 First American Title Guaranty Company	Commitment for Title Insurance (T-7)
	ISSUED BY First American Title Guaranty Company
Commitment	

THE FOLLOWING COMMITMENT FOR TITLE INSURANCE IS NOT VALID UNLESS YOUR NAME AND THE POLICY AMOUNT ARE SHOWN IN **SCHEDULE A** AND OUR AUTHORIZED REPRESENTATIVE HAS COUNTERSIGNED BELOW.

We **FIRST AMERICAN TITLE GUARANTY COMPANY** will issue our title insurance policy or policies (the Policy) to You (the proposed insured) upon payment of the premium and other charges due, and compliance with the requirements in Schedule C. Our Policy will be in the form approved by the Texas Department of Insurance at the date of issuance, and will insure your interest in the land described in Schedule A. The estimated premium for our Policy and applicable endorsements is shown on Schedule D. There may be additional charges such as recording fees, and expedited delivery expenses.

This Commitment ends ninety (90) days from the effective date, unless the Policy is issued sooner, or failure to issue the Policy is our fault. Our liability and obligations to you are under the express terms of this Commitment and end when this Commitment expires.

TEXAS TITLE INSURANCE INFORMATION

Title insurance insures you against loss resulting from certain risks to your title.

The commitment for Title Insurance is the title insurance company's promise to issue the title insurance policy. The commitment is a legal document. You should review it carefully to completely understand it before your closing date.

El seguro de título le asegura en relación a pérdidas resultantes de ciertos riesgos que pueden afectar el título de su propiedad.

El Compromiso para Seguro de Título es la promesa de la compañía aseguradora de títulos de emitir la póliza de seguro de título. El Compromiso es un documento legal. Usted debe leerlo cuidadosamente y enterderlo completamente antes de la fecha para finalizar su transacción.

Your Commitment for Title Insurance is a legal contract between you and us. The Commitment is not an opinion or report of your title. It is a contract to issue you a policy subject to the Commitment's terms and requirements.

Before issuing a Commitment for Title Insurance (the Commitment) or a Title Insurance Policy (the Policy), the Title Insurance Company (the Company) determines whether the title is insurable. This determination has already been made. Part of that determination involves the Company's decision to insure the title except for certain risks that will not be covered by the Policy. Some of these risks are listed in Schedule B of the attached Commitment as Exceptions. Other risks are stated in the Policy as Exclusions. These risks will not be covered by the Policy. The Policy is not an abstract of title nor does a Company have an obligation to determine the ownership of any mineral interest.

- **MINERALS AND MINERAL RIGHTS** may not be covered by the Policy. The Company may be unwilling to insure title unless there is an exclusion or an exception as to Minerals and Mineral Rights in the Policy. Optional endorsements insuring certain risks involving minerals, and the use of improvements (excluding lawns, shrubbery and trees) and permanent buildings may be available for purchase. If the title insurer issues the title policy with an exclusion or exception to the minerals and mineral rights, neither this Policy, nor the optional endorsements, ensure that the purchaser has title to the mineral rights related to the surface estate.

Another part of the determination involves whether the promise to insure is conditioned upon certain requirements being met. Schedule C of the Commitment lists these requirements that must be satisfied or the Company will refuse to cover them. You may want to discuss any matters shown in Schedules B and C of the Commitment with an attorney. These matters will affect your title and your use of the land.

When your Policy is issued, the coverage will be limited by the Policy's Exceptions, Exclusions and Conditions, defined below.

- **EXCEPTIONS** are title risks that a Policy generally covers but does not cover in a particular instance. Exceptions are shown on Schedule B or discussed in Schedule C of the Commitment. They can also be added if you do not comply with the Conditions section of the Commitment. When the Policy is issued, all Exceptions will be on Schedule B of the Policy.

- **EXCLUSIONS** are title risks that a Policy generally does not cover. Exclusions are contained in the Policy but not shown or discussed in the Commitment.

- **CONDITIONS** are additional provisions that qualify or limit your coverage. Conditions include your responsibilities and those of the Company. They are contained in the Policy but not shown or discussed in the Commitment. The Policy Conditions are not the same as the Commitment Conditions.

You can get a copy of the policy form approved by the Texas Department of Insurance by calling the Title Insurance Company at 1-888-632-1642 or by calling the title insurance agent that issued the Commitment. The Texas Department of Insurance may revise the policy form from time to time.

You can also get a brochure that explains the policy from the Texas Department of Insurance by calling 1-800-252-3439.

Before the Policy is issued, you may request changes in the policy. Some of the changes to consider are:

- Request amendment of the "area and boundary" exception (Schedule B, paragraph 2). To get this amendment, you must furnish a survey and comply with other requirements of the Company. On the Owner's Policy, you must pay an additional premium for the amendment. If the survey is acceptable to the Company and if the Company's other requirements are met, your Policy will insure you against loss because of discrepancies or conflicts in boundary lines, encroachments or protrusions, or overlapping of improvements. The Company may then decide not to insure against specific boundary or survey problems by making special exceptions in the Policy. Whether or not you request amendment of the "area and boundary" exception, you should determine whether you want to purchase and review a survey if a survey is not being provided to you.
- Allow the Company to add an exception to "rights of parties in possession." If you refuse this exception, the Company or the title insurance agent may inspect the property. The Company may except to and not insure you against the rights of specific persons, such as renters, adverse owners or easement holders who occupy the land. The Company may charge you for the inspection. If you want to make your own inspection, you must sign a Waiver of Inspection form and allow the Company to add this exception to your Policy.

