The purpose of the Homeland Security Grant Program (HSGP) is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

The funding announcement, located on the [eGrants Calendar](#) page, describes the organization types, activities, and costs that are eligible under the announcement. The PSO's [eGrants User Guide to Creating an Application](#) guides applicants through the process of creating and submitting an application in eGrants. Information and guidance related to the management and use of grant funds can be found in the PSO's Guide to Grants, located on the [PSO Resource for Applicants and Grantees webpage](#).

Primary Mission and Purpose**State Homeland Security Program (SHSP) - Law Enforcement Terrorism Prevention Activities**

(LETPA): Supports state, tribal and local preparedness activities that continue to build law enforcement capabilities to prevent terrorist attacks and support critical prevention and protection activities. All LETPA investments must be consistent with capability targets set during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and gaps identified in the State Preparedness Report (SPR).

Many activities which support the achievement of target capabilities related to terrorism preparedness may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism. However, **all SHSP-LETPA projects must assist grantees in achieving target capabilities related to preventing, preparing for, or protecting against acts of terrorism.**

Eligibility Requirements

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [CCybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's Sexual Assault Evidence Tracking Program website for more information or to set up an account to begin participating.

National Incident Management System (NIMS) Implementation

Grantees are required to implement NIMS. The NIMS uses a systematic approach to integrate the best existing processes and methods into a unified national framework for incident management across all homeland security activities including prevention, protection, response, mitigation, and recovery. Grantees must use standardized resource management concepts for resource typing, credentialing, and an inventory to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

Emergency Management Plans (Intermediate Level)

Cities and counties must have a current emergency management plan or be a legally established member of an inter-jurisdictional emergency management program with a plan on file with the Texas Division of Emergency Management (TDEM). Plans must be maintained throughout the entire grant performance period. If you have questions concerning your Emergency Management Plan (preparedness) level, contact your Emergency Management Coordinator (EMC) or your regional Council of Governments (COG). For questions concerning plan deficiencies, contact TDEM at tdem.plans@tdem.texas.gov.

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Program Requirements**Building and Sustaining Core Capabilities**

1. All capabilities being built or sustained must have a clear link to one or more Core Capabilities in the National Preparedness Goal.
2. Many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness. Activities implemented under SHSP must support terrorism preparedness by building or sustaining capabilities that relate to the prevention of, protection from, mitigation of, response to, and recovery from terrorism.
3. Funding should be used to sustain core capabilities. New capabilities should not be built at the expense of maintaining current and critically needed core capabilities. New capabilities must be aligned with capability targets and gaps identified through the THIRA/SPR process.

Mission Areas

The National Preparedness Goal organizes the core capabilities into the five mission areas:

- Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism.
- Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations, and way of life to thrive.
- Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.
- Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
- Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

Nationwide Cyber Security Review

Grantees will be required to complete the Nationwide Cybersecurity Review (NCSR), enabling agencies to benchmark and measure progress of improving their cybersecurity posture. The Chief Information Officer (CIO), Chief Information Security Officer (CISO), or equivalent for each recipient agency should complete the NCSR. If there is no CIO or CISO, the most senior cybersecurity professional should complete the assessment. The NCSR is available at no cost to the user and takes approximately 2-3 hours to complete. For more information about the NCSR, visit: <https://www.cisecurity.org/ms-isac/services/ncsr/>.

LETPA

Law Enforcement Terrorism Prevention Activities (LETPA)

The state is responsible for ensuring that at least 30 percent (30%) of the combined HSGP funds allocated under SHSP and UASI are dedicated towards law enforcement terrorism prevention activities, as defined in 6 U.S.C. 607.

Grant projects must be consistent with the [Federal Emergency Management Agency \(FEMA\) Information Bulletin \(IB\) 412](#) which discusses eligible activities outlined in:

- a. The [National Prevention Framework](#);
- b. The [National Protection Framework](#) where capabilities are shared with the prevention mission area;
- c. Section 2006 of the [Homeland Security Act of 2002](#), as amended; and
- d. The [FY 2007 Homeland Security Grant Program Guidance and Application Kit](#).

Activities eligible for use of LETPA focused funds include but are not limited to: Maturation and enhancement of designated state and major Urban Area fusion centers, including information sharing and analysis, threat recognition, terrorist interdiction, and training/hiring of intelligence analysts. Coordination between fusion centers and other analytical and investigative efforts. Implementation and maintenance of the Nationwide Suspicious Activity Reporting (SAR) Initiative. Implementation of the "If You See Something, Say Something" campaign to raise public awareness of indicators of terrorism and terrorism-related crime and associated efforts to increase the sharing of information with public and private sector partners. Increased physical security, through law enforcement personnel and other protective measures, by implementing preventative and protective measures at critical infrastructure sites or at-risk nonprofit organizations.

