Approval of this resolution allows Texas Gas Service to establish an energy efficiency program for the benefit of residential and commercial customers in select cities in its West Texas Service Area, including the City of El Paso. Program offerings include, but are not limited to, residential, new construction and commercial customer rebates, in addition to a low-income free appliance replacement program.

PRIOR COUNCIL ACTION:

Has the Council previously considered this item or a closely related one?

On October 15, 2020, TGS filed an Application to Implement Initial Rates for a Conservation Adjustment tariff ("Energy Efficiency Program") which would take effect on November 25, 2020. On November 23, 2020, the City Council suspended the proposed Energy Efficiency Program for 90 days after the effective day specified in the filing to allow TGS and the City to engage in discussion regarding program priorities and needs. Since that time and in line with City recommendations, TGS has amended its application to increase funding for the low-income free appliance replacement program, cap program administrative costs, and clarify filing requirements.