The entire premium for a Policy must be paid when the Policy is issued. You will not owe any additional premiums unless you want to increase your coverage at a later date and the Company agrees to add an Increased Value Endorsement.

CONDITIONS AND STIPULATIONS

1. If you have actual knowledge of any matter which may affect the title or mortgage covered by this Commitment, that is not shown in Schedule B, you must notify us in writing. If you do not notify us in writing, our liability to you is ended or reduced to the extent that your failure to notify us affects our liability. If you do notify us, or we learn of such matter, we may amend Schedule B, but we will not be relieved of liability already incurred.
2. Our liability is only to you, and others who are included in the definition of Insured in the Policy to be issued. Our liability is only for actual loss incurred in your reliance on this Commitment to comply with its requirements, or to acquire the interest in the land. DELETION OF ARBITRATION PROVISION

(Not applicable to the Texas Residential Owner's Policy)

ARBITRATION is a common form of alternative dispute resolution. It can be a quicker and cheaper means to settle a dispute with your Title Insurance Company. However, if you agree to arbitrate, you give up your right to take the Title Insurance Company to court and your rights to discovery of evidence may be limited in the arbitration process. In addition, you cannot usually appeal an arbitrator's award.

Your policy contains an arbitration provision (shown below). It allows you or the Company to require arbitration if the amount of insurance is \$2,000,000 or less. If you want to retain your right to sue the Company in case of a dispute over a claim, you must request deletion of the arbitration provision before the policy is issued. You can do this by signing this form and returning it to the Company at or before the closing of your real estate transaction or by writing to the Company.

The arbitration provision in the Policy is as follows:

"Either the Company or the Insured may demand that the claim or controversy shall be submitted to arbitration pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("Rules"). Except as provided in the Rules, there shall be no joinder or consolidation with claims or controversies of other persons. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, any service in connection with its issuance or the breach of a policy provision, or to any other controversy or claim arising out of the transaction giving rise to this policy. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured, unless the Insured is an individual person (as distinguished from an Entity). All arbitrable matters when the Amount of Insurance is in excess of \$2,000,000 shall be arbitrated only when agreed to by both the Company and the Insured. Arbitration pursuant to this policy and under the Rules shall be binding upon the parties. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court of competent jurisdiction."

TEXAS TITLE INSURANCE INFORMATION

Title insurance insures you against loss resulting from certain risks to your title.

The commitment for Title Insurance is the title insurance company's promise to issue the title insurance policy. The commitment is a legal document. You should review it carefully to completely understand it before your closing date.

El seguro de título le asegura en relación a pérdidas resultantes de ciertos riesgos que pueden afectar el título de su propiedad.

El Compromiso para Seguro de Título es la promesa de la compañía aseguradora de títulos de emitir la póliza de seguro de título. El Compromiso es un documento legal. Usted debe leerlo cuidadosamente y enterderlo completamente antes de la fecha para finalizar su transacción.

Your Commitment for Title Insurance is a legal contract between you and us. The Commitment is not an opinion or report of your title. It is a contract to issue you a policy subject to the Commitment's terms and requirements.

Before issuing a Commitment for Title Insurance (the Commitment) or a Title Insurance Policy (the Policy), the Title Insurance Company (the Company) determines whether the title is insurable. This determination has already been made. Part of that determination involves the Company's decision to insure the title except for certain risks that will not be covered by the Policy. Some of these risks are listed in Schedule B of the attached Commitment as Exceptions. Other risks are stated in the Policy as Exclusions. These risks will not be covered by the Policy. The Policy is not an abstract of title nor does a Company have an obligation to determine the ownership of any mineral interest.

- **MINERALS AND MINERAL RIGHTS** may not be covered by the Policy. The Company may be unwilling to insure title unless there is an exclusion or an exception as to Minerals and Mineral Rights in the Policy. Optional endorsements insuring certain risks involving minerals, and the use of improvements (excluding lawns, shrubbery and trees) and permanent buildings may be available for purchase. If the title insurer issues the title policy with an exclusion or exception to the minerals and mineral rights, neither this Policy, nor the optional endorsements, ensure that the purchaser has title to the mineral rights related to the surface estate.

Another part of the determination involves whether the promise to insure is conditioned upon certain requirements being met. Schedule C of the Commitment lists these requirements that must be satisfied or the Company will refuse to cover them. You may want to discuss any matters shown in Schedules B and C of the Commitment with an attorney. These matters will affect your title and your use of the land.

When your Policy is issued, the coverage will be limited by the Policy's Exceptions, Exclusions and Conditions, defined below.

- **EXCEPTIONS** are title risks that a Policy generally covers but does not cover in a particular instance. Exceptions are shown on Schedule B or discussed in Schedule C of the Commitment. They can also be added if you do not comply with the Conditions section of the Commitment. When the Policy is issued, all Exceptions will be on Schedule B of the Policy.