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

X I certify to all of the application content and requirements.

Project Summary :

Briefly summarize the project, including proposed activities and intended impact.

Funding for this project will provide and sustain mission essential safety gear and specialized equipment to enhance the protection of the El Paso Police Departments Special Operations Group. The proposed PPE (Personal Protective Equipment) and specialty equipment are 2 Scan X Imaging Systems and 25 Ballistic Vests. The Special Operations Group will use the equipment to diminish threats of acts of terrorism and active shooter incidents in the region safely and efficiently.

Problem Statement :

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

The City of El Paso and its international geographical location increase the region for potential terrorist activity. The growing population, proximity to an international border, one of the largest military installations in the US, high volume of international trade, and the remote location make for a high volume of coordinated targeting from foreign and domestic terrorism. These events have transpired in the past in recent events, such as the active shooter incident in El Paso, Texas, and Uvalde, Texas, creating an increase in bomb callouts for suspicious packages in the El Paso region. 2022 THIRA pg.9 and 14 active shooter incident and IED's

Existing Capability Levels :

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

The El Paso Police Department currently has 125 officers and detectives assigned to the Special Operations Group teams. SWAT consists of 41 operators, the Crisis Negotiation team has 21 negotiators, and the Combined Search and Rescue team consists of 15 rescuers. The Tactical Patrol K-9 has 10 handlers, the Dignitary Protection team has a combination of 22 officers and detectives, and the Bomb Squad has 16 bomb technicians. All Special Operations Group teams can operate separately or in conjunction with one another, dependent on what the incident dictates. Some teams, such as SWAT, Bomb, and Combined Search and Rescue, have the limited capability to operate on two separate incidents at the same time. Basic PPE and equipment are available to all teams to mitigate, disrupt, and prevent an incident of terrorism, active shooter, or natural disaster. Additionally, the Special Operations Group teams are available to respond and assist within the Rio Grande Council of Governments (RGCOG) region in mitigating an incident of terrorism or natural disaster.

Capability Gaps:

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR).

The capability gaps addressed by this project are under the Interdiction and Disruption core capability (page 25 and 26 of the 2022 SPR. Page 26 of the 2022 SPR identifies capability gaps in the POETE under Organization-Need to increase staffing

to reach allocated 60 personnel on SWAT Unit. Page 26 of the 2022 SPR also identifies a capability gap in the POETE under Equipment – Need for tactical Equipment, Need for expired, outdated, and obsolete equipment to be upgraded throughout the region to increase capability. Interdiction and Disruption was rated second, and On-Scene Security, Protection, and Law Enforcement were rated third on the top three core capabilities to sustain in 2022. The equipment requested will allow the special operation group to maintain and expand its level of response locally and in the region.

Impact Statement :

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps. The proposed project will reduce the capability gaps by increasing officer safety for the special operations group. Additionally, it will expand and update Personal Protection Equipment (PPE) and specialized equipment for the special operations officers to mitigate and tactically improve responses to critical incidents related to active shooter, coordinated terrorist attacks, and natural disasters.

Homeland Security Priority Actions:

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. 1.2.3 Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.)

4.1.1 Strengthen the state's regionally focused, multi-discipline, all-hazards response system that ensures each region statewide has access to the necessary response teams and resources, including enhancement of resource requests and mutual aid processes.

Target Group :

Identify the target group and population expected to benefit from this project.

The 125 members from the El Paso Police Departments Special Operations Group (SWAT, Bomb Squad, CMT, COMSAR, Dig-Pro, and K-9 units) will be the direct beneficiaries. In addition, the listed equipment will enhance the special operations group's ability to respond, mitigate, and protect the city and region's residents from potential terrorism from active shooter, coordinated terrorist attacks, or natural disasters.

Long-Term Approach:

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable. The El Paso Police Department will continue to seek funding to sustain the capabilities. Ongoing Federal and State funding is required in order to safely and efficiently maintain the regional response level.

Project Activities Information

HSGP Instructions for Project Activity Selection

Homeland Security Grant Program (HSGP) applicants should only select one project activity. The eGrants system will allow multiple selections, but each HSGP subrecipient project must fit into one and only one of the Investment Categories that are listed as project activities under the "Activity List".

Selected Project Activities:

ACTIVITY	PERCENTAGE:	DESCRIPTION
Support of First Responder Capabilities	100.00	The Special Operations Group will use the equipment to diminish threats of acts of terrorism and active shooter incidents in the region safely and efficiently. Purchasing 2 Scan X Imaging Systems and 25 Ballistic Vests.
