DISTRICT(S) AFFECTED: All

STRATEGIC GOAL: NO. 2: Set the Standard for a Safe and Secure City

SUBGOAL: 2.1 Maintain standing as one of the nation's top safest cities

SUBJECT:

That the El Paso City Council authorizes the submission of the grant application to the Office of the Governor of the State of Texas, Homeland Security Grant Division, grant application number 2950710, for the City of El Paso Police Department project identified as "State Homeland Security Program (SHSP) - MATRIX Fusion Center" to provide financial assistance to the City of El Paso. Requesting \$455,997.51. No cash match is required. The grant period will be from September 1, 2024 – August 31, 2025.

BACKGROUND / DISCUSSION:

The Police Department's Fusion Center (MATRIX) was officially recognized by the State of Texas and the U.S. Department of Homeland Security in November 2010. Since 2008, the Police Department has financially supported the center's operation through Urban Area Security Initiative (UASI) and, more recently, State Homeland Security Program (SHSP) grant funding. Grant funds will be used to pay the salaries of the contract crime analysts and training and maintenance of the Fusion Center's software and hardware solutions.

PRIOR COUNCIL ACTION:

The grant application for SHSP MATRIX Fusion Center FY2023 was approved by City Council on February 7, 2023, FY2022 was approved by City Council on February 1, 2021, and FY2021 was approved by City Council on February 2, 2020. FY2020 was approved by City Council on February 18, 2020.

Narrative Information

Overview

The purpose of the Homeland Security Grant Program (HSGP) is to support state and local efforts to prevent terrorism and other catastrophic events and to prepare the Nation for the threats and hazards that pose the greatest risk to the security of the United States. HSGP provides funding to implement investments that build, sustain, and deliver the 32 core capabilities essential to achieving the National Preparedness Goal (the Goal) of a secure and resilient Nation. The building, sustainment, and delivery of these core capabilities are not exclusive to any single level of government, organization, or community, but rather, require the combined effort of the whole community. HSGP supports core capabilities across the five mission areas of Prevention, Protection, Mitigation, Response, and Recovery based on allowable costs.

Primary Mission and Purpose

State Homeland Security Program (SHSP) - Law Enforcement Terrorism Prevention Activities

(LETPA): Supports state, tribal and local preparedness activities that continue to build law enforcement capabilities to prevent terrorist attacks and support critical prevention and protection activities. All LETPA investments must be consistent with capability targets set during the Threat and Hazard Identification and Risk Assessment (THIRA) process, and gaps identified in the State Preparedness Report (SPR).

Many activities which support the achievement of target capabilities related to terrorism preparedness may simultaneously support enhanced preparedness for other hazards unrelated to acts of terrorism. However, **all SHSP-LETPA projects must assist grantees in achieving target capabilities related to preventing, preparing for, or protecting against acts of terrorism.**

Eligibility Requirements

Cybersecurity Training Requirement

Local units of governments must comply with the Cybersecurity Training requirements described in Section 772.012 and Section 2054.5191 of the Texas Government Code. Local governments determined to not be in compliance with the cybersecurity requirements required by Section 2054.5191 of the Texas Government Code are ineligible for OOG grant funds until the second anniversary of the date the local government is determined ineligible. Government entities must annually certify their compliance with the training requirements using the [Cybersecurity Training Certification for State and Local Government](#). A copy of the Training Certification must be uploaded to your eGrants application. For more information or to access available training programs, visit the [Texas Department of Information Resources Statewide Cybersecurity Awareness Training](#) page.

Criminal History Reporting

Entities receiving funds from PSO must be located in a county that has an average of 90% or above on both adult and juvenile dispositions entered into the computerized criminal history database maintained by the Texas Department of Public Safety (DPS) as directed in the *Texas Code of Criminal Procedure, Chapter 66*. The disposition completeness percentage is defined as the percentage of arrest charges a county reports to DPS for which a disposition has been subsequently reported and entered into the computerized criminal history system.

Counties applying for grant awards from the Office of the Governor must commit that the county will report at least 90% of convictions within five business days to the Criminal Justice Information System at the Department of Public Safety.