- **EXCLUSIONS** are title risks that a Policy generally does not cover. Exclusions are contained in the Policy but not shown or discussed in the Commitment.

- **CONDITIONS** are additional provisions that qualify or limit your coverage. Conditions include your responsibilities and those of the Company. They are contained in the Policy but not shown or discussed in the Commitment. The Policy Conditions are not the same as the Commitment Conditions.

You can get a copy of the policy form approved by the Texas Department of Insurance by calling the Title Insurance Company at 1-888-632-1642 or by calling the title insurance agent that issued the Commitment. The Texas Department of Insurance may revise the policy form from time to time.

You can also get a brochure that explains the policy from the Texas Department of Insurance by calling 1-800-252-3439.

Before the Policy is issued, you may request changes in the policy. Some of the changes to consider are:

- Request amendment of the "area and boundary" exception (Schedule B, paragraph 2). To get this amendment, you must furnish a survey and comply with other requirements of the Company. On the Owner's Policy, you must pay an additional premium for the amendment. If the survey is acceptable to the Company and if the Company's other requirements are met, your Policy will insure you against loss because of discrepancies or conflicts in boundary lines, encroachments or protrusions, or overlapping of improvements. The Company may then decide not to insure against specific boundary or survey problems by making special exceptions in the Policy. Whether or not you request amendment of the "area and boundary" exception, you should determine whether you want to purchase and review a survey if a survey is not being provided to you.
- Allow the Company to add an exception to "rights of parties in possession." If you refuse this exception, the Company or the title insurance agent may inspect the property. The Company may except to and not insure you against the rights of specific persons, such as renters, adverse owners or easement holders who occupy the land. The Company may charge you for the inspection. If you want to make your own inspection, you must sign a Waiver of Inspection form and allow the Company to add this exception to your Policy.

The entire premium for a Policy must be paid when the Policy is issued. You will not owe any additional premiums unless you want to increase your coverage at a later date and the Company agrees to add an Increased Value Endorsement.

CONDITIONS AND STIPULATIONS

1. If you have actual knowledge of any matter which may affect the title or mortgage covered by this Commitment, that is not shown in Schedule B, you must notify us in writing. If you do not notify us in writing, our liability to you is ended or reduced to the extent that your failure to notify us affects our liability. If you do notify us, or we learn of such matter, we may amend Schedule B, but we will not be relieved of liability already incurred.
2. Our liability is only to you, and others who are included in the definition of Insured in the Policy to be issued. Our liability is only for actual loss incurred in your reliance on this Commitment to comply with its requirements, or to acquire the interest in the land. Our liability is limited to the amount shown in Schedule A of this Commitment and will be subject to the following terms of the Policy: Insuring Provisions, Conditions and Stipulations, and Exclusions.

DELETION OF ARBITRATION PROVISION

(Not applicable to the Texas Residential Owner's Policy)

ARBITRATION is a common form of alternative dispute resolution. It can be a quicker and cheaper means to settle a dispute with your Title Insurance Company. However, if you agree to arbitrate, you give up your right to take the Title Insurance Company to court and your rights to discovery of evidence may be limited in the arbitration process. In addition, you cannot usually appeal an arbitrator's award.

Your policy contains an arbitration provision (shown below). It allows you or the Company to require arbitration if the amount of insurance is \$2,000,000 or less. If you want to retain your right to sue the Company in case of a dispute over a claim, you must request deletion of the arbitration provision before the policy is issued. You can do this by signing this form and returning it to the Company at or before the closing of your real estate transaction or by writing to the Company.

The arbitration provision in the Policy is as follows:

"Either the Company or the Insured may demand that the claim or controversy shall be submitted to arbitration pursuant to the Title Insurance Arbitration Rules of the American Land Title Association ("Rules"). Except as provided in the Rules, there shall be no joinder or consolidation with claims or controversies of other persons. Arbitrable matters may include, but are not limited to, any controversy or claim between the Company and the Insured arising out of or relating to this policy, any service in connection with its issuance or the breach of a policy provision, or to any other controversy or claim arising out of the transaction giving rise to this policy. All arbitrable matters when the Amount of Insurance is \$2,000,000 or less shall be arbitrated at the option of either the Company or the Insured, unless the Insured is an individual person (as distinguished from an Entity). All arbitrable matters when the Amount of Insurance is in excess of \$2,000,000 shall be arbitrated only when agreed to by both the Company and the Insured. Arbitration pursuant to this policy and under the Rules shall be binding upon the parties. Judgment upon the award rendered by the Arbitrator(s) may be entered in any court of competent jurisdiction."

Re: Vacant Land located at 12498 Paseo Azul Court, El Paso, Texas 79928
Appraiser's File Reference #9086.2

Dear Ms. De Anda:

Pursuant to your request for an appraisal report of the fee simple rights of ownership of the vacant land located at 12498 Paseo Azul Court, El Paso, Texas 79928 and more particularly described by the legal description herein, I submit this appraisal report. The use of this report is subject to the requirements of the Appraisal Institute relating to review by its duly authorized representatives and the attached limiting conditions. This appraisal was prepared in accordance with requirements of the Financial Institutions Reform, Recovery and Enforcement Act of 1989 (FIRREA) relating to appraisal standards as enumerated in Chapter 12, Code of Federal Regulation, Part 34 (12 CFR 34). I estimate a reasonable exposure time for the subject of 12 months.

