BACKGROUND / DISCUSSION:

Discussion of the what, why, where, when, and how to enable Council to have reasonably complete description of he contemplated action. This should include attachment of bid tabulation, or ordinance or resolution if appropriate. What are the benefits to the City of this action? What are the citizen concerns?

Environmental Services manages franchises on behalf of the City issued to vendors that maintain waste containers on City rights of way (ROW). Franchisees pay a fee to the City for each container placed, usually at intersections of busy streets, and in turn, offer advertising space on the containers to their customers. Additionally, the City regulates temporary signs placed in City ROW, which are also often placed at busy intersections. A recurring issue of multiple temporary signs being placed around franchised waste containers has resulted in those advertisements being blocked from view. Therefore, a recommendation to prohibit temporary signs within 20 feet of an intersection or franchised waste container is being made to rectify this problem.