Uniform Crime Reporting (UCR)

Eligible applicants operating a law enforcement agency must be current on reporting complete UCR data and the Texas specific reporting mandated by 411.042 TGC, to the Texas Department of Public Safety (DPS) for inclusion in the annual Crime in Texas (CIT) publication. To be considered eligible for funding, applicants must have submitted a full twelve months of accurate data to DPS for the most recent calendar year by the deadline(s) established by DPS. Due to the importance of timely reporting, applicants are required to submit complete and accurate UCR data, as well as the Texas-mandated reporting, on a no less than monthly basis and respond promptly to requests from DPS related to the data submitted.

Entities That Collect Sexual Assault/Sex Offense Evidence or Investigate/Prosecute Sexual Assault or Other Sex Offenses

In accordance with Texas Government Code, Section 420.034, any facility or entity that collects evidence for sexual assault or other sex offenses or investigates or prosecutes a sexual assault or other sex offense for which evidence has been collected, must participate in the statewide electronic tracking system developed and implemented by the Texas Department of Public Safety. Visit DPS's [Sexual Assault Evidence Tracking Program](#) website for more information or to set up an account to begin participating. Additionally, per Section 420.042 "A law enforcement agency that receives evidence of a sexual assault or other sex offense...shall submit that evidence to a public accredited crime laboratory for analysis no later than the 30th day after the date on which that evidence was received." A law enforcement agency in possession of a significant number of Sexual Assault Evidence Kits (SAEK) where the 30-day window has passed may be considered noncompliant.

National Incident Management System (NIMS) Implementation

Grantees are required to implement NIMS. The NIMS uses a systematic approach to integrate the best existing processes and methods into a unified national framework for incident management across all homeland security activities including prevention, protection, response, mitigation, and recovery. Grantees must use standardized resource management concepts for resource typing, credentialing, and an inventory to facilitate the effective identification, dispatch, deployment, tracking and recovery of resources.

Emergency Management Plans (Intermediate Level)

Cities and counties must have a current emergency management plan or be a legally established member of an inter-jurisdictional emergency management program with a plan on file with the Texas Division of Emergency Management (TDEM). Plans must be maintained throughout the entire grant performance period. If you have questions concerning your Emergency Management Plan (preparedness) level, contact your Emergency Management Coordinator (EMC) or your regional Council of Governments (COG). For questions concerning plan deficiencies, contact TDEM at tdem.plans@tdem.texas.gov.

Program Income

Applicant agrees to comply with all federal and state rules and regulations for program income and agrees to report all program income that is generated as a result of the project's activities. Applicant agrees to report program income through a formal grant adjustment and to secure PSO approval prior to use of the program income. Applicant agrees to use program income for allowable costs and agrees to expend program income immediately after PSO's approval of a grant adjustment and prior to requesting reimbursement of funds.

Deduction Method - Program income shall be deducted from total allowable costs to determine the net allowable costs. Program income shall be used for current costs unless PSO authorizes otherwise. Program income which the grantee did not anticipate at the time of the award shall be used to reduce the PSO award and grantee match rather than to increase the funds committed to the project.

Asset Seizures and Forfeitures - Program income from asset seizures and forfeitures is considered earned when the property has been adjudicated to the benefit of the plaintiff (e.g., law enforcement entity).

Program Requirements

Building and Sustaining Core Capabilities

1. All capabilities being built or sustained must have a clear link to one or more Core Capabilities in the National Preparedness Goal.
2. Many capabilities which support terrorism preparedness simultaneously support preparedness for other hazards. Grantees must demonstrate this dual-use quality for any activities implemented under this program that are not explicitly focused on terrorism preparedness. Activities implemented under SHSP must support terrorism preparedness by building or sustaining capabilities that relate to the prevention of, protection from, mitigation of, response to, and recovery from terrorism.
3. Funding should be used to sustain core capabilities. New capabilities should not be built at the expense of maintaining current and critically needed core capabilities. New capabilities must be aligned with capability targets and gaps identified through the THIRA/SPR process.

Mission Areas

The National Preparedness Goal organizes the core capabilities into the five mission areas:

- Prevention. Prevent, avoid or stop an imminent, threatened or actual act of terrorism.
- Protection. Protect our citizens, residents, visitors, and assets against the greatest threats and hazards in a manner that allows our interests, aspirations, and way of life to thrive.
- Mitigation. Reduce the loss of life and property by lessening the impact of future disasters.
- Response. Respond quickly to save lives, protect property and the environment, and meet basic human needs in the aftermath of a catastrophic incident.
- Recovery. Recover through a focus on the timely restoration, strengthening and revitalization of infrastructure, housing and a sustainable economy, as well as the health, social, cultural, historic and environmental fabric of communities affected by a catastrophic incident.