Based on the agreed to Scope of Work, and as outlined in the report, I am of the opinion that the current market value of the fee simple rights of ownership of the subject, as of April 6, 2021, is:

FORTY-THREE THOUSAND DOLLARS

(\$43,000) *

** Subject to the Extraordinary Assumptions and Limiting Conditions as noted on Page 7 of this report.*

The value reported is qualified by certain definitions, assumptions and limiting conditions, and certifications that are set forth in the attached report. This letter is invalid as an opinion of value if detached from the report.

Ms. De Anda
April 26, 2021
Appraiser's File Reference #9086.2

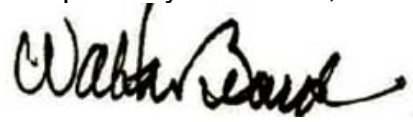

The value conclusion is subject to the assumptions and limiting conditions, certification and extraordinary assumptions, if applicable, and definitions found herein. This letter is invalid as an opinion of value if detached from the report.

Market Value as used in this report is defined as the most probable price which a property should bring in a competitive and open market under all condition's requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer.

At the time of the appraisal, COVID-19 was beginning to have widespread health and economic impacts globally and in the United States. The effects of COVID-19 on the real estate market in the area of the subject property were not yet measurable based on reliable data. The analyses and value opinion in this appraisal are based on the data available to the appraiser at the time of the assignment and apply only as of the effective date indicated. No analyses or opinions contained in this appraisal should be construed as predictions of future market conditions or value.

I, the undersigned, do hereby certify that to the best of my knowledge and belief, the facts and data used herein are true and correct, that Walker R. Beard, MAI has personally inspected the subject, and that I have no interest present or current therein.

Respectfully submitted,

A handwritten signature in black ink, appearing to read "Walker R. Beard", written over a horizontal line.

General Assumptions & Limiting Conditions

This appraisal is subject to the following general assumptions and limiting conditions when applicable.

No responsibility is assumed for the legal description provided or for matters pertaining to legal or title considerations. Title to the property is assumed to be good and marketable unless otherwise stated.

The property is appraised free and clear of any or all liens or encumbrances unless otherwise stated.

Responsible ownership and competent property management are assumed.

The information furnished by others is believed to be reliable, but no warranty is given for its accuracy.

All engineering studies are assumed to be correct. The plot plans and illustrative material in this report are included only to help the reader visualize the property.

It is assumed that there are no hidden or unapparent conditions of the property, subsoil, or structures that render it more or less valuable. No responsibility is assumed for such conditions or for obtaining the engineering studies that may be required to discover them.

It is assumed that the property is in full compliance with all applicable federal, state, and local environmental regulations and laws unless the lack of compliance is stated, described, and considered in the appraisal report.

It is assumed that the property conforms to all applicable zoning and use regulations and restrictions unless nonconformity has been identified, described, and considered in this appraisal.

It is assumed that all required licenses, certificates of occupancy, consents, and other legislative or administrative authority from any local, state or national government or private entity or organization have been or can be obtained or renewed for any use on which the opinion of value contained in this report is based.

It is assumed that the use of the land and improvements is confined within the boundaries or property lines of the property described and that there is no encroachment or trespass unless noted in the report.

Unless otherwise stated in this report, the existence of hazardous substances, including without limitation asbestos, polychlorinated biphenyl's, petroleum leakage, or agricultural chemicals, which may or may not be present on the property, or other environmental conditions, were not called to the attention of nor did the appraiser become aware of such during the appraiser's inspection. The appraiser has no knowledge of the existence of such materials on or in the property unless otherwise stated. The appraiser, however, is not qualified to test such substances or conditions. The presence of such hazardous substances may affect the value of the property. The value estimated is predicated on the assumption that no such hazardous substances exist on or in the property or in such proximity thereto that it would cause a loss in value. No responsibility is assumed for any such conditions, nor for any expertise or engineering knowledge required to discover them.

General Assumptions & Limiting Conditions

Possession of this report, or a copy hereof, does not carry with it the right of publication, nor may it be used for any purpose by anyone but the client without the previous written consent of the appraiser or the client and in any event, only with proper identification.

I am not required to give testimony or attendance in court by reason of this appraisal without prior agreement mutually agreeable to both the appraiser and the client.

Any allocation of the total value estimated in this report between the land and improvements applies only under the stated program of utilization. The separate values allocated to the land and buildings must not be used in conjunction with any other appraisal and are invalid if so used.

Neither all nor any part of the contents of this report shall be conveyed to the public through advertising, public relations, news, sales or other media, without the written consent and approval of the author, particularly as to valuation conclusions, the identity of the appraiser or firm with which he is connected, or any reference to the Appraisal Institute or to the MAI designation.

I have not made a specific compliance survey and analysis of this property to determine whether or not it is in conformity with the various detailed requirements of the ADA (The Americans with Disabilities Act) which become effective January 26, 1992. It is possible that a compliance survey of the property, together with a detailed analysis of the requirements of the ADA, could reveal that the property is not in compliance with one or more of the requirements of the Act. If so, this fact could have a negative effect upon the value of the property. Since I have no direct evidence relating to this issue, I did not consider possible non-compliance with the requirements of ADA in estimating the value of the property.

