

Parkland Management

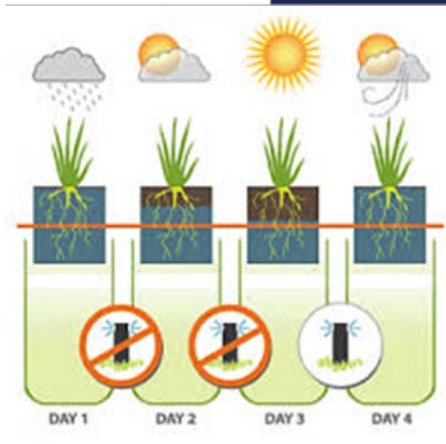

Automated Irrigation and Amenity Replacement

Computerized Central Irrigation Controls (IQ4) FY23 Completed & FY24 Proposed

- FY23
 - City Council approved \$480,000; staff installed IQ4 at 63 additional parks
 - IQ4 is currently at 118 or 257 irrigated parks (46%)
- FY24
 - Proposed \$280,000; staff will install IQ4 at 20 additional sites, depending on site limitations

Key Benefits of Computerized Central Irrigation Control (IQ4)

- The IQ4 control system is Cloud-based and can be **accessed remotely**
- IQ4 can **sense excess flows** (water break) and shut down the system
- Automatically **adjusts water schedules** based on climatic data
- Schedules can be adjusted from a **central location**, versus having to go to each park site

Park Amenity Funding \$1.3M

- **Playground replacement** - Mountain View, Nations Tobin, and Washington
- **Playground Fall surface replacement**
 - Buena Vista, Cielo Vista, Cork, Dunn, Liz Morayma Gonzalez, Marty Robbins, Newman, Normandy, Pico Norte, Ranchos del Sol, Reese McCord, Sunrise, Walter Clarke, West GreenWestside Community
- **Other Amenities** – replace 110 units (combined tables and benches) system wide