Nationwide Cyber Security Review

Grantees will be required to complete the Nationwide Cybersecurity Review (NCSR), enabling agencies to benchmark and measure progress of improving their cybersecurity posture. The Chief Information Officer (CIO), Chief Information Security Officer (CISO), or equivalent for each recipient agency should complete the NCSR. If there is no CIO or CISO, the most senior cybersecurity professional should complete the assessment. The NCSR is available at no cost to the user and takes approximately 2-3 hours to complete. For more information about the NCSR, visit: <https://www.cisecurity.org/ms-isac/services/ncsr/>.

LETPA

Law Enforcement Terrorism Prevention Activities (LETPA)

The state is responsible for ensuring that at least 35 percent (35%) of the combined HSGP funds allocated under SHSP and UASI are dedicated towards law enforcement terrorism prevention activities, as defined in 6 U.S.C. 607.

Grant projects must be consistent with the [Federal Emergency Management Agency \(FEMA\) Information Bulletin \(IB\) 412](#) which discusses eligible activities outlined in:

- a. The [National Prevention Framework](#);
- b. The [National Protection Framework](#) where capabilities are shared with the prevention mission area;
- c. Section 2006 of the [Homeland Security Act of 2002](#), as amended; and
- d. The [FY 2007 Homeland Security Grant Program Guidance and Application Kit](#).

Activities eligible for use of LETPA focused funds include but are not limited to: Maturation and enhancement of designated state and major Urban Area fusion centers, including information sharing and analysis, threat recognition, terrorist interdiction, and training/hiring of intelligence analysts. Coordination between fusion centers and other analytical and investigative efforts. Implementation and maintenance of the Nationwide Suspicious Activity Reporting (SAR) Initiative. Implementation of the "If You See Something, Say Something" campaign to raise public awareness of indicators of terrorism and terrorism-related crime and associated efforts to increase the sharing of information with public and private sector partners. Increased physical security, through law enforcement personnel and other protective measures, by implementing preventative and protective measures at critical infrastructure sites or at-risk nonprofit organizations.

Overall Certification

Each applicant agency must certify to the specific requirements detailed above as well as to comply with all requirements within the PSO Funding Announcement, the *Guide to Grants*, the *Grantee Conditions and Responsibilities*, any authorizing or applicable state and federal statutes and regulations to be eligible for this program.

X I certify to all of the application content and requirements.

Project Summary :

Briefly summarize the project, including proposed activities and intended impact.

The Multi-Agency Tactical Response Information eXchange (MATRIX), El Paso Fusion Center's project submission for FY24 State Homeland Security Program will focus on the sustainment, maintenance, and enhancement of the Center's Critical Operational Capabilities (COCs), Enabling Capabilities (ECs), and the mitigation of capability gaps in Region VIII's THIRA. With this focus, the project will further support the augmentation of the Fusion Center's infrastructure and its relationship with the US DHS, the National Network of Fusion Centers, and the Texas Joint Crime Information Center. The project will directly support the Texas Homeland Security Strategic Plan's 2021-2025 Goal 1 to prevent terrorist attacks and organized criminal activity in Texas and the National Preparedness Goals' (July 2021) core capabilities of Prevention and Mitigation. The project will directly maintain the Center's achieved abilities by sustainment of its current staff and systems and work to close the gap on capability deficiencies and target capabilities.

Problem Statement :

Provide a detailed account of the issues, threats or hazards that your project will target. For federal Homeland Security Grants, include specific references to the regional or state *Threat and Hazard Identification and Risk Assessment (THIRA)*, as applicable.