The forecast of income and expenses are not predictions of the future. Rather, they are my best estimate of current market thinking on future income and expenses. I make no warranty or representation that these forecasts will materialize. The real estate market is constantly fluctuating and changing. I do not predict or in any way warrant the conditions of a future real estate market, but I can only reflect what the investment community, as of the date of appraisal, envisages for the future in terms of rental rates, expenses, supply and demand.

The forecasted potential gross income referred to in this appraisal may be based on lease summaries or incomplete leases as provided by the owner or third parties. I have reviewed the lease documents and assume no responsibility for the authenticity or completeness of lease information provided by others. I recommend that legal advice be obtained regarding the interpretation of lease provisions and the contractual rights of parties.

My appraisal is based on estimates, assumptions and other information developed from research of the market, knowledge of the industry, and information that was provided. I have not, as part of my appraisal, performed an audit or review of the financial information used and, therefore, I do not express an opinion or any other form of assurance with regard to the same. Under the terms of this engagement, I have no obligation to revise this report or the estimated financial results to reflect events or conditions that occur subsequent to the date of this appraisal.

Extraordinary Assumptions & Hypothetical Conditions

- *There are no extraordinary assumptions considered in this analysis.*

There have been no transactions recorded for the subject within the past five years based on a search of the El Paso County records. This represents a complete five-year history of the subject.

PROPERTY INTERESTS APPRAISED:

This **appraisal report** is intended to comply with Standard 2-2 of the Uniform Standards of Professional Appraisal Practice, 2020-2021 Edition. The report analyzes the fee simple interest of the subject.

The appraisal will consider **real property**. Assets to include personal property, supplies, materials on hand, inventories, and any current or intangible assets that may exist are not part of this appraisal.

Fee Simple, Leased Fee, and Leasehold are defined as follows.

A fee simple estate implies absolute ownership unencumbered by any other interest or estate.³

A leased fee estate is an ownership interest held by a landlord with the right of use and occupancy conveyed by lease to others; the rights of the lessor (the leased fee owner) and the lessee (leaseholder) are specified by contract terms contained within the lease.⁴

A leasehold estate, which is held by a lessee (the tenant and renter), conveys the right of use and occupancy for a stated term under certain conditions.⁵

TYPE & DEFINITION OF VALUE:

The purpose of this appraisal is to estimate the current “as is” **market value** for the subject land.

“The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition are the consummation of a sale as of a

specified date and the passing of title from seller to buyer under conditions whereby:

- *Buyer and seller are typically motivated;*
- *Both parties are well informed or well advised, and acting in what they consider their own best interests;*
- *A reasonable time is allowed for exposure in the open market;*
- *Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and*
- *The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.”⁸*

DATES USED IN THE APPRAISAL:

The subject is currently appraised as of **April 6, 2021**, the current date of inspection. The date of this report is **April 26, 2021**.

SCOPE OF WORK:

It has been my intention to prepare this appraisal in conformity with the Uniform Standards of Professional Appraisal Practice (USPAP) of the Appraisal Foundation, and the Code of Ethics and the Standards of Professional Practice of the Appraisal Institute. Engineering studies, ADA determinations, surveys, title reports, flood plain determinations, and environmental audits are beyond the scope of work of this appraisal. This report is limited to the valuation of the land and none of the current site improvements. Paired sales, interviews and additional research were conducted to determine the market value.

Extent to Which the Property is identified: I researched data from the market pertaining to the subject including but not limited to records from El Paso County, El Paso Central Appraisal District and the City of El Paso. I have performed a current inspection of the subject property and neighborhood.

⁸Interagency Appraisal and Evaluation Guidelines, December 2010, OCC: 12 CFR part 34, subpart C.

Extent to Which Tangible Property is Inspected: In preparing this appraisal, Walker R. Beard, MAI inspected the subject on April 6, 2021, which is the effective date of this report. I drove the immediate area and viewed all of the comparables used in this appraisal from the street.

I visited the subject property to develop impressions of physical characteristics based on visual observations of apparent, not unapparent conditions. I am not a licensed inspector, and I did not make an "inspection" of the property as defined by TREC Rule 535.227-535.231 for real estate inspectors.

I am not qualified to detect or identify hazardous substances, which may, or may not, be present on, in, or near the subject property. The presence of hazardous materials may negatively affect market value. I do not have reason to suspect the presence of hazardous substances, and I valued the subject assuming that none are present. No responsibility is assumed for any such conditions or for any expertise or engineering required to detect or discover them. I urge the user of this report to obtain the services of specialists for the purpose of conducting inspections, engineering studies, or environmental audits. While I refer to FEMA flood maps, I am not a surveyor and I am not qualified to make flood plain determinations, and I recommend that a qualified party be consulted before any investment decision is made.

Type & Extent of Data Researched: Market research was conducted for land sales and listings. Sources used to obtain information included but were not limited to public records, discussions with involved parties, real estate brokers, property managers, and other appraisers. Confirmation of sales and rents involved discussions with knowledgeable parties. Confirmation of market data as used in this appraisal was obtained from sources believed to be reliable; however, I assume no responsibility for their accuracy.

