Project Scope

Advanced Manufacturing District Project – Phase 1

- Located inside EPIA's Air Operations Area at the Corner of Global Reach Dr. & George Perry Blvd.
 - ✓ Two 100,000 Sq. Ft. Buildings
 - ✓ One 50,000 Sq. Ft. Building

Delivery Method

Project to be delivered via a Design-Build Project Delivery Method?

- Involves owner and single contracting firm for project coordination and completion which results in project to be more efficient and less costly due to collaboration.
- Schedule, budget and project goals are aligned throughout all phases of the project keeping lower timelines and costs while enhancing project coordination and meeting performance standards set forth by EPIA
- US Economic Development Administration encouraged use of the Design-Build Delivery Method as it's their preferred delivery method.
- Texas Code requires municipal owners to retain the services of a third party architect or engineer to serve as the Owner's Representative for the duration of the project.