Pages 6 through 40, 46 - 48 & 52-54 of the 2023 RGCOG Region VIII THIRA list threats and hazards to the region: (1) Flood, (2) Hazmat Release-Chemical, (3) Wildfire, (4) Active-Shooter, (5) Chemical Attack, and (6) Radiological. The project priority will be on prevention and protection, which are also the key component of 12 of the center's 32 Core Capabilities. Intrinsically this focus spans all mission areas facilitating the ability to deliver actionable intelligence that mitigates the impact of these threats and hazards. The specific focus of this project is to prevent the degradation of the center's standing capabilities and provide enhancements to support the achievement of the Region's capability targets delineated on page 6 - 40, 46-48 & 52-54 of the THIRA. The project will accomplish this through sustainment of the center's key attributes that mitigate regional threats and deliver an increase in capabilities to achieve the THIRA's directed capability targets within the core capability areas of "Public Information and Warning," "Forensics and Attribution," "Intelligence and Information Sharing," "Interdiction and Disruption," and "Operational Communications." Moreover, an increase in capabilities that will expand the center's coverage and its ability to maintain situational acuity and provide timely and accurate information in all areas.

Existing Capability Levels :

Describe the existing capability levels, including resources that are currently in place to support this project prior to the use of grant funds.

The MATRIX Fusion Center is a federal and state-recognized fusion center and an integral part of the National Fusion Center Network. The Center is an essential resource in Region VIII's attainment of its capability targets and mitigation of

its threats and hazards. The MATRIX Fusion Center is a continuing project and has been since FY2007 receiving SHSP funding each year. As of the last published assessment, the center's existing capability levels met or exceeded the US DHS's prescribe baseline capabilities. In addition during the previous granting period(s) the MATRIX Fusion Center received and implemented a Gun Shot Detection System which enables the FUSION center to detect gun shots in REAL TIME. This technological addition aids the FUSION center to have early detection in effort to notify field deployment in real time in hopes of reducing potential loss of life and active shooter incidents. During this granting period, as FUSION recognizes the importance of continued collaboration and rapid response therefore, FUSION center has implemented an Alert notification system known as Ever bridge within its capabilities. This system has been incorporated to provide immediate notification to Federal Partners and Local Law Enforcement Agencies to alert them of ongoing critical incidents. The FUSION center during 2023 year created and implemented a Multi Agency Threat Assessment Team which is known as the El Paso Threat Assessment Team (EPTAT). EPTAT is specifically tailored to identify/mitigate & intervene with individuals who pose a Threat to Life risk within the community. In its early stages EPTAT has had seen early success's and has continued to expand with Local, State & Federal stakeholders. Expansion into seeking private sector partners will be EPTAT focal point this coming grant period.

Capability Gaps:

Describe the capability gaps which will be addressed by the project. For federal Homeland Security Grants, include specific references to the regional or statewide State Preparedness Report (SPR).

The project's activities will directly mitigate the 2023 RGCOG SPR capability gaps and provide the enhancements necessary to achieve the RGCOG Region VIII THIRA's capability targets. The project will accomplish this by increasing and sustaining funding in three areas: (1) As stated on 2023 RGCOG page 34-35, Maintain topic coverage as identified in the THIRA's capability targets and SPR's capability gaps; and, sustain funding of the existing four analysts to maintain current capabilities; (2) As stated on 2023 RGCOG Page 42-43, provide additional Risk and Disaster Resilience Assessment the All Hazards Mitigation Plans and the THIRA/SPR plans identify, assess, and prioritize threats and hazards that could potentially affect the region augment capabilities and achieve the THIRA targets and close identified SPR gaps; and, (3) As stated in 2023 RGCOG page 27, provide support for existing systems that will enhance the center's ability to gather intelligence and information, assess continuously, and develop reports and products for dissemination across Region VIII, the state, and the entire national fusion center network and intelligence community.

Impact Statement :

Describe the project goals/objectives and how this project will maintain capabilities or reduce capability gaps.

