We expressed our concerns about any potential beer gardens in his property as well as nuisance created due to any after hour activities and they assured us that their operating hours would not extend beyond 9pm.

In accordance to what we discussed and agreed, we are ok with the parking reduction and the change of zoning to commercial for their property. We also agreed that for any further concerns we would reach out, to discuss. Thank you for your attention, any questions you can reach me at 915-222-1977

Please allow this letter to have the El Paso Central Business Association (CBA) acknowledge and support this zoning change request.

The purpose of this letter serves as a REZONING REQUEST/SPECIAL PERMIT for 2101 Texas Ave., from zone A3 (apartments) to zone C4 (commercial). The intentions are to build a BUSINESS (vocational school) in culinary, with our approval without any inconvenience we would wish to allow them to proceed with rezoning approval. According to studies conducted, there will be no negative impact in the neighboring areas with the changes requested (the surrounding areas are currently M-1 and C-4).

Thank you,

Tanny Berg