Texas is a non-disclosure state. It is important that the intended users of this appraisal understand that in Texas, there is no legal requirement for grantors or grantees to disclose any information relative to a transfer of real property, other than the recordation of the deed itself. In Texas, the deed contains no information about the transaction, including the purchase price. As a result, no data source provides absolute coverage of all transactions. It is possible that there are sales of which I am unaware. My data

sources provide all the data typically available to appraisers in the normal course of business.

Type & Extent of Analysis Applied: I have considered market conditions including but not limited to city and market area data. I have analyzed the data from the market to determine the highest and best use of the subject property.

Novel Coronavirus (COVID-19): The outbreak of the Novel Coronavirus (COVID-19), declared by the World Health Organization as a global health emergency on the 30th January 2020, is causing heightened uncertainty in both local and global market conditions. Originating in Wuhan, China, the outbreak continues to develop, and cases are progressively being detected around the world and impacting global financial markets. Travel restrictions have been implemented by many countries, restricting travel to and from Mainland China and other countries affected such as South Korea, Iran and northern Italy. The effect COVID-19 will have on the real estate market in the region is currently unknown and will largely depend on both the scale and longevity of the outbreak. At this stage Tourism, F&B and Retail sectors are likely to be the first impacted, due to the increased response by local and global authorities including home quarantine, restriction of travel and growing international concern. A prolonged outbreak could have a significant (and yet unknown or quantifiable) impact on other sectors of the property market. My valuation is based on the information available to me at the date of valuation. Given the heightened uncertainty, a degree of caution should be exercised when relying upon my valuation. Values, and incomes, may change more rapidly and significantly than during standard market conditions and I recommend that you keep the valuation of this property under frequent review.

VALUATION PROCESS:

I have considered all three approaches to value the vacant land. The three approaches are generally called the Cost Approach, the Sales Comparison Approach, and the Income Capitalization Approach. The Sales Comparison Approach is the most applicable approach to value the subject as vacant, fee simple land.

EXPOSURE & MARKETING TIMES:

Exposure time is the estimated length of time the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale

at market value on the effective date of the appraisal; a retrospective estimate based upon an analysis of past events assuming a competitive and open market. Exposure time is different for various types of real estate and under various market conditions. The estimate of the time period for reasonable exposure time is not intended to be a predication of a date of sale.

I have analyzed the comparable sales in order to determine the reasonable exposure time for these sales. Additionally, I have surveyed knowledgeable participants. I am of the opinion an exposure time of 12 months appears appropriate for the subject based on the final market value estimate.

Marketing time is forward looking and I am of the opinion a marketing time of 12 months appears reasonable for the subject to consider the strength of the leases and tenants. Marketing time is ***“an opinion of the amount of time it might take to sell a real or personal property interest at the concluded market value level during the period immediately after the effective date of an appraisal. Marketing time differs from exposure time, which is always presumed to precede the effective date of an appraisal.”***⁹ It is my opinion that similar conditions prevail that suggests 12 months or less to be an appropriate marketing time for the subject property.

My valuation is based on the information available to me at the date of valuation. Given the heightened uncertainty, a degree of caution should be exercised when relying upon my valuation. Values, and incomes, may change more rapidly and significantly than during standard market conditions and I recommend that you keep the valuation of this property under frequent review.

INTRODUCTION:

The purpose of the market area analysis is to analyze factors that may affect property values. A market area is defined as (neighborhood analysis) ***“the objective analysis of observable and/or quantifiable data indicating discernible patterns of urban growth, structure, and change that may detract from or enhance property values; focuses on four sets of considerations that influence value: social, economic, governmental, and environmental factors.”***¹⁰ East El Paso is defined in detail as follows.

BOUNDARIES:

The boundaries of the market area are generally considered to be East Paisano Drive to the west, Joe Battle Boulevard to the east and Gateway West to the south. Gateway West Boulevard is a frontage road along Interstate 10. East El Paso has expanded beyond Joe Battle Boulevard to the east and is now approaching the Paseo Del Este and Montana Vista neighborhoods.

POPULATION AND PREDOMINANT LAND USE:

The population in East El Paso can best be described as a mixture of predominantly blue collar and white-collar clerical workers and small business owners and has been experiencing very strong growth over the past 10 years. There is a total of 80,557 housing units in the market area as of 2019 and the mix is 67.5%

There is a significant amount of new single-family residential and new supportive retail and commercial development that has occurred in the northeastern section of the market area east of Joe Battle Boulevard, south of Montana Avenue, north of Montwood Drive and west of the El Paso City Limits. The expansion is continuing into El Paso County east of Joe Battle Boulevard, north of Rojas Drive and south of Pellicano Road along Eastlake Boulevard to the immediate

As can be anticipated, congestion is prevalent during the peak morning and evening hours.

UTILITIES:

The subject neighborhood is adequately served by all the typical utilities, including water, sewer, electric service, natural gas, and public telephone. No shortages of utility service in the developed portions of the neighborhood were reported and lack of utilities has not been detrimental in the development of the area. Major utility companies servicing the neighborhood include the El Paso Electric Company, El Paso Water and Texas Gas Service Company.