Strategy: This project supports the Information and Intelligence Sharing/Cooperation investment area, and will aid in preventing, preparing for, protecting against, and responding to acts of terrorism; help the State to meet its target capabilities; and otherwise reduce overall risk to the State by enhancing intelligence collection, integration, analysis, and information sharing capabilities and supporting cooperation among state, federal and local partners in all aspects of homeland security, such as counterterrorism, cybersecurity border security, immigration enforcement, and other areas critical to homeland security operations. In order to address the ever growing threat of Threat to Life the El Paso Fusion Center has assigned an Analyst that is solely dedicated to Threat to Life and has been working in conjunction with Local, State & Federal stakeholder on the El Paso Threat Assessment Team. Impact: This project will close Intelligence and Information Sharing capability gaps identified in the State's Stakeholder Preparedness Review (SPR) and addressed national priorities as outlined in the 2023 NOFO by helping with the execution of the intelligence cycle. Additionally by sharing threat information with priority intelligence stakeholder agencies in accordance with the intelligence cycle and all dissemination protocols. Improvement of this capability / progress towards the Capability Target identified in the SPR will be measured and evaluated through the SPR quantitative review process, which assesses capabilities built, sustained, or lost over time. Collaboration: The recipient is not aware of any existing logistical, technological, legal, policy, or other impediments to collaborating, networking, sharing information, cooperating, and fostering a culture of national preparedness. In the event that such an impediment should be identified, the recipient will actively coordinate with relevant partners to alleviate and/or eliminate the impediment. The recipient will continue to collaborate with all partners to prevent, prepare for, protect against, and respond to acts of terrorism; meet target capabilities; support the national security mission of DHS and other federal agencies; and otherwise reduce the overall risk to the high-risk urban area, the State, or the Nation. Performance: This project will directly sustain the Fusion Center's current capabilities and performance. We anticipate continued improvement in the quality and quantity of analytic production and responses to requests for information as a direct result of funding for this project.

Homeland Security Priority Actions:

Identify the Texas Homeland Security Priority Action most closely aligned with this project. Each Priority Action is linked with an *Objective from the Texas Homeland Security Strategic Plan (HSSP)*. List the Priority Action by number and text (e.g. 1.2.3 *Expand and enhance the network of human sources that can provide detailed and relevant information on known or suspected terrorist and criminal enterprises.*)

1.1.3 Enhance the state's capacity to identify, assess, monitor, and disrupt potential domestic terrorism and other mass casualty threats, particularly those that could impact special events, soft targets, and crowded places.

Target Group :

Identify the target group and population expected to benefit from this project.

Local, State, Tribal and Federal Law Enforcement Agencies in RGCOG Region VIII. Current effected population group is approximately 867,000 in El Paso County.

Long-Term Approach:

Describe how the applicant agency will maintain the capabilities supported by this project without additional federal or state funds. If sustainment is dependent upon federal or state grants, describe the ongoing need for future grants, as applicable.

With this funding, The El Paso Police Department will be able to maintain a more efficient and effective regional response level. With funding, the El Paso Police Department will continue to improve response capabilities and quality of service to the citizens of El Paso and RGCOG area of responsibility. Without this funding, the capabilities of the El Paso Police Department are diminished. Other funding including confiscated and general funds would need to be explored to maintain the current capability levels of the department. Federal and State grants enable the department to maintain its current level of response.

Project Activities Information**HSGP Instructions for Project Activity Selection**

Homeland Security Grant Program (HSGP) applicants should only select one project activity. The eGrants system will allow multiple selections, but each HSGP subrecipient project must fit into one and only one of the Investment Categories that are listed as project activities under the "Activity List".

Selected Project Activities:

ACTIVITY	PERCENTAGE:	DESCRIPTION
Information and Intelligence Sharing/Cooperation	100.00	The project's activities will consist of funding the salaries and benefits of the center's Crime Analysts (Personnel), two Senior Crime Analyst, and one Crime Analyst Manager(Personnel). Maintenance and support of the applications listed in this project's Contractual and Professional Services section of the budget. The activities also include funding for equipment to operate applications and travel funding to enhance analysts capabilities.

Resolution from Governing Body

Applications from nonprofit corporations, local units of governments, and other political subdivisions must include a [resolution](#) that contains the following:

1. Authorization by your governing body for the submission of the application to the Public Safety Office (PSO) that clearly identifies the name of the project for which funding is requested;
2. A commitment to provide all applicable matching funds;
3. A designation of the name and/or title of an authorized official who is given the authority to apply for, accept, reject, alter, or terminate a grant (Note: If a name is provided, you must update the PSO should the official change during the grant period.); and
4. A written assurance that, in the event of loss or misuse of grant funds, the governing body will return all funds to PSO.

Upon approval from your agency's governing body, upload the [approved](#) resolution to eGrants by going to the **Upload.Files** tab and following the instructions on Uploading eGrants Files.

Contract Compliance

Will PSO grant funds be used to support any contracts for professional services?

