DESCRIPTION OF REQUEST: The applicant is requesting a special permit for infill development and a detailed site development plan to reduce the rear yard setback and side street yard setback for a mixed use of office and vocational school. The detailed site development plan shows an existing 2,820 square feet office building with a new 1,200 square feet vocational school addition. The applicant is requesting the following setback reductions: from the required 10 feet rear yard setback to 0 foot and the required 10 feet side street yard setback to 0 foot as shown in the table below. A parking study was submitted as required (see Attachment 2), which shows 91 on-street parking spaces within 300 ft. of the subject property. The highest count shows 42 spaces occupied and 49 vacant spaces. On a separate application, the applicant is also requesting to rezone this property from A-3/sp (Apartment/special permit) to C-4 (Commercial) in order to allow for offices and vocational school (Application PZR22-00020). Any adopted small areas plans, including land-use maps in those plans.</p>	<p>The proposed development is not within any historic districts or study area plan boundaries.</p>

<p>Stability: Whether the area is stable or in transition.</p>	<p>The area is stable and the proposed development is compatible with the existing C-4 (Commercial) and M-1 (Light Manufacturing) zoning and uses of the surrounding properties.</p>

COMPLIANCE WITH *PLAN EL PASO* GOALS & POLICIES – When evaluating whether a proposed special permit is in accordance with *Plan El Paso*, consider the following factors:

Good morning,

I am aware that today is the hearing for the request by Mr. Enriquez to change his property zoning code from apartment to commercial. Being that that strip that he is located in is already zoned commercial we are not opposing that change, as long as any current and future proposal is a smart growth proposal. In reference to the parking reduction, as long as the parking reduction does not cause issues for the residents at Uxmal apartments, the Daycare Rayito del Sol, located right across and any other residents in the surrounding area, we do not oppose.

We sat down with Mr. Enriquez and we had a discussion about his plans for a culinary school for the property. We agree that he is on his right to implement. We also discussed our concerns of any further business in the area that interfere with the quality of life of the already existing residents, home owners/renters. Since its a mixed use area we are concern of any potential development that goes against a smart growth. The residents and renters have the same rights as the business/ commercial owners and they should be considered.

We expressed our concerns about any potential beer gardens in his property as well as nuisance created due to any after hour activities and they assured us that their operating hours would not extend beyond 9pm.

In accordance to what we discussed and agreed, we are ok with the parking reduction and the change of zoning to commercial for their property. We also agreed that for any further concerns we would reach out, to discuss. Thank you for your attention, any questions you can reach me at 915-222-1977