LIFE CYCLE OF REAL ESTATE MARKETS:

Real estate markets are dynamic, and appraisers describe this quality as a market's life cycle. The four stages of the typical life cycle are:

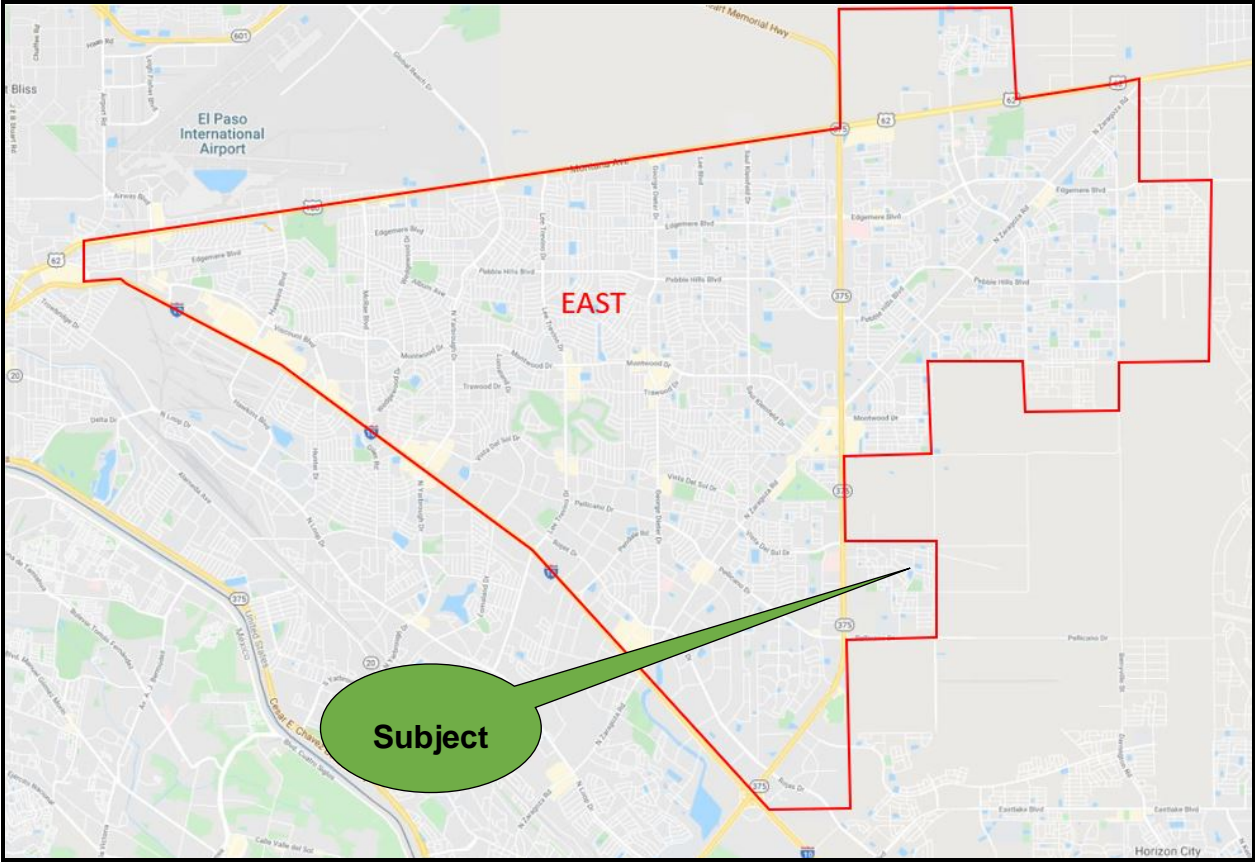

1. Growth – a period during which the market area gains public favor and acceptance

2. Stability – a period of equilibrium without marked gains or losses
3. Decline – a period of diminishing demand
4. Revitalization – a period of renewal, redevelopment, modernization, and increasing demand

East El Paso is widely considered to be in a growth life cycle. The area has very strong population growth and growth in commercial development activity to include apartment, industrial retail, and office.

CONCLUSION:

To summarize, the East El Paso market area is considered to be in a growth cycle. The market area has a higher median and higher average income than the City of El Paso and is well poised for continued growth.

OVERVIEW:

In this report, the Sales Comparison Approach is deemed to be applicable in estimating the retail value of the lot. To apply this technique sales of lots in similar and competing subdivisions are analyzed, compared, and adjusted to provide a value indication for the subject lot being appraised.

ESTIMATED DISCOUNTED LOT VALUES:

True retail lot sales to a single individual are very limited in this market for median income subdivisions. I searched the MLS for retail lot sales in the immediate area over the past 2 years and did not locate any comparables. Most of the transactions are to builders and reflect the sale of multiple lots in a single transaction. These sales are considered as the best overall comparison to the subject. There are multiple builders actively seeking lots in the immediate area. There are plenty of bulk sales transactions to use in comparison to the subject lot. I have estimated the value using the bulk sales of multiple lots in a single transaction to builders in comparable subdivisions as follows.