Select the appropriate response:

☒ Yes

☐ No

For applicant agencies that selected **Yes** above, describe how you will monitor the activities of the sub-contractor(s) for compliance with the contract provisions (including equipment purchases), deliverables, and all applicable statutes, rules, regulations, and guidelines governing this project.

Enter a description for monitoring contract compliance:

The City of El Paso, MATRIX – El Paso Fusion Center will monitor and assure that all contracts are executed in compliance with all applicable federal and state statutes, regulations, policies, guidelines and requirements, including, but not limited to, 2 CFR 200; the Texas Grant Management Standards and Title 1, Part 1, Chapter 3 of the Texas Administrative Code, that govern the application, acceptance and use of Federal and State funds for this project. The MATRIX - El Paso Fusion Center shall assign a project manager and information technology specialist to monitor and review the work and/or services performed by contract funded by these grant funds.

Lobbying

For applicant agencies requesting grant funds in excess of \$100,000, have any federally appropriated funds been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a member of Congress, an officer or employee of Congress, or an employee of a member of Congress in connection with the awarding of any federal contract, the making of any federal grant, the making of any federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any federal contract, grant loan, or cooperative agreement?

Select the appropriate response:

- ☐ Yes

Certification of Recipient Highly Compensated Officers – The Federal Funding Accountability and Transparency Act (FFATA) requires Prime Recipients (HSGD) to report the names and total compensation of each of the five most highly compensated officers (a.k.a. positions) of each sub recipient organization for the most recently completed fiscal year preceding the year in which the grant is awarded if the subrecipient answers **YES** to the **FIRST** statement but **NO** to the **SECOND** statement listed below.

In the sub recipient's preceding completed fiscal year, did the sub recipient receive: (1) 80 percent or more of its annual gross revenue from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements; AND (2) \$25,000,000 or more in annual gross revenue from Federal contracts (and subcontracts), loans, grants (and subgrants) and cooperative agreements?

☐ Yes

☒ No

Does the public have access to information about the compensation of the senior executives through periodic reports filed under Section 13(a) or 15(d) of the Securities Exchange Act of 1934 (15 U.S.C. 78m(a), 78o(d)) or Section 6104 of the Internal Revenue Code of 1986?

☐ Yes

☒ No

If you answered **YES** to the **FIRST** statement and **NO** to the **SECOND** statement, please provide the name and total compensation amount of each of the five most highly compensated officers (a.k.a. positions) within your agency for the current calendar year. If you answered NO to the first statement you are NOT required to provide the name and compensation amounts. NOTE: "Total compensation" means the complete pay package of each of the sub recipient's compensated officers, including all forms of money, benefits, services, and in-kind payments (see SEC Regulations: 17 CCR 229.402).

Section 2: Accounting System

The grantee organization must incorporate an accounting system that will track direct and indirect costs for the organization (general ledger) as well as direct and indirect costs by project (project ledger). The grantee must establish a time and effort system to track personnel costs by project. This should be reported on an hourly basis, or in increments of an hour.

Is there a list of your organization's accounts identified by a specific number (i.e., a general ledger of accounts)?

Select the appropriate response:

- ☐ Yes
☐ No

Does the accounting system include a project ledger to record expenditures for each Program by required budget cost categories?

Select the appropriate response:

- ☐ Yes
☐ No

Is there a timekeeping system that allows for grant personnel to identify activity and requires signatures by the employee and his or her supervisor?

Select the appropriate response:

- ☐ Yes
☐ No

If you answered 'No' to any question above in the Accounting System section, in the space provided below explain what action will be taken to ensure accountability.

Enter your explanation:

Section 3: Financial Capability

Grant agencies should prepare annual financial statements. At a minimum, current internal balance sheet and income statements are required. A balance sheet is a statement of financial position for a grant agency disclosing assets, liabilities, and retained earnings at a given point in time. An income statement is a summary of revenue and expenses for a grant agency during a fiscal year.

Has the grant agency undergone an independent audit?

Select the appropriate response:

- ☐ Yes
☐ No

Does the organization prepare financial statements at least annually?

Select the appropriate response:

- ☐ Yes
☐ No

According to the organization's most recent Audit or Balance Sheet, are the current total assets greater than the liabilities?