Subdivision	Builder	Doc #	Sale Date	No of Lots	Sale Price / Lot	Avg Lot Size SF	Lot Price / SF	Selling Price of Homes Average

SUBDIVISION SALES MAP

Tierra Del Este Unit 82 – This subdivision was developed several years ago. The lots were originally purchased by Tri-State Ventures / Carefree Homes. This builder sold these lots in December to Horizon Desert Breeze / Palo Verde Homes. The larger development contains 92 lots and is located along Pebble hills Boulevard at Mike Price Street.

All of the lots have sold at prices ranging from \$35,000 to \$41,786 per lot with an average of \$36,376 per lot. This includes rock wall charges. The lots are oriented toward median income purchasers and will be improved with homes priced in the \$200,000 range on average.

Paseos at Mission Ridge Unit 4 – This development is more recently completed and contains a total of 251 lots. All but 5 of the los are under contract or have sold at prices ranging from \$35,300 to \$75,000 with an average of \$40,004. The larger development is located along Darrington Road north of Eastlake Boulevard in a rapidly growing area of residential and commercial development. The development has adequate ponding and will be adjacent to future commercial development.

Eastlake Valley Unit 4 – This subdivision is located south of Interstate 10 east of Eastlake Boulevard in a rapidly growing area. The development is oriented toward starter homes. The development has received very strong market reception.

Peyton Estates Unit 5 – This subdivision is located along Rojas Drive at Peyton Drive and represents one of three developments located at the corner of the intersection. All of the lots within the development have sold.

Emerald Park Unit 4 contains a total of 145 lots and was complete at the beginning of the year. Early starts for construction commenced at the end of 2019. ADJUSTMENTS TO THE LOT COMPARABLES:

Adjustments are made to the site comparables to reflect economic and physical differences in contrast with the subject. The following are the economic and physical adjustments considered in this site valuation analysis.

1. Property Rights Conveyed
2. Financing Terms
3. Buyer/Seller Motivation
4. Buyer Costs
5. Market Conditions (Time)
6. Location
7. Frontage/Corner Influences
8. Utility
9. Size (Economies of Scale)
10. Topography
11. Zoning
12. Other Physical Features

Adjustments for the first five categories reflect economic adjustments to the comparables while categories six through 12 reflect physical differences. Adjustments for the first four categories are made on a Dollar basis while all remaining adjustments are made on a percentage basis.

Economic Adjustments:

Property Rights Conveyed: The sales reflect 100% equity interests of fee simple transactions requiring no adjustment.

Financing Terms: The sales are reflective of the price to builders for multiple lots in a single transaction but do not reflect the retail price to a single end user.

Buyer/Seller Motivation: The sales were all between unrelated parties without undue motivation.

Buyer Costs: There are applicable utility connection fees due by the buyer for the lots located in the subject and comparable subdivisions and no adjustment is considered.

Market Conditions (Time): The lot sales provide data within the subject subdivision to support increasing market conditions. However, when considering the uncertainty surrounding market conditions due to the COVID pandemic, I am of the opinion it is not prudent to apply a market conditions adjustment.

Physical Adjustments:

Location: The subject and comparables are located in areas of concentrated residential development that is rapidly expanding and in high demand. No adjustment is considered for location.

Frontage/Corner Influence: The subject and comparables have similar frontage and exposure and no adjustment is considered.

Amenities: The subject and sale comparable lots have similar amenities and no adjustments are required.

Size (Economies of Scale): The difference for lot size is typically incorporated into the design and configuration of the finished home product, which dictates the lot price. This is confirmed with discussions with multiple developers and builders who acknowledge that the primary determinant of the volume of sales is the finished price of the home. I have considered differences in lot sizes in the product orientation category below.

Topography: The subject and sales have similar topography and no adjustment is considered.

Zoning: The subject and comparable lot sales have similar zoning restrictions and all are approved plats of similar larger developments and no adjustments are required.

Product Orientation: Comparables that are oriented toward a slightly inferior product type are adjusted upward by **5%** or **15%** as required. The subject subdivision was sold out years ago. Utilizing the MLS, I have reviewed several improved listings in the subject subdivision. They range from \$211,950 to \$269,900. When the subject was originally developed the estimated average home price was \$160,000. I am estimated the average home price to be approximately \$215,000.

The following are the adjustments to the single-family lots.

The adjusted comparables indicate a range from \$35,100 to \$41,359 per lot with a mean and median of \$38,607 and \$39,473 per lot. A bulk, discounted lot price of \$39,000 per lot is supported for the subject development. This price is negotiated between the developer and builders and is based on the purchase of multiple lots in a single transaction. The builders typically negotiate the purchase of between 20 and 100 lots per builder. As improved, the lot value typically reflects 20% of the total value of the property. I have estimated the average home value to be approximately \$215,000 and this lot is fenced and gated; this supports a lot value of \$43,000. This reflects a 10.26% higher price than the bulk lot price which is reasonable to that extent. A lot price of **\$43,000** is well supported as an estimate for the subject.

CONCLUSION:

I am of the opinion that the current market value of the fee simple rights of ownership of the subject site as of April 6, 2021, is:

FORTY-THREE THOUSAND DOLLARS

(\$43,000) *
